DEMOCRATIC COUNTY CONVENTION, MAY 23.

The democrats of Montgomery county will meet in delegate convention at Crawfordsville on Saturday, May 23, 1896, at 10:00 o'clock a.m. for the purpose of nominating a ticket to be voted for in November.

The representation is as follows: Two votes to each township, and with the vote cast for Gov. Matthews in 1892 as a basis, one vote for the fraction thirteen or over. Each township will be entitled to the number shown below:

Coal Creek, 356 votes, 16 delegates.
Wayne, 316 votes, 15 delegates.
Ripley, 226 votes, 11 delegates.
Brown, 259 votes, 12 delegates.
Scott, 170 votes, 9 delegates.
Union, 1,372 votes, 57 delegates.
Madison, 185 votes, 9 delegates.
Sugar Creek, 120 votes, 7 delegates.
Franklin, 258 votes, 12 delegates.
Walnut, 227 votes, 11 delegates.
Clark, 349 votes, 16 delegates.
Total number of delegates, 176.

The several townships will meet on Saturday, April 25th, at the time and places designated below to select the number of delegates to which they are entitled:

Coal Creek, Center school house, 2:00 p.m.
Wayne, Waynetown, 2:00 p.m.
Ripley, Alamo, 2:00 p.m.
Brown, Brown's Valley, 2:00 p.m.
Scott, Center school house, 1:00 p.m.
Madison, Linden, 2:00 p.m.
Sugar Creek, Center school house, 1:00 p.m.

Franklin, Darlington, 2:00 p.m.
Walnut, Mace, 1:00 p.m.
Union, small court room, 2:00 p.m.

The nominations for the different offices will be made as follows:

Circuit Judge, Prosecuting Attorney, Representative, Clerk, Sheriff, Treasurer, Recorder, Assessor, Surveyor, Coroner, Commissioner 2nd district, Commissioner 3rd district.

By order of Committee.

R. F. BECK, TAYLOR THOMPSON
Secy. Chairman.

A CHANCE TO STRIKE.

For two or three years tax-payers in all parts of the city have complained loudly of increased taxation, and of the expenditure of vast sums of money for useless purposes. These complaints have arisen largely from the republican portion of the voters and large numbers of them have repeatedly asserted that they would defeat the men offering for re-election if possible, should they again offer. The time we beg to suggest, is near at hand when they have a chance to strike, when they can make their words good. Reynolds, Myers and Thomas are offering themselves for re-nomination. The men who have helped to raise your taxes from \$50 on the \$100 valuation to \$1,00, are asking you to re-elect them to these positions. The men who voted for the construction of the Wabash Avenue bridge at a cost to you of \$12,000, who voted for the purchase of the "Trilby" street roller at a cost of near \$4,000, and which requiring the services of an engineer and repairs upon it will stand to the tax-payers as much almost in two years as it first cost, the men voting for the curbing of Main street, and which has caused many property owners to borrow money to pay for it, want you to favor them again with your votes and continue them in the positions which have been so expensive to your interests heretofore. Have you noticed that from the time Reynolds and Myers were first installed into their positions the taxes began to increase and the city began to borrow money? Don't you remember when only a few years ago taxes were only 85 and 87 cents on the \$100? That was in the days before expensive bridges, Trilbys, etc., had been purchased. Re-elect these men and what could you naturally expect? Further expenditures and many senseless improvements with continued increased taxation will be the rule. If after the fierce denunciations often heard of these men at the hands of men of their own party, they re-elect them then their inconsistency will be thoroughly seen. Their own party can defeat them or re-elect them and no other party can do either. In city matters sensible men will drop their politics and think more of their pocket books.

AGAIN the talk is revived of running Cleveland for the nomination for president on the democratic ticket this year. It is all talk and nothing more. He without much effort at thinking would know that he would be defeated by a majority that would appeal him. He would know that the sentiment in his favor would be solely from Wall street and present democratic office holders, and that he is extremely unpopular with nine-tenths of the party of the country. It is all talk as has been said and nothing more.

THE street roller "Trilby" has already cost the city for its purchase \$3,800. How much will it cost in two years for engineer, repairs, etc. Two law suits against the city have already arisen from it. Remember the present city council bought the thing, and some of its members are seeking a re-nomination.

PROHIBITION STATE TICKET.

The prohibitionists of the State to the number of 400 or 500 met at Indianapolis, the 28th, went through the monkey performance of nominating a State ticket. They can do the same thing for the next 100 years and not get much, if any, nearer succeeding in getting a majority of the people to think and vote their way. It seems to do them good to go through this farce occasionally, and as no particular harm results from it no one will complain how often they put up a State ticket. They know, or the best thinking portion of them do, that with their present tenets they never can succeed. Their ideas and principles are not practical, but are repugnant to a greater portion of the American people. Men who are prohibitionists from principle and have been all their lives will not vote and act with these people. They consider that the ideas and practices of these prohibitionists strike at one of the main foundations upon which this government is founded—the right to think and act for themselves and entire freedom of conduct in what they shall eat or drink. The prohibitionists can never attain to the power of either of the other two parties. The people do not want them.

WAR TALK.

