### A Padlocked Heart.

How many  
women lock  
their troubles  
and sufferings  
in their own  
hearts and sil-  
ently endure  
misery and  
pain which  
would cause  
strong men to  
cry out in  
agony.

The suffer-  
ings of women are more  
than half unknown and un-  
appreciated. The refined  
sensitiveness of their or-  
ganism lays them liable to  
a thousand exquisite tortures which a  
coarser nature can never experience or  
comprehend.

The least derangement or disorder of the  
delicate special organism of their sex over-  
whelms the whole physical and mental be-  
ing with weakness and wretchedness.

But it is a mistake to suffer these troubles  
in silence. They may be cured in the per-  
fect privacy of home without the repugnant  
order of examinations and "local treat-  
ment," which the family doctor is sure to  
insist upon.

No physician in the world has had a wider  
or more successful experience in the treat-  
ment of woman's diseases than Dr. R. V.  
Pierce, chief consulting physician to the  
Invalids' Club and Surgical Institute, of  
Buffalo, N. Y. His "Favorite Prescription"  
is a positive cure for the most obstinate and  
complicated female diseases.

It is the only medicine of its kind pre-  
pared by an educated, skilled physician.  
Mr. J. F. Sneed, of Omen, Texas, writes: "My  
wife was badly afflicted with female weakness.  
We tried three of the best physicians in the  
country without benefit, but at great expense.  
My wife grew worse, and we gave up in de-  
spair. She could not get in and out of doors  
without help, was not able to stand on her feet  
long at a time, complained of dragging down  
pains in abdomen. Nothing but an untimely  
death seemed awaiting her, when I happily  
thought—the name of Dr. Pierce came to my  
mind. I wrote to Dr. Pierce for his advice,  
followed it, my wife improved perceptibly from  
the first two weeks' treatment, continued the  
treatment six months, and pronounced the cure  
complete, at a cost of less than one month's treat-  
ment by the last physician we employed before  
consulting Dr. Pierce. She used Dr. Pierce's Fa-  
vorite Prescription and the lotions recommended  
by him. It has been two years since, and the  
good effect is permanent."

Germany, only a third of its inhabi-

Men and women—how gratefully they  
write about Hood's Sarsaparilla. Once  
helpless and discouraged, having lost  
all faith in medicines, now in good  
health and "able to do my own work,"

to enrich and purify the blood and

### Again Reported Sold.

The reported sale of Crawford's two  
streaks of rust, known as the Midland  
and running through the south part of  
the county, is again flying around.  
The Lebanon Reporter says:

"Locally the feeling is prevalent that  
the deal has already been made and  
that the Monon is scheduled to take  
possession Friday. A Monon man, who  
has given the matter considerable at-  
tention, says the Chicago & Southeast-  
ern is doing a first class freight business  
and is turning over to his road a great  
deal of freight. He declares, also, that  
the road is making money. He says  
that if the Monon had not arrange-  
ments to get the old Midland, that the  
Big Four in time would have secured  
it as that road would prefer to send its  
freight from Anderson and other points  
direct to Lebanon, instead of bringing  
by way of Indianapolis."

## A Painful Humor

On the Ankle Spread to the Knee  
and Developed into Boils--No  
Trouble Since Taking Hood's.

"I was troubled with a disagreeable  
itching on one of my ankles. In time it  
developed into boils of which I had five or  
six at a time. The humor spread from  
my ankle to my knee and was very painful.  
It baffled the skill of physicians. For  
weeks I could not bear my weight on this  
foot. An abscess formed and was lanced  
and the humor broke out on my other  
ankle and threatened to repeat my former  
experience. Hood's Sarsaparilla attracted  
my attention and I began taking it. In six  
weeks I was better, and began to hope for  
a permanent cure. I took Hood's Sarsa-  
parilla six months and was entirely cured.  
I have had no trouble with humor since  
that time." Mrs. M. B. MACINTOSH,
