New Market's Pie Social.

The Valentine pie supper by the New Market school, Tuesday was a big success. A whole car load of fun and all had a good time. Receipts \$10, for the school library. The large, fine cake, made by Mrs. Dr. Beatty, was voted to be the most popular young lady, Miss Julia Brown coming out a head. The cake brought \$3. The hottest contest was for a pair of Jerry Simpson's socks to the ugliest and laziest man, Baby Surface and THE REVIEW man in the race. THE NEW REVIEW man came out away a head, getting the socks, and he will use them as a mascot to get subscribers for THE NEW REVIEW. Success to him and the socks.

Kicked by a Horse.

Elmer Mack, the fifteen-year-old son of Charles Mack, residing some three miles south of this city, was kicked by a horse Monday morning and seriously hurt. He was behind the horses when one of them kicked, striking him in the face and throwing him against the side of the barn. He did not regain consciousness until noon. Dr. Ristine was called to dress the wounds, and found that all the boy's teeth had been knocked loose and several broken off. He will recover, but will be disfigured for life.

Shut Down.

The Indiana Wire Fence Co., is no more. The plant closed down for good, Thursday night. The machinery will be taken away together with everything not nailed to the ground. The Trust will, of course, leave the real estate, as a monument to monopolistic greed, and to show the fellows who vote on promises of prosperity what a will-o'-the-wisp they have followed. Will the same old racket work again next campaign?

A Bouncer.

Finley Mount has entered a new role. He was in the Reimann restaurant Wednesday night, and with the consent of the landlady, he picturesquely bounced two young smart Alicks out of the front door so hard they will not soon forget it. The young would-be mugs were engaging in profanity and vile language at a table. Mr. Mount ought to have many imitators and does have the thanks of the community.

A Kindly Act.

Louis Bischof gave away on last Saturday about three hundred cloaks to the poor children of the city. Such charitable work as this is to be complimented by every one. It was an act of benevolence which surely calls for the commendation of every Christian citizen. It will save many a child from suffering during the cold weather.

The infant daughter of Mr. and Mrs. Patrick Clark, was buried Monday.

Have You Heard Of It?

You may have heard about SCOTT'S EMULSION and have a vague notion that it is cod-liver oil with its bad taste and smell and all its other repulsive features. It is cod-liver oil, the purest and the best in the world, but made so palatable that almost everybody can take it. Nearly all children like it and ask for more.

SCOTT'S EMULSION

looks like cream; it nourishes the wasted body of the baby, child or adult better than cream or any other food in existence. It bears about the same relation to other emulsions that cream does to milk. If you have had any experience with other so-called "just as good" preparations, you will find that this is a fact.

The hypophosphites that are combined with the cod-liver oil give additional value to it because they tone up the nervous system and impart strength to the whole body.

Science and Careful Study.

I am not indebted to the disability inability nor imbecility of some care worn minister who lost the confidence of his flock and was cast off among the heathens as a missionary; nor am I under obligations to the wonderfully exaggerated discoveries of the Indian medicine man, in whose ignorance and superstitions lie the secrets of his supposed success. But in the area of medical life where patient observation and careful study will bear fruit, was the wonderful utility of my Rock Balsam Honey and Tar discovered. The only remedy that is sold on a positive guarantee to cure your cough or cold. The children's remedy for croup and whooping cough. It is composed of the most reliable remedies that science is able to produce, so combined as to effectually meet the diseases it is recommended to cure. It has no Indian charms nor Japanese jugglery properties, but is for intelligent people of every clime. Price 10, 25 and 50c. per bottle. Made and sold only by

A Wise Precaution....

It is good policy to be prepared for LaGrippe. Keep a bottle of Muhleisen's Medicinal Whiskey on hand to be used in an emergency. You can be cured by this remedy at a trifling expense and in this way save money. Physicians say Grip can be stimulated from the system by the use of Good Whiskey and the place to get it is at....
