THE GOVERNOR AND LYNCH LAW.

Five men were taken from the jail at Versailles, Ind., last week and hung by a mob of 300 men residing in the county. The men hung had been guilty of all sorts of crime in the county for years past and had kept the locality in a state of terror for a long time. Gov. Mount on learning of this was loud in his language denouncing the work of the mob, sent a man down there to investigate all the circumstances, and said the men engaged in this work of lynch law must be brought before the courts of justice and punished; if the whole power of the State had to be brought into operation. This is "all rabbit," as the expression goes. Hovey, Williams, Matthews and all the Governors of the State have said and done about the same thing whenever the work of a mob was made manifest by the hanging of some outlaws. There have been a score or more of lynching affairs in Indiana within as many years and none of the men engaged in them were apprehended, and never will be. A dozen such affairs have happened in two or three counties in Indiana, but nobody was ever punished for it. This little sputtering of Gov. Mount will amount to nothing. He is simply following out the precedents of former Governors. Wouldn't he have a nice time in punishing the 300 men reported to have been engaged in the affair at Versailles last week. The 300 men engaged in the killing of these five men are simply murderers, and deserve a murderer's doom, but it would appear to be an enormous job to arrest, convict and hang the entire crowd. Nothing will come from all this bluster of the Governor, but Ripley county will undoubtedly be a healthier locality to live in than formerly.

COAL OPERATORS.

The coal operators of this country afford a very fitting instance of sowing the wind to reap the whirlwind. The operators and owners of coal mines have for years made it a point to secure the cheapest labor from the lowest foreign element of Europe, to the financial injury of ordinary American laborers. What work an American to live decently would demand \$1.50 per day for the cheap Hungarian or Pole, living like a hog, would do for \$1.00 in the coal mines. It matters not to the coal operator what the effect would be to the general public so he had his work done cheap and enriched himself. But cheap labor is frequently unreliable and is proving so now. The foreigners are often very lawless, create strikes, destroy property, jeopardize human life and make the coal mining business dull, uncertain and unreliable. It is questionable if the business has paid a profit in some years. It has added a very undesirable population to the country, besides a dangerous one. All this comes about from the grasping propensities of mine operators. So long as mines are worked by the class that now delve in them so long will there be strikes, riot and danger to human life. The public is nauseated from year to year with reports of troubles at coal mines. The business needs reorganizing from top to bottom, and the first attempt in that direction should be to pay decent wages and employ native laborers for the work.

Depression of Spirits

so common in summer-time, accompanied by loss of energy, lack of thought-power, means a deficient supply of nourishment. The vital force is lost. It isn't a question of muscle and sinew, but of resistance and endurance. At any age, but especially in youth, it involves the risk of lung disease. Loss of flesh and a cough are threatening signs.

Scott's Emulsion

of Cod-liver Oil, with the hypophosphites, meets these cases perfectly. It tones up, fattens and strengthens.

In Scott's Emulsion the taste of the oil is fully disguised, making it almost as palatable as milk.

For sale at 50c. and \$1.00 by all druggists.
SCOTT & BOWNE, Mfg. Chemists, New York

Col. A. L. CONGER, one of the best known republicans in Ohio, has joined the revolt against Hanna's methods in that State. In a recent interview Col. Conger said:

"I have been at work for the republican party for the past thirty years, and never before have I witnessed such open brutality in American politics as that displayed by the methods now used in Ohio. I never voted the democratic ticket in my life. The people in Ohio will bear testimony to my faithful service, but the republicans should unite, as our forefathers did in early days, in throwing off the yoke of oppression and there is no other way to do that now except for republicans to vote squarely for Gov. Bushnell's election and the democratic nominees for house and senate."

THANKS AND A GOLD MEDAL.

If some one in the field of literature could invent something new in "Resolutions of Condolence" and obituary notices he would certainly be entitled to the thanks and a gold medal from the reading public. After reading the expressions "We bow in humble submission to his Divine will," "Our loss is his gain," "We tender our deepest sympathy to his widow in this her hour of bereavement," and many more similar old chestnuts 700 times, they become decidedly stale, and the demand is for something new and not so threadbare. The whole thing, however, is a traditional humbug, and so far as the general public is concerned might be omitted altogether.

RETALIATORY TARIFF.

One of the beauties of the present Dingley tariff law is the retaliatory measures adopted by other countries to even up with this. The Argentine Republic has raised the duty on most American imports 100 per cent. The Studebaker wagon works and Oliver chisel plow works, of South Bend, are compelled to withdraw their business on account of the import laws of that country.

