MANY WILL ERECT HOUSES

The house situation in Decatur is critical. A realization of this fact is fast impressing itself in the minds of our people, and relief will come, and that speedily, when it becomes a grounded fact. Many individuals will erect houses at once and many more are giving the question serious consideration. The formation of a company who will build ten or twenty houses will add life to the movement, and this fall and early spring will find many buildings completed, others under construction and still others contemplated. It is no idle, iridescent dream that one hundred new houses could find occupants within the next sixty days. It is a simple truth and fact, and our people who are looking for investment should build houses and thus put an earning value to their idle money.

EMPLOYEES MANAGER

C. J. Leiter in Charge at Van Camp Mills

WILL HAVE COMPLETE CHARGE

Of the Mill and Grain Department of
Mr. Van Camp's Rapidly Growing Business.

C. J. Leiter, a hustling young miller, has arrived in our city from Rochester, Ind., and has assumed control of the A. Van Camp flour mills, located in First street and assumed his duties as such manager Monday morning. Mr. Leiter has been in the milling business practically all his life at Rochester and is a young man of wide experience in the milling and grain business and comes to our city highly recommended. His duties at the Van Camp mills will be to handle the running of the mill and oversee all work that is done and place his O. K. inspection on all goods manufactured. He will do all the buying of the wheat and will part of the time go on the road and sell flour to outside customers. In assuming the management of the Van Camp mills Mr. Leiter has taken on himself a task of no mean ability as the same have a widespread reputation, and it will be his duty to continue to uphold this reputation. However, with the recommendations he comes with Mr. Van Camp is positive he will be able to deliver the goods. Mr. Van Camp was forced to make this move owing to the large amount of business he has and he realized the fact that he needed an assistant badly and wasted no time in securing the service of Mr. Leiter. It is the intention of Mr. Leiter to move his family to this city as soon as he can secure quarters and make this his future home.

PILLS AND PILES.

A prolific cause of Piles is the use of cathartics and pills of a drastic, violent nature, which is always followed by a reaction on account of the resinous, drying properties they contain. There are other causes, but no matter what the cause or what the kind of Piles, Dr. Leonhardt's Hem-Roid can be relied upon to cure—to stay cured. It is an internal remedy that removes the causes of itching, blind, bleeding or suppurating Piles. A guarantee goes with each package containing a month's treatment. It can be obtained for \$1.00 at Holt, House Drug Co., Decatur, or Dr. Leonhardt Co., Niagara Falls, N. Y.

THE A. B. C. OF HEALTH.

By Wilfred T. Grenfell, M. D.

(A catechism prepared for use in Newfoundland and Labrador schools.)

THE AIR.

Is fresh air good for me? I cannot live without it.

Is air ever bad? Yes. It gets very poisonous.

What makes it poisonous? Every time any one breathes he throws poison into the air.

What are these poisons like? Some are poisonous gases, some like tiny poison seeds.

Will they hurt me? Yes. They will kill me in time.

How can I avoid these poisons? By always keeping in fresh air.

THE SUNSHINE.

Must I let in the sunshine? Yes—every bit I can let in.

Why must I let in the sunshine?

Because nothing else cleans the room so well.

How does sunshine clean a room? It kills all the poison germs it falls upon.

Ought I to sit in the sunshine? Yes, I must always keep in it when I can.

Why must I do this? Because it will kill the poison germs in my blood.

THE WINDOW.

Must I open the window? Yes. When must I open the window? All day and all night.

Will not the cold hurt me? Cold does not hurt anybody.

Why must I open the window? Because I cannot grow strong unless I do.

Will not the draught hurt me? I must arrange to avoid draughts as far as possible.

What good does it do to open the window? It lets in the pure air to clean my blood.

WASHING.

Must I wash? Yes, as often as possible.

Why must I wash? Because a clean skin keeps me in good health.

Must I use cold water? Yes, every day.

Will it hurt me? Not at all. It will make me very strong.

How does it do that? It sends my blood flying round my body. What is the good of that? The blood carries food to every part of it, and washes away all the poisons out of it.

Is hot water good? It is better than none at all.

SPLITTING.

Is it wrong to spit in the house? Yes, and on the ground outside. It is dirty, and dangerous, and cruel.

Why? What harm does it do? It spreads poison everywhere, and hurts everybody.

