UNION TOWNSHIP DEMOCRATS

Call to Select Delegates to the State,
Congressional and Joint Sen-
atorial Convention.

The democrats and those wishing to
meet with them, of Union township,
will assemble in the large court room
on Saturday, June 20, at 2 o'clock p. m.,
for the purpose of selecting nine dele-
gates to the State convention to be held
on June 24 and nine delegates to the
congressional convention to be held at
Frankfort on July 30, also thirteen dele-
gates to the joint senatorial convention
to be held at Frankfort on the same day.
Upon the same day precinct commit-
tees will be chosen to fill vacancies.
CHARLES A. BOWERS, Chairman.

SUCCINCTLY STATED.

Concerning the very much discussed
financial question, and the silver fea-
ture of it, we have never seen the truth
regarding it more accurately and suc-
cinctly stated in a few lines than that
from the pen of Prof. Ridpath, the his-
torian. Don't fail to read it carefully.
Here it is:

"There is just one great question be-
fore the American people and that is
whether they will be compelled by the
international gold conspiracy, having its
bifurcations in London and New York,
to transact their business, and in particu-
lar to pay their debts with a cornered
dollar worth two for one, fraudulently
substituted for the dollar of the law and
the contract, or whether they—the peo-
ple—will reclaim their right to transact
their business and pay their debts ac-
cording to the terms of the contract and
according to justice.

A GREAT FALSEHOOD.

"It is said by the emissaries of the
gold propaganda that they who advo-
cate the restoration of our coinage and
money to the exact condition which it
held prior to the act of 1873 are dishon-
est; that they wish to coin 50 cents'
worth of silver into a dollar and compel
creditors to accept that in lieu of an hon-
est dollar. Then this, there never was a
greater sophism and falsehood. What
the people desire, and what they intend
to do, is to coin a hundred cents' worth
of silver, that is a dollar's worth—that is
371 1/4 grains of silver—into a dollar, and
by that act to break the corner of gold
and reduce the exaggerated purchasing
power of that metal to its normal stand-
ard.

"If any man shall dare say that 371 1/4
grains of pure silver are not a dollar's
worth let him be challenged with the
question whether that amount of un-
coined silver will not purchase as much
of the average of twenty-five of the
great staples of the American mar-
ket, including real estate and labor, as
the same silver would purchase 25 years
ago. Let him answer that truly or for-
ever afterward hold his peace. As a
matter of fact the uncoined silver in the
American dollar will buy more of the
average of our great staples than the
same would buy in 1875."

THIS CONGRESS.

The present Congress which has
about closed its career will in after
years be remembered as one of the most
useless, worthless and extravagant
known for the past quarter of a century.
Rank partisanship, expensive appropri-
ations, and a do-nothing policy, have
distinguished it from the start. To per-
petuate the republican party, to run its
hands into the U. S. Treasury and take
from it wrongfully millions of money for
useless purposes have been its distin-
guishing features.

THE Harrison-New republican crowd
seems to be fast going down the road to
obscurity politically. At St. Louis they
cut a very small figure compared to four
years ago, being vastly overshadowed
by the Ohio republican leaders. The
leaves and fishes to the Hoosier crowd
seem destined to be few for some time
to come.

CANDIDATES ON THE STATE TICKET.

The democratic State convention as-
sembled at Indianapolis on June 24th.
There seems to be no doubt about the
democratic State convention de-lar-
ing for free silver, and three-fourths of the
voters of the State are for free silver.
Candidates for positions on the State
ticket are springing up on every hand.
Among the available candidates up to
date, who have announced themselves,
or are being urged by their friends to
make the race, are:

Governor—B. F. Shively, South Bend;
J. G. Shanklin, Evansville; Judge Zol-
lars, Ft. Wayne; A. G. Smith, Indianap-
olis; W. D. Bynum, Indianapolis.
Lieutenant-Governor—D. F. Allen,
Frankfort.

Secretary of State—C. W. Welman,
Sullivan; J. G. Offut, Trafalgar, John-
son county; Mason Niblack, Vincennes.
Auditor of State—Wm. Ernst, Wells
county; Joseph Fanning, Indianapolis;
George W. Duke, Kokomo; C. H. Allen,
Anderson.

Attorney-General—Marion Griffith,
Vevay; C. J. Kolmyer, Columbus.

Treasurer—Morgan Chandler, Han-
cock county.

Superintendent of Public Instruction—
C. W. Thomas, Harrison county.

Reporter of Supreme Court—Sydney
R. Moon, of Fulton.

INDIANA CENTENNIAL.

A few persons are urging a centennial
in Indiana, the festivities and exposition
to take place in Indianapolis in 1900
for some months, the idea being to ad-
vertise and advance the interests of the
State. The legislature will be asked to
appropriate a good big sum of money of
the State to aid the undertaking. Al-
most all "public welfare" undertak-
ings are proposed to advance some pri-
vate interests that are kept in the back-
ground until the thing is well under
way, and it may be well suspected that
that is the object of this proposed
"centennial"—somebody or bodies have
private axes that need grinding. Where
Indiana, considering its name, reputa-
tion and known advantages, is to be par-
ticularly benefited by a "centennial" ex-
position is not apparent to most persons
living outside the State capital. If those
urging the matter will come down right
heavily themselves with the cash in-
stead of asking the tax-payers to do so,
their sincerity in the matter may not be
so strongly questioned. The State needs
no "centennial," as it would not greatly
forward her interests.