This week the daily papers have contained much relating to the probable war with Spain, resulting from the loud talk in the Senate over the Cuban difficulties in which sympathy was expressed for the insurgents in their struggles against the Spaniards. The Spanish are execrable people, and may do and say many foolish things, but they do not desire, we consider on reflection, a war with this country in which they would most assuredly lose Cuba, their only possession on this continent.

There will be no war with Spain. Like the late war talk regarding the Monroe doctrine with England, and that of Chili during Harrison's administration, it will end in smoke. Those so anxious for war should take sides in some conflict in other parts of the world than this. This country has had its share of war for a long time to come, and should engage in none unless absolutely compelled to.

SILVER REPUBLICAN SENTIMENT

From reports it is evident that the gold standard delegates to the St. Louis republican convention are not going to have matters altogether their way. There will be silver men there, and they are proposing to be heard. Political trimmers under the control of the gold bugs of the party may scheme to suppress the silver sentiment of the party at the convention, but their success is very doubtful. They, as well as thousands of silver men in the democratic party do not propose that Wall street shall dictate the sole financial policy of this government and reap all the benefits arising therefrom.

SOMETHING should be done to head off those pious fools known as "Christian Scientists," of which we hear occasionally in many localities. In sickness these people absolutely refuse medicine or the skill of a physician, saying that prayer and supplication will cure them. It has failed to cure them in many instances where the first attack of a malady could have easily been repelled and the sick person cured. The "Scientists" are extreme fanatics of the worst sort and many lives have been sacrificed to their fanaticism and bigotry. Asylums for the insane are the proper places for these people, at least it is at this time the most proper place for them.

THAT BRIDGE.

Reliable parties who seem to know about the facts and figures regarding the cost of the bridge over the Monon road on east Wabash avenue, ordered by this republican city council, say that the actual cost from start to finish, and not including the stone which the railway company furnished, was over \$12,000. If correct, it was and is an outrage upon the tax-payers. We ask any citizen who pays taxes if he has any desire to re-elect any such men to council who manage affairs of the city as this bridge business was?

PLATT, Quay and Clarkson, the republican bosses, are beginning to make it interesting to the friends of McKinley. These bosses know the proper machinery to move and how to move, while the McKinley followers have hardly learned their first lesson in political scheming. Although these bosses were defeated in their wishes four years ago at Minneapolis, it is not at all probable that it can be done again, and as all of them are opposed to McKinley, his friends will have all they can do to secure his nomination.

DURING the sessions of farmers' institutes through the State, say Jimmy Mount is reported to be getting in much good quiet engineering work among the granger element of the party and his opponents will be much surprised at the strength he will develop at the convention. He wants to be Governor and he wants the position bad, and if he don't get the nomination, why in two years from now he will be a candidate for something else. He generally is.

It pays to trade at the Big Store.

EXPEL THEM

In several cities of the west where colleges are located the conduct of students was on Washington's birthday anniversary loud, boisterous and often unlawful. In one college a student was killed during a fight among the classes. Former students of colleges who have gone out in the world, and have dropped college ways and manners, will very generally agree that the way to treat the students' quarrels and class wrangles is solely by the heroic method. Expel the students promptly for unlawful conduct, and don't treat them as if they were nursing infants, but bounce them promptly. Army discipline should be at all times enforced. In the long run it will be better both for the college and the student that rigid rules be enforced. This might make parents and guardians feel bad, but they will recover from it, and the college that has the most rigid rules graduates the best students and the best future citizens.

THE Wabash avenue bridge will cost the city about \$12,000. This does not include the stone which the Monon gave to the city. Instead of compelling the railroad to build the entire structure, as they could have been forced to do, the present council let them off from any expense aside from the one, then force the tax-payers to foot all the other bills. That is a brilliant council in the way of looking after the people's interests, is it not?

REPUBLICANS are making a great outcry over the fact that there was an increase of dutiable imports last year. The dutiable imports in 1894 were \$257,645,703, and last year they amounted to \$416,323,857. But last year's dutiable imports were less than the average for eight years prior to 1894, under the "protection" regime. So there is no reason for growling. In 1890 they were \$91,000,000 more than last year.

Is the present city council in four years time can succeed in raising the city taxes from 85 cents to \$1.00 what will your taxes be in four years more with the men now wanting a re-nomination, in office at the end of that time? You who esteem your pocket books of as much or more interest to you than your politics, will do well to think on the increased taxation that this present council has put upon you.

REPUBLICANS in the city should remember if they place those men back in the city council for four years more who now occupy positions of councilmen, they have no one to blame but themselves for increased taxation and mismanagement of city affairs. They hold the winning hand and always have in the city elections, and are solely responsible for the quality of men elected as councilmen.

Deafness Cannot be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Thousands have tested the great building-up power of Hood's Sarsaparilla and have found renewed strength, vigor and vitality in its use.

Taken in Time

Hood's Sarsaparilla has achieved great success warding off sickness which, if allowed to progress would have undermined the whole system and given disease a strong foothold to cause much suffering and even threaten death. Another important point about Hood's Sarsaparilla is that its cures are permanent, because they start from the solid foundation of purified, vitalized and enriched blood. But it is not what we say but what Hood's Sarsaparilla does that tells the story.

It is estimated that 232,000,000 feet will be the cut of lumber in New Hampshire this winter.
