

## LITTLE LOCALS.

### ABOUT THE MOVEMENTS OF PEOPLE—SHORT AND CRISP.

A case of diphtheria is reported from Highland in the family of Milton Hakins.

The Monon railroad has purchased seven of the largest and most powerful locomotives built, three are for passenger trains and four for heavy freights.

The gas has been running quite low for several days and the weather has not been cold. The probability is that it will go dead when cold weather finally arrives.

Harry Law and wife are home from Cuba. He failed to find that island the business paradise he anticipated, and will go into business at either Kansas City or St. Louis.

The annual rabbit hunt of Sugar Creek township was pulled off last Thursday, and 640 rabbits were piled up at the close of the day. This seems like a dispatch announcing a British victory in the Transvaal, but it is true.

#### Paved Streets.

THERE are a number of residents on Main street who desire that that thoroughfare be paved. They have had the members of the council out looking at it and it is said there will be a report made by the committee on streets recommending that the work be done, and the street paved from the Monon crossing to Walnut street. There are many objections urged to the work, but in all probability it will be done and all objections overruled.

#### Griffith in Luck.

THE suit of E. C. Griffith, of Crawfordville vs. Priscilla Ferguson, of Brown county, was tried at Nashville yesterday. The suit was for the possession of 249 acres of land located two miles east of Unionville. A cross complaint was filed alleging fraud and duress. The court decided in favor of the plaintiff.—[Bloomington World.]

#### Thanksgiving Sermon.

ACCORDING to custom the annual Thanksgiving sermon was delivered Thursday at 10:30 at the First Presbyterian church. The service was a union one, and was attended by a large audience. The sermon was delivered by Rev. H. L. Davis, of Trinity church, and was up to the standard for such occasions.

people are easily frightened when they think that something is the matter with heart or lungs. Off they rush to the physician's office and have themselves examined, no matter how big the fee may be. They do not realize that various forms of heart trouble may be purely sympathetic, and that the organ really breaking down is the stomach. The stomach is usually the last care of man or woman.

When the digestion is impaired, when the blood is poor, when a weakness of body is joined to worry of mind, when consumption is invited by the condition of the lungs and blood, then there is a real scare. What is to be done to purify and vitalize the blood? What will stop that hacking cough and strengthen the weak lungs? Dr. Pierce's Golden Medical Discovery cures ninety-eight per cent. of such cases. It strengthens weak lungs and cures obstinate lingering cough, bronchitis, bleeding of the lungs and kindred ailments, which, if neglected or unskillfully treated, lead up to consumption.

"My wife had hemorrhage of the lungs," writes W. A. Sanders, Esq., of Hern, Mason Co., W. Va. "She had ten hemorrhages, and the people all around here said she would never be well again. But she began to take Dr. Pierce's Golden Medical Discovery, and soon began to gain strength and flesh. After taking ten bottles she was entirely well. If any one doubts the merits of this medicine they may enclose self-addressed envelope with stamp, and I will answer."

Send Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps, to cover cost of mailing only, and he will send you a free copy of his 100-page illustrated Common Sense Medical Adviser, the best medical work published. Cloth-bound 31 stamps.

On Saturday Judge West granted a divorce to Nina Brown from Chas. H. Brown, and to James Stout from Nettie Stout.

#### Laudanum Proof.

ANOTHER case of desperation, caused, perhaps, by too much "McKinley prosperity," occurred a few days ago in this city. Jack Griffin, late of Danville, Ill., undertook to cross the Styx by the laudanum route, filling himself first with a large amount of barrel house illuminating oil, sold as whisky, and then proceeded to irrigate with the laudanum; the two seemed to have an affinity, and the stomach of Mr. Griffin was undisturbed by the mess. He went home and sadly announced to his wife that he had telephoned for the boat and that he would soon be on his way to kingdom come. She in turn telephoned for the doctor, who discovered that Mr. Griffin was an immune to both poison and emetics. He had to give up the job of poisoning himself, and if he crosses over will be compelled to use rope or shot gun.

#### Manilla Newspaper.

FROM Capt. W. P. Herron we have a Philippine newspaper, received from his son, Lieutenant Herron, now in the Orient. The paper is the Manilla Times and bears the date of Sept. 20, 1899. It is a six column quarto sheet, with wide columns. It is printed in the English language and resembles all foreign newspapers in general makeup. No foreign paper is clearly printed as our American papers are. From the advertising carried, which is large, banks, restaurants, steamship lines and saloons, one would suppose were the chief business enterprises of Manilla.

