

# Help for the Hair

is what a great many men and women are looking for; help against approaching baldness; help against whitening locks; help to restore the lost gloss to the hair; help against fading tresses; help for the scalp attacked by dandruff. **AYER'S HAIR VIGOR** offers just such help. It restores gray or faded hair to its original color, gives it length, thickness and gloss, and removes dandruff.

"My hair was rough and broken and began to fall out. The use of one bottle of **AYER'S HAIR VIGOR** both checked the falling out and rendered my hair smooth, glossy and in splendid condition. It is the finest of dressings."—MRS. F. L. SMITH, Silver Creek, Miss.

**Ayer's Hair Vigor**

and very soon my hair began to fall out and I became quite bald. By advice I tried

### What do the Children Drink?

Don't give them tea or coffee. Have you tried the new food drink called Grain-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared taste like the choice grades of coffee but costs about 1/4 as much. All grocers sell it 1 lb. and 25c.

### HomeSeekers' Cheap Excursions to the West and Northwest.

### Shako Into Your Shoes

Allen's Foot-Ease, a powder for the feet. It cures painful, swollen, smarting, nervous feet and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain cure for sweating, callous and hot, tired, aching feet. Try it to-day. Sold by all druggists and shoe stores. By mail for 25c. in stamps. Trial package FREE. Address Allen S. Olmsted LePoy, N. Y.

### Did you make your Grain-O this way?

Here are the latest directions. Use one tablespoonful of Grain-O to two cups of cold water. Mix the Grain-O with half an egg and add the water. (Be sure to measure.) After the water gets to boiling point let boil for fifteen to twenty minutes. Use cream and sugar to suit the taste. If you have not cream use hot milk.

A lady said: "The first time I drank Grain-O I did not like it, but after using it for ten days and forming the habit, nothing would induce me to go back to coffee." This is the experience of all. If you will follow direction, measure it every time and make it the same, and try it for ten days, you will not go back to coffee.

It is conceded by the ladies that Miss Mildred Wray of the Y. M. C. A. millinery parlors has the most fashionable and artistic trimmer in the city.

### RECRUITS AT FT. McPHERSON.

Volunteers to Go to the Philippines—Two Prisoners to be Exchanged for Thrall and Jones.

ATLANTA, Ga., May 23.—About 2,000 recruits have arrived at Fort McPherson since that post was made the centralization point for that branch of the army. Every recruiting station in the country, from Maine to California, has sent some men, and they are still arriving at a rate of 200 a day.

It was not intended to send any of the men away until they were uniformed and equipped, but the need of men for the Philippines has brought about the necessity of getting more men in the regular army regiments in the west.

Col. Cook, the commandant, lined up the recruits at the post and asked for volunteers to go to the Philippines. Nine hundred responded almost instantly, but only 600 are wanted to make out the third battalion of two regiments. It is likely these men will go to New Orleans to join the eighteenth or twenty-third regiments of the regular army, before these regiments, which have been assigned to go with Gen. Merritt, start for San Francisco.

The Spanish prisoners who are to be exchanged for Correspondents Thrall and Jones, now in Morro castle, will be started for Cuba as soon as the department here is assured of connection at Miami with a boat for Havana. Col. Cortijo and Surgeon Julian are still in ignorance of the exchange.

### COALING THE SPANISH FLEET.

A Number of Spanish Colliers on Their Way to Fort de France—An Unlikely Story.

[Copyright, 1898, by the Associated Press.] ST. PIERRE, Martinique, May 23.—Admiral Cervera's squadron, it is reported on good authority, will return to these waters to coal. It is known that a number of Spanish colliers are on their way to Fort de France.

The British steamer Twickenham, having been refused the privilege of coaling the Spanish torpedo-boat destroyer Terror and the hospital ship Alicante in the Port de France harbor, it is thought these vessels will coal from her at sea and that she will then go to meet Admiral Cervera's squadron for the same purpose. The Twickenham carries 4,000 tons of coal.

Late yesterday afternoon an unknown man-of-war was sighted off the southwest coast of Martinique.

The Alicante has again changed her moorings, and the departure of the Terror and the Alicante is momentarily expected.

### A Right Good Plan.

LONDON, May 23.—The Madrid correspondent of the Daily Mail says: "The government waits for results from Admiral Cervera before deciding as to orders for the second squadron."

I read in the Kankakee Gazette last week that Michael Butz, of Kankakee county, Illinois, recently sold 35,000 bushels of corn that had been in cribs during the past three years—and some of it longer. The corn sold at 35 cents a bushel. One year ago corn was selling at 24 cents. Prices, truly, have their ups and downs.

### Bird-Stories.

It is not fair for cats and dogs to carry off all the glory. Allow me to tell two stories from my own personal experience of gratitude in a goose, of humor in a raven. I was walking one day with a friend through his poultry-yard, when a goose hurried up to him, fondly rubbed its neck against his trousers, and followed him everywhere. He told me that he had once rescued it from being done to death by its feathered companions, because it had a broken wing. Could any unfeathered bipeds have shown greater affection? May we not say with Wadsworth:

"Alas! the gratitude of men Hath often left me mourning."

And now for the raven. I had been taking duty lately in the Tower for my friend the chaplain, when my slumbers were disturbed by the raucous croaking of a venerable raven of unknown antiquity, but, by all accounts, the oldest inhabitant there. By his jaunty nodding about under cannons and shady trees, he clearly shows that he considers the entire precincts to have been provided for his comfort by a grateful nation. On returning one day from lunching with the governor, to whom I complained of his sleep-destriving noises, I found my gentleman perched on the back of a garden-chair. I solemnly admonished him on his offenses against the church. He listened calmly, without sound or movement. When I concluded my homily, he turned up his right eye and said: "I have been waiting for you."

### Wanted the \$3.

Some time ago C. S. Hetherington bought a sixty-dollar suit of clothes, but they were somewhat small, and he did not wear them. He met "Jack" Burk on the street and told him he could have them. Burk took the clothes, but returned a few days afterward and said: "Cliff, I guess you will have to give me \$3 on the strength of that suit." "How does that come?" said Mr. Hetherington, in astonishment. "Well," said Burk, "I had to have the clothes made a little smaller."—Acheson Globe.

Fingers Amputated. ROACHDALE, IND., May 27, 1898.

Mrs. Sara E. Molin of this town has been so unfortunate as to lose all the fingers on her right hand and her left arm to within a few inches of her elbow. The end of her arm became very sore and she was told it was due to blood poison and that she must suffer another amputation. She began taking Hood's Sarsaparilla, however, and it purified her blood so that she did not have to much as a pimple on her arm.

The speed of our fastest ocean steamers is now greater than that of express trains on Italian railways.

# Some "Twice Told Tales"

Are better than others that are told once. That is the reason we haven't changed the list of bargains in to-day's paper for our great rebuilding sale. We couldn't improve on this message to the buying public if we used every word in the English language. And the best part of the story is its truthfulness. Like all the advertisements of this great store its every assertion is an actual fact. Judging by the crowds that have thronged the store every day since the sale began the people of this county believe us when we say reduced prices. Read the ad. again and bring it with you. We invite a verification of every bargain we advertise in this