How does it do this? Spit is full of poison germs.

How do the germs get at us? They get loose as soon as the spit dries up, and then they can fly about.

What do the germs do to us? They do down with our breath and eat up our lungs.

Must I never spit? Never except into a piece of rag or paper, which I must burn at once.

WOUNDS.

Can I always stop bleeding? Yes, by trying the pipe that is bleeding, or by binding a hard plug tightly enough over or above the bleeding point.

Is there any easier way? Yes, by trying a binding nearer my body and twisting it tight with a stick.

Must I put anything on the cut? Friar's balsam, or very hot water will help to stop the bleeding.

Must I cover over the wound? Never cover it quite up—only pull the edges together by strips of plaster.

Why must I not cover it up? Because there is danger of keeping in poisons.

What else can I do? Always wash it well with water that has been boiled, and open it again at once, if there is any matter in it, with a sharp knife-blade which has been boiled.

BALL NOTES.

The various members of the base ball team are preparing to leave our city and by tomorrow morning the fifteen men Decatur carried on her pay roll will be scattered to the four winds and to every section of the country. Kiehl left last night for Grand Rapids, where he will follow his trade during the coming winter, he being a mechanic. Richardson, who also left last night will spend the winter with his parents at Buchanan, Mich., and rest up for next season. Weber will go to Dayton, Ohio, where in all probability he will enter school for a course of work. Engle goes to his home at Eureka, Ill., where his father conducts a lumber yard, and it is here that Monk will keep in condition. Laxon will spend the winter at his home at Indianapolis. Way goes to Ossian, where he will assist his father during the winter. Jack Cullen will stay at Indianapolis this winter, where he will follow his trade. F. F. Johnson goes to Bakersfield, California, where he will act in the capacity of timekeeper for the Moore-Cristo Oil Co. John Wallace will rest up at his old home in Indian territory. Behringer will pester the life out of his parents at Celina, Ohio, who will have to keep a string on him to keep him out of the reservoir. Quinn will follow his trade that of a mechanic at Chicago, and Winger will follow the same line at his home in Cincinnati. Bidy Burns will return to that dear old Greenville, Ohio, and spend the winter with his parents. Pierce will go to his home at Indianapolis for the present, but may return to our city in the near future and take charge of the skating rink. Witham will remain in Decatur, as he has accepted a position with Art Russell in the barber shop and will polish chairs. The boys all leave with a warm spot in their hearts for Decatur, and all expressed a desire to return here again next season. However, we join with their many friends in wishing them a merry Xmas and a happy New Year.

NIBLICK & CO. FARMS FOR SALE

Bluffton and Ossian base ball fans, ready to back the Bluffton team on the diamond, are planning to run a trolley line excursion to this city Monday on the occasion of the first base ball game between the Bluffton and Huntington teams. The Fort Wayne Sentinel says: "An excursion over the interurban trolley lines will be run from Bluffton and Ossian to Huntington on Monday, when the Bluffton and Huntington teams meet on the diamond. Wells county is so thoroughly inoculated with the base ball germ that it is believed a tremendous crowd will pass through Fort Wayne to see the game."—Huntington Democrat.

Sunday marked the close of the Indiana-Ohio league season, the final games being played that afternoon. As a result, Decatur wins the pennant, with Portland second and Richmond and Kokomo tied for third place. Bluffton and Van Wert finishing in the order named. The pennant will be awarded to Decatur by President Kling. The Indiana-Ohio league can be called a real success, as it went through the scheduled season without a wobble in any city, although it frequently happens that leagues among smaller cities have a rocky road. There is little doubt, but that there will be a re-organization next season on a still more substantial basis.—Richmond Palladium.

Decatur started out to "play horse" in the game with Bluffton, Sunday afternoon, and the management very quickly gave the team to understand that it was paid to put forth its best efforts, that the patrons of the game were entitled to the best in stock. A ball hit to the Decatur third baseman was gathered up by the guardian of that sack and heaved over the right field fence. The player was taken out of the game at once. Decatur, as well as all other teams, Van Wert not excepted, should keep in mind that salaries are paid for honest endeavor and the patrons are entitled to full value for the money deposited at the box office. The players should also bear in mind that the best way to kill the goose that lays the golden egg is to impose upon the patrons by playing inferior and indifferent ball.—Van Wert Bulletin.
