## WINGATE.

Roads good.  
Plenty of corn haulers.  
Gerard Rife is on the sick list.  
News is as scarce as prosperity.  
We have had eleven snows this winter.  
Wm. Coons is preparing to build a new barn.  
Wonder why Harrison Clough don't come to town?  
John Santeber is home from Lafayette on a visit.  
Vas and Lum Westfall did business here this week.  
Uncle John Doran attended the funeral at Center.  
What's the matter with the Vancleave meas shop?  
James Vancleave is the happiest man in town—a ten pound boy.  
Dr. Vancleave will go to Chicago soon to attend medical lectures.  
John and Al Coney visited their mother at this place this week.  
John W. Wingate has gone to Indianapolis to look after confidence.  
Henry Rason has moved back to Bristol Ridge, and says he wants to be supervisor.  
There will be a lecture here next Monday night. Subject: "The Preacher's Bad Boy."  
Bert Nogle, who is visiting his relatives near this place, will return home in a short time.  
Too premature to talk about picnics. Wait till the blue birds twitter in the budding apple trees, Mr. Black Creek, and then we will begin talking the matter up in earnest.  
Gill Hass, living near this place, is moving close to Hillsboro. Gill is alright, a good democrat, and we hate like thunder to lose him, but what is our loss is somebody else's gain.  
Milton Razor, living near Center church, died at his home on the 29th inst. of typhoid fever. He was buried in the New Richmond cemetery, the Odd Fellows having charge of the funeral. He was 38 years of age and leaves two children and a host of friends to mourn his loss.

## BLACK CREEK.

The sick in this locality are improving slowly.  
Mrs. Lonnie Morris and Martha Snyder, of Hog Heaven vicinity, visited old Sandy last Saturday.  
Ellis Gray, it is said, will plant 14 acres of tobacco this spring. Ellis is a corker on raising tobacco. He can raise cane also.  
On last Saturday night Wm. Stone hitched up to his big wagon and took twenty of our young people to the Yountville big meeting.  
Harry Stout has hired Lee Nevill for \$16 a month the coming summer. This is a good price for a 14-year-old boy. Prosperity must have struck Stout.  
We had the pleasure last Saturday while in town of shaking hands with Bill Gulliver, of Ballinb. Bill is well kept and looks as sick as a 'possum.  
Now let us all sign for the REVIEW. I will pack your dollar up to the big iron safe—that's the price. Say we will take sausage, kroun, wood, molasses or make any kind of a dicker to suit you.  
Say, Cherry Grove, what are you

that are not very robust need a warming, building and fat-forming food—something to be used for two or three months in the fall—that they may not suffer from cold.

## SCOTT'S EMULSION

of Cod-Liver Oil with Hypophosphites of Lime and Soda supplies exactly what they want. They will thrive, grow strong and be well all winter on this splendid food tonic. Nearly all of them become very fond of it. For adults who are not very strong, a course of treatment with the emulsion for a couple of months in the fall will put them through the winter in first-class condition. Ask your doctor about this.

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper.

doing down at Fruits? Look at the letter from that locality last week and you will see who you are. Does your wife know about your trips to Fruits? Say, post that pretty lassie scribe down there or you will get Bill Spinning, of Jacksonville, in your hair. Take this advice: Don't get too close to Jackson township for your safety.

Nearly twenty years ago we began to write these letters for the REVIEW. In earlier days we had a faithful friend who at all times furnished us with the news and made the burden light to us. But now, alas! All that is left of Redden B. Snyder, so generous under all circumstances, is laid away forever from our sight, while we reply to our neighbor correspondents. Yet after all the old Black Creek scribe is your friend, and the memory of this faithful friend along the line of duty makes us sometimes feel very sad. Let us improve our fleeting hours that we may pass away in peace.

While the Woman's Aid Society last week called at the home of our Wide Awake scribe to present our brother with a few tracts, he went wild, roared and yelped when it was discovered the whole shooting match was going to stay for dinner. He got snakes in his boots and slid out for the Francis mansion to domicile himself in seclusion to work the old Simpson Tannery fake. He said away back in the 40's Elias Francis, James Moyhou and somebody else killed this tannery snake. We find the records show Francis was not born until one year later. However Wide Awake didn't lie; the story was true with a few exceptions. We know something about it ourself. The records show the snake was 3 feet long and 7 feet wide. It will be seen at a glance when McClamrock disemboweled the reptile his inward parts were too great for his width. Please excuse us for referring to this matter. Refresh your memory and you will find we are right.