#### Acquitted.

AT Lebanon, the jury trying the case of the State vs. John W. Lockwood, charged with assault with intent to kill George Quackenbush, a neighbor, returned a verdict of acquittal. It was proven that the man Quackenbush was a bully and terror to the neighborhood, and was on the premises of Lockwood, a trespasser, when he was knocked out.

#### New Firm.

NEW real estate firm has been formed, or an old firm changed rather, by F. M. Coates of the firm of Darter & Coates, selling his interest to W. M. Darter. The firm will now be known as Darter Bros. It is a strong and hustling combination, and will do its share of the business.

#### Leg Amputated.

ED. STRAIGHT, formerly a well known citizen of this city, but now a resident of Chicago, suffered the amputation of his left leg last Sunday. The original injury to the member was received during the civil war, and lately a fall reopened the old wound and the limb had to be taken off.

General Fred Grant, who is now in the Philippine campaign, is winning laurels from all quarters for his sound

(General Fred Grant.) sense and fighting qualities. He was in Porto Rico at the close of the campaign there, and was also liked for his soldierly qualities.

English collectors complain that the prices of rare books on musical topics are going up rapidly, largely on account of the increasing demand for the libraries of rich Americans.

#### Our Population Is 75,000,000.

In June of next year the people of the United States will be counted for the twentieth time since the establishment of our government. "It will require about fifty thousand enumerators," writes Clifford Howard in the November Ladies' Home Journal, "to take the census, and their work must be finished in one month's time, or by the first week of July, 1900. That means that about seventy-five million people must be recorded in thirty days, or at the rate of two and a half million a day. The rate will be even greater than this, however, for in towns and cities of eight thousand inhabitants the enumeration must be completed within two weeks. The enumerators will not be permitted to have any assistance in the work; it must be done by them in person, except in such sections of the country as contain a great many foreigners where the employment of interpreters will be allowed, as otherwise it would be next to impossible to secure the necessary data. The enumerators will be paid for their services in accordance with the amount of work they are called upon to do."

A "Straight Edge" an impossibility. One of the difficult problems in practical mechanics is to make a "straight edge." How difficult it is may be judged from an incident which occurred in the shops of J. A. Brashers, the astronomical instrument maker. A customer asked Mr. Brashers what would be the price of "a perfect straight-edge of glass thirty-six inches long." "It can't be made absolutely perfect," said Mr. Brashers, "but it could probably be made with a limit of error amounting to only a fraction of a wave-length of light." How much would that cost? "About \$40,000." It turned out that the customer wanted the straight-edge for a scraper, and that an error of one-sixty-fourth of an inch would have been insensible for his purpose.—Youth's Companion.

#### GREENBURG, PA., July 11, 1898.

About four years ago one side of my abdomen began to enlarge from a growth inside. It grew to such proportions that it seemed to fill the abdomen. Then dropsy began and swelled both legs and stomach to twice their normal size. The doctors called the trouble enlargement of the spleen, and told me I must die. I was removed from the hospital and sent for Dr. J. H. McLean's Liver and Kidney Balm. I took seven bottles and continually gained and am well in every way now. The dropsy entirely disappeared and left the growth very small.

#### YOU ARE A DEMOCRAT

and, of course, want a democratic newspaper. The Chicago Dispatch is the great democratic weekly newspaper of the country. It advocates the re-election of the platform and the renomination of William Jennings Bryan.

There has never been a political campaign that will equal in importance that of the one to be fought next year. The republican party, backed by the money power of this country and Europe, is alert and aggressive. Flushed with the victory of three years ago it will seek by every means in its power to maintain its supremacy.

Democrats must be up and doing. They must wage an unceasing war upon their enemies. In no better and more effective way can this be done than by the circulation of good, sound democratic newspapers. The publisher of the Chicago Dispatch, will send to every new subscriber for three months a copy of the Chicago Dispatch for ten cents. If you are not already taking this great political weekly, send in ten cents at once. You should not only do this yourself but you should induce all your friends to join with you. By a little effort you can easily raise a club of ten or twenty subscribers.

The Chicago Dispatch is endorsed by William Jennings Bryan and other democratic leaders. Address the Chicago Dispatch, 120 and 122 Fifth Avenue, Chicago, Ill.
