THE HOLTHOUSE DRUG COMPANY,

Farmer's Income Doubled

Could you increase your earnings if you owned more land? Do you know that thousands of farmers have bettered their conditions, have doubled, yes tripled their earnings—by simply moving from dear land to cheap land? Do you know that North Dakota lands are "cheap" only in price. Do you know that the rich, fertile soil of North Dakota produces as much per acre as farm lands anywhere—actually more wheat, flax, oats, barley, speltz, potatoes, alfalfa, than the tired out lands in the older Eastern states? Do you know that thousands of farmers from Pennsylvania, Ohio, Michigan, Indiana, Illinois and Iowa have doubled and tripled their incomes by going to North Dakota? A trip of investigation will convince you that you get more for your capital and labor by farming in southwestern North Dakota than you can in the older states. Good land is selling cheap now simply because it is not thickly settled. As the people come in, prices are advancing. Thousands came last year; thousands are coming this year; thousands will come next year. We are now selling land so low—for \$12.00 to \$20 an acre that the first crop will almost pay for it. The quicker you come the more land you can get for your money. We own over 100,000 acres for you to select from. Ask today for maps, facts, prices and Browns Farmer, in whose columns the farmers in this land of sunshine, big crops and free fuel tell what they are doing. Or come right out—don't wait until the land goes higher. Bring a home-seeker with you. Write WM. H. BROWN CO., 131 LaSalle St., Chicago, Ill., or Mandan, Mott or Richardson, North Dakota.