Mrs. Oscar Stout, president of the Woman's Aid Society, and Mrs. Willard Payne, president of the Missionary Society of Mt. Zion church, invited the men of the neighborhood to a wood chopping for the church on last Tuesday. The timber was donated by Henry McMuller and Mrs. Wm. Snyder. About twenty cords of wood were cut and hauled up to the church. The dinner was served at the home of Wm. Biggs and was a grand affair. Eleven large cakes were cut, ten roasted chickens with all the trimmings, and pies by the dozen. Indeed the dinner was a grand affair. Twenty ladies were present—as good cooks as there are in this country. Twenty-seven men did the chopping. Miss Nettie Cope, Mrs. Willis Zook, John Stout, Mrs. David Farris and Jeddie Snyder, of Crawfordville, these persons being sick, their dinner was sent to them. The men all join with the writer to thank these very good ladies for such an excellent entertainment. Wm. Biggs, who has been sick for so long, was in good spirits during the visit of this happy gathering.

## DARLINGTON.

Sam Martin is building a new house. Homer Booher says it is too cold to haul saw logs.  
Frank Planigan will start with a show about April 1st.  
From 20 to 25 teams are hauling saw logs from near Bowers station.  
Last Tuesday morning was the coldest of this winter—2 above zero.  
Hunt & Steward shipped a car of cattle and sheep to Chicago Monday.  
Mrs. Fannie Booher is laid up with rheumatism, and has not left her bed for a week.  
Marsellis Booher took his invalid wife to Indianapolis Tuesday to be treated by Dr. Thompson of that city.  
Dr. Hamilton is quite busy being on the go most of the time a good many people sick in town and country.  
Master Harry Booher has gone to Kokomo to visit Grandma Bradlick. He will be gone for several weeks.  
Grace Hose is working for Mrs. Amiel Booher, who has been sick for a few weeks. Mrs. Booher is some better.

Elder Wert, of Kokomo, is holding a revival meeting at the south Christian church. It will continue over next Sunday and probably longer.  
Misses Bertha and Goldie Booher returned home Saturday from a visit with friends in Frankfort. They were called home by the illness of their mother.  
Our teamsters are hauling a great many logs to town since the roads froze up. The poor fellows earn all they get, as the price paid is very low.  
O. E. Kelly is holding a revival meeting at Traders Point. Brother Kelley will probably move to Roachdale next week. We regret to lose him and his family.  
Sam Graham and James Cave had some plain talk one day this week. Graham informed him very plainly that peo-

ple could not lie about him and not get into trouble and Cave seemed glad to get away without further notice.

Say, Mr. Editor, tell that devil of yours I have a man up here who furnishes me with sassafras on what he owes me, and if he will come up I will see he gets all the sassafras he wants. I know what it is to want tea and the difficulty at times to get it.

We have credited Cherry Grove correspondent with the biggest snake story we have ever heard, and have decided to send him a chromo for a valentine. We have men in Darlington who use "Battle Ax" but they can't tell snake stories that come half way up with Cherry Grove. Next spell or sit down.

Aside from Crawfordville Darlington is the best town in the county. We can prove our statement by the traveling men who visit all towns. We do not think we have smarter or better people than many other people but we have the business. We have 9 groceries, 2 drug stores, 3 dry goods stores, 2 millinery stores, 4 hardware stores, 1 furniture store, 1 harness shop, 5 blacksmith shops, 3 saloons, 2 flouring mills, 2 dentists, 6 doctors, 1 livery stable, 3 butcher shops, 5 churches, 4 preachers, 8 lodges, 9 school teachers, 1 bank, 1 hotel, 1 boarding house, 1 wire fence factory, 3 barber shops, 1 newspaper, 1 shoe store, 2 bakeries, 3 stock dealers, 1 elevator, 1 tailor shop, 2 saw mills, etc. Three firms are selling salt, the best, at 80 cents per b'l. Twelve hundred people are living here. People haul grain and stock to this place from New Ross, Mace, Linde, Thornton, and other places.

## BOWERS.

Meeting is still in progress.  
C. Gordon is poorly at this writing.  
Don't forget the Sunday School at 2:30.