AFTER learning of the pardon of Coffin, one of the wreckers of the Indianapolis National bank, old man Haughey, who is still "doing time" in the penitentiary for the same offense, will not have to ask which one of "the boys I am?" He knows now.

Catarrh Cannot be Cured

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

F. J. CHENEY & CO., Toledo, O.
Sold by druggists, price 75c.

When metal is intensely cold it seems to burn the hand, and a Hungarian has undertaken to cook food with sixty degrees of frost.

When your stomach begins to trouble you, it needs help. The help it needs, is to digest your food, and, until it gets it, you won't have any peace. Stomach trouble is very distressing, very obstinate, very dangerous. Many of the most dangerous diseases begin with simple indigestion. The reason is that indigestion (not-digestion, not nourishment) weakens the system and allows disease germs to attack it. The antidote is Shaker Digestive Cordial, strengthening nourishing, curative. It cures indigestion and renews strength and health. It does this by strengthening the stomach, by helping to digest your food. It nourishes you. Shaker Digestive Cordial is made of pure herbs, plants and wine, is perfectly harmless and will certainly cure all genuine stomach trouble. Sold by druggist, price 10 cents to \$1.00 per bottle.

Very Gratifying Result.

"I have taken several bottles of Hood's Sarsaparilla and find there is nothing like it for tired women with aching heads. It will also bring the roses to the pale cheeks of the little ones. We have been very much gratified with the results obtained from Hood's Sarsaparilla." MRS. J. ACKERMAN, rear 179 N. California St., Indianapolis, Indiana.

Hoops Pills are the favorite cathartic.

"SHE DRESSES WELL"

But Her Clothes Often Cover a Living Death.

Beauty Is the Shrine of Men's Worship and Women Vie With Each Other to Make Themselves Attractive.

The remark, "She dresses elegantly," is a very common one in this age of wealth and progress.

Women vie with each other in making themselves attractive, for men admire a stylishly dressed woman.

Good clothes add to the charms of the woman in perfect health, but are ill-befitting those who through ignorance or carelessness have suffered the inroads of female diseases to stamp them as physical wrecks. It is unfortunate, but true, that some physicians allow women to suffer needlessly, because man can only work from theory, and at best only patch up, without removing the cause.

Proof is abundant that Lydia E. Pinkham's Vegetable Compound removes the cause, gives strength to the weakened organs, vigorous health to the system, and therefore beauty to the face and form.

Mrs. Pinkham, Lynn, Mass., gladly answers, free of charge all letters.

Here is one of the results:

"Three months ago, I wrote you a letter describing my troubles, which were inflammation of the womb and bladder. I had not seen a well day since the birth of my second child, 16 years ago. I had spent hundreds of dollars for doctors and medicines.

"Such pains as I endured. My back ached, my feet and limbs were swollen, and it was almost impossible for me to stand; I could not walk any distance. I received your answer to my letter, and followed closely all your advice, and I have been using Lydia E. Pinkham's Compound for three months. Now I can work all day without pain. I have recommended the Compound to many of my friends, and gladly recommend it to all women in any way afflicted with female troubles."—LYDIA BATTIE, 227 Spring St., Greensburg, Pa.

Make the Most of Yourself.

It is the duty of every man to make the most of himself. Whatever his capacities may be, he is sure to find some place where he can be useful to himself and to others. But he cannot reach his highest usefulness without good health and he cannot have good health without pure blood. The blood circulates to every organ and tissue and when it is pure, rich and healthy it carries health to the entire system, but if it is impure it scatters disease wherever it flows. Hood's Sarsaparilla is the one true blood purifier. It cures salt rheum, scrofula, catarrh, dyspepsia and rheumatism because these diseases have their origin in the blood.

Sweden exported in 1895 wood worth 118,000,000 crowns, iron and steel worth 6,600,000, tools and machinery worth 6,500,000.

To give you an opportunity of testing the great merit of Ely's Cream Balm the most reliable cure for catarrh and cold in the head, a generous 10 cent trial size can be had of your druggist or we mail it for 10 cents. Full size 50 cents. ELY BROS., 59 Warren St., N. Y. City.

It is the medicine above all others for catarrh, and is worth its weight in gold. I can use Ely's Cream Balm with safety and it does all that it claimed for it.—B. W. Sperry, Hartford, Conn.

A Waterville (Me.) man is reported blind as the result of swallowing a piece of tobacco he was chewing.

The proper way to build health is to make the blood rich and pure by taking Hood's Sarsaparilla, the one true blood purifier.
