DISCUSS POLITICS.

AMUSEMENT FURNISHED IN THE HOUSE.

Respective Politics of the Two Great Parties Attacked and Defended—Senator Call Offers a Radical Cuban Resolution—General Capital News.

Washington, April 2.—The house on Wednesday practically completed the consideration of the sundry civil bill. In the course of a debate on an amendment to appropriate \$75,000 for commencing the erection of a new military post at Spokane, Wash., Mr. Cannon, the chairman of the appropriation committee, made an appeal for economy on the ground that the condition of the treasury was such that no new project should be entered upon by this congress. He was supported in his appeal by Mr. Grosvenor (D.), who insisted that the necessities of the situation must govern. He called attention to the fact that the receipts under the present tariff law for the first nineteen months were \$181,900,000, over \$76,000,000 below the expenditures and contrasted the receipts under that law with the receipts under the law of 1890, when they aggregated \$560,000,000 for the first nineteen months. He said prosperity to the treasury and to the people would not come so long as the present tariff law remained on the statute books.

Mr. Patterson (Rep., Tenn.) replied to Mr. Grosvenor and a political controversy between the two gentlemen took place, which greatly amused the house. Later, Mr. Bowers (Rep., Cal.), an ardent free-silver republican, renewed the merriment by resenting the attacks made by the manufacturers of Philadelphia and the gold press on the silver republicans, and offered a series of farcical resolutions to the effect that the "silver cranks" should be expelled from congress.

Increase in Immigration.

Washington, April 2.—The immigration officials are somewhat disturbed at the present enormous increase in immigration. During February the number of arrivals at New York aggregated 11,822, an increase of about 65 per cent over the arrivals during February, 1895. Dr. Seamer, the immigration commissioner at New York, states that there were 881 barred and detained immigrants kept at the Ellis Island station last Monday night, which taxed the accommodation to the utmost. The class now coming to this country is said to be altogether undesirable, even while entitled to admission under a strict construction of the immigration laws.

After an interment of over sixty years, the remains of Mrs. Williamson Dunn, one of the first settlers of Crawfordsville, were taken up from the grave in Old Town cemetery and shipped to Madison, Ind. Her husband was a government official here at the first settlement of Crawfordsville.

Eld. E. T. Lane and family left on Wednesday morning for their home on the farm near Bainbridge, Putnam county, where they will remain until fall, and then locate in Greencastle, that Henry and Mary may enter DePauw College. All Lebanon and vicinity bid his excellent family a tearful good-bye. The good that they have done will live after them.—Lebanon Pioneer.

The new artificial ice plant begins the manufacture of ice this week, and will be ready to at once supply customers with the cooling article. It would seem like we are to have ice this summer at very low rates. Martin & Son advertise to supply customers by the week, ten pounds per day, at 25 cents. This is lower than it has ever been sold here before.

ask

your doctor. The doctors approve of **Scott's Emulsion**.

For whom? For men and women who are weak, when they should be strong; for babies and children who are thin, when they should be fat; for all who get no nourishment from their food. Poor blood is starved blood. Consumption and Scrofula never come without this starvation. And nothing is better for starved blood than cod-liver oil.

Scott's Emulsion is cod-liver oil with the fish-fat taste taken out.

SCOTT'S EMULSION has been endorsed by the medical profession for twenty years. (Ask your doctor.) This is because it is always the same—always uniform—always contains the purest Norwegian Cod-liver Oil and Hypophosphites.

Put up in 50 cent and \$1.00 sizes. The small size may be enough to cure your cough or help your baby.