The little son of C. Davis is on the sick list.  
S. Bowen is the proud father of a new born baby.  
John Carrey has sold his property to Charles Butcher.  
Charley Bray is going to work for Will Fisher this summer.  
Mr. Maxwell and wife, of Crawfordville, visited friends here this week.  
Wm. Bunday is driving the huckster wagon this week in C. Gordon's place.  
Mrs. Maggie Simpson and daughter visited at Wm. Bunday's Saturday and Sunday.

Protracted meeting began here Thursday night. Let everyone come and bring a friend.  
Elmer Patton killed a beef for Mr. Fleming last week. Elmer says prosperity has come.  
Roscoe Fuller was in this vicinity last Tuesday looking for a location for the summer. His attraction is near Cherry Grove.  
Soap Factory school and Swisher school visited the Goben school Friday. The afternoon was spent in spelling and ciphering.

## ELIZABETH.

Somebody must be sick. Dr. Ohn is on the go most of the time.  
J. Vancleave and wife spent Saturday night with Phillip Biddle.  
Will Cox is hauling wood off the Bill Rider farm, southwest of here.  
James and Ben Swank were in Crawfordville Wednesday on business.  
Andy Foley gave a ciphering match at Oakland school house Wednesday night.  
Harve Sweeney moved his goods Tuesday to the Chas. Patton house for whom he will work the coming year.  
Look out for winter. Tuesday was ground hog day and he saw his shadow very plainly. You loafers had better be cutting your wood and get ready for the next six weeks.  
J. F. Vancleave celebrated his 43rd birthday Friday. Those present were R. Vancleave and wife, James Vancleave and wife and Miss Minnie Vancleave, of Wingate, and J. Vancleave and M. Bowers, of this place.  
Charley, son of George Thomas, died last Thursday of brain trouble. The funeral was to have taken place at Liberty Christian church on Friday, but from some cause there was no preacher and the funeral did not take place. The remains were taken to Wesley for interment.

phoid fever. He was a member of the Christian church. The funeral took place Monday from Center c. Rev. Click officiating. The remains were taken to New Richmond for burial. He was an Odd Fellow and several members from different lodges were present.

Mrs. Etta Vancleave invited her friends in Wednesday to tack carpet rags. In spite of the cold, bad weather the following were present: L. M. Coons and wife, A. S. Goff and wife, Mrs. Ida Cowan, Mrs. Annie Cox, J. F. Vancleave and wife and Mrs. Mary Swank. They all had plenty to eat and a good time.

Tuesday evening about 7 o'clock Geo. Hutchinson's barn, two miles west of here, was destroyed by fire, the origin of which is unknown. A large crowd soon gathered to lend a helping hand. By the hardest kind of work the surrounding buildings were saved. While the horses were saved all the hay and corn, one surrey, two sets of harness and some farming implements were destroyed. Buck Mitchell says rats as big as heating stoves were turned.

The people of this place would like to build an electric railroad from here to the gold regions. There are only three men in the place capable of running the affair. Ben Swank, Joe Boes and Bill Foot. They think they can manufacture their own electricity. We think so, too, for every time they come in contact with each other things begin to hum. The contract will be let soon for a tank to be built similar to the California wine tank and as soon as these three men produce enough material to fill the tank it will be tested, and if it stands the test the road will be built and everybody will go sailing for the gold fields. But we think their material will be like a tallow candle—too much phizzing.

## Preferred Profession.

Says a writer in the Manchester Guardian: "A lady of my acquaintance who is a proprietress in County Galway is in the habit of receiving her own rents. One day, when a tenant farmer had pleaded long and unsuccessfully for an abatement, he exclaimed as he handed over the money: 'Well, my lady, all I can say is that if I had my time over again it's not a tenant farmer I'd be. I'd follow one of the barn'd professions.' The proprietress gently replied that even in the learned professions there were losses as well as gains, and, perhaps, he would have found professional life as precarious as farming. 'Ah, my lady, but how can that be?' replied the son of St. Patrick. 'If you're a lawyer—win or lose, you're paid. If you're a doctor—kill or cure, you're paid. If you're a priest—heaven or hell, you're paid.'"

## Fleeing from Starvation.

News comes from the Klondike that 1,000 men have stampeded from Dawson and are now trying to force their way through the mountains to Dyea. Probably a quarter of them will perish.