WHAT HE WOULD RECEIVE.

The salary of the Governor of Indiana
is \$5,000 per year and free house rent, or
\$20,000 a term. By the time Mount gets
through paying campaign assessments
and paying for receptions, etc., how
much, if elected Governor, will he have
at the end of the term? It's lots of fun,
a small amount of glory, but at the
same time very expensive. The amount
candidates on the State ticket are re-
quired to pay to help meet campaign
expenses is quite large, but generally a
private matter and is kept from the pub-
lic. Now on top of this is the uncer-
tainty of election, and in this case
Mount has no certainty whatever, and to
suffer defeat and the expenditure of all
this cash would, most persons would
think, make his dreams of future glory
anything but pleasant, peaceful and se-
rene.

The entire amount of gold money in
the world is not equal to five dollars to
each inhabitant of the countries that
use gold money. The entire annual pro-
duction of gold, if it was all coined is
about sufficient to give each of such
inhabitants twenty cents. Does any
sane man believe that this is sufficient
money, or money supply to keep up
with the demands of business and the
increase of population, wealth and busi-
ness? It is so palpably insufficient that
everybody ought to be able to see it.
The total amount of both gold and silver
money in the world is less than eight
billion dollars, while the total popula-
tion is about one and a half billions,
making a little over five dollars per
capita, counting token money, fifty cent
dollar and all.

THE FREE SILVER DELEGATES.

Reports received at the headquarters
of the free silver democrats at Indianap-
olis this week show that there have not
been one-third of the delegates to the
democratic State convention selected,
and of these not more than one-fourth
are for sound money. The county of
Spencer is the only one that has in-
structed for the gold standard, but a
number of townships which selected
delegates as such, have not made the
question an issue, and some sound
money men have been chosen on the
State delegation. The managers esti-
mate that of the 500 delegates already
selected less than 100 will support the
gold standard or men for nominations
who are supposed to lean thereto.

Now that the St. Louis convention
has spoken out on the money question,
our neighbor of the Journal is at liberty
to express his sentiments and inform
the public whether he is for the gold
dollar or the silver, or both. Heretofore
the public have been in doubt on the
question, the editor perhaps not having
made up his mind on the subject,
but silence is no longer necessary.

DID NOT WANT COLORED PAT- RONS.

At the republican national conven-
tion at St. Louis this week almost all of
the hotels, restaurants and boarding
houses of the city, declined to entertain
colored delegates, or their friends, and
it was difficult for a time for many of
them to find stopping places. The feel-
ing toward colored people as expressed
at St. Louis is only that held by their
pretended party friends, the republican
everywhere. Colored men are needed
simply by the party to aid them in car-
rying on political warfare against the
democrats. It is not intended that they
shall occupy high places in the party, to
hold responsible political positions, but
just simply as party tools. Socially, the
party with all its pretended interest in
the colored man's welfare, really at
heart despises him and has no use for
him outside his voting capacity or influ-
ence. The St. Louis incident confirms
this, which is only one of many hereto-
fore manifested, and it is surely time in-
telligent colored men should see this
and act accordingly.

TARIFF METHODS.

McKinley, the ideal protectionist, be-
ing now nominated for the presidency
by the republicans, all the leading man-
ufacturers of the country favoring tariff
will be expected to come down hand-
somely with funds to pay campaign ex-
penses. They will do it of course, ex-
pecting to make it all back off the peo-
ple hereafter. The corruption of voters
in former campaigns will not be "a drop
in the bucket" compared to what may
be expected this year. Such are repub-
lican methods; such they have ever
been and will continue to be until the
American people arise and crush the
corrupt schemers.

Hessing, Cleveland's postmaster at
Chicago, has announced that if the na-
tional democratic convention adopts a
silver platform he will bolt. It is quite
probable the party will survive if he
does, and if even a thousand cuckoo
postmasters do the same thing. The
party fortunately is not composed of of-
fice seekers, who are afraid almost to
open their mouths for fear of losing po-
sitions. In advance they should com-
mence to withdraw from the party now
for a silver platform will be the only
one adopted at Chicago.

CANDIDATE AT CHICAGO CON- VENTION.

There are four probable candidates at
the Chicago convention, viz.: Mat-
thews, of Indiana, Stephenson, of Illi-
nois, Bois, of Iowa, and Bland, of Mis-
souri. The general belief, we observe,
is that Stephenson or Matthews will be
selected.

Thus far the Fairbanks-Gowdy fac-
tion have the inside track in the race
for spoils in the republican party, while
the Harrison-New crowd seem anything
but successful thus far in the political
fight this year. It is indeed sad to see
the failure of our republican brethren to
dwell together this year in harmony.

AND the hungry office-seekers of the
republican party all over the country
are beginning to make pilgrimages to
Canton, Ohio, the home of McKinley.
The "original McKinley man" of Mont-
gomery county has not started, but will
soon. Several carloads of him may be
expected to go.

It must be of the silence that is golden
of which our neighbor of the Jour-
nal seems to have heretofore been pos-
sessed on matters of finance. The St.
Louis convention having spoken out in
favor of a gold standard the silence of
our neighbor is no longer necessary.
