The condition of the youngest son of Mr. and Mrs. Fred Nichols is unchanged, and the young man remains about the same.

At Berne union services are being held at the churches and a noble effort is being made to better the community spiritually.

The special meeting of the O. E. S. Lodge, scheduled for tonight, promises to be very interesting. Initiatory work will be conferred and a good time is anticipated.

Mr. and Mrs. D. M. Rice, of Monmouth, entertained Mr. and Mrs. Mont Evans, of Delong, Ind., and Mr. and Mrs. John Evans and son William at twelve o'clock dinner yesterday.

The most unique features of this season will be the masquerade party given on the pond near the Preble station, by the school pupils of the Peterson school. Any one is invited to attend if they mask.

The revival services that are being conducted at Monroe are creating much interest. Rev. Edgar Jones is delivering powerful sermons and it is anticipated that many will be converted ere the meetings close.

The Interurban this morning shipped out one of its heaviest consignment of freight to surrounding cities and towns. The freight car was heavily loaded and the freight went to Muncie, Wabash, Huntington, Van Buren, Van Wert, Farmland, Convey, and Peru.

The condition of Clyde Nichols, who is affected with lung trouble, is more serious today than usual and his constitution is becoming weaker day by day. His is almost, if not, a hopeless case, although everything that is possible is being done to relieve the seriousness of his condition.

The new dynamo recently installed at the electric plant by the Fort Wayne Electric Works, is giving perfect satisfaction and is considered by the employees of the plant as a great improvement over the old dynamos.

The machine is running along very smoothly and is doing all the work predicted for it.

Monmouth literary society is growing in interest. A good program has been arranged by the committee for next Friday evening. The crowning feature of the evening will be a debate.

The question being: Resolved, That foreign immigration should be restricted.

Speakers on the affirmative, Frank McConnel and Will Evans. On the negative, D. M. Rice and Melton Fuhr-

Miss Cecil Andrews celebrated her twelfth birthday anniversary last evening by entertaining a few friends at her home, at Mr. and Mrs. C. T. Rainier. Games and music with delicious refreshments, occupied the evening hours.

The Elks and K. of C. teams are scheduled to meet this evening at the Klondyke alleys and as the boys are evenly matched a red hot contest is assured. The race for the city championship promises to be interesting throughout.

Examinations in the various branches started today at the public schools and as a result many of the students were out at a much earlier hour than usual. This is a test examination of the work done during the past three months and it is proving a hard task for some of the students and requires much reviewing.

A new show will be introduced this evening at the Pictorium, we being unable at this time to give the names of the films. Mr. Stoneburner is putting on two new shows every night, and that the same is a success can be vouches for by the enormous crowds that attend. That the films this evening will be up to the standard goes without any argument.

There were no games played in the DeWitt smoke house tournament yesterday and as a result no changes were made in the percentage column.

Several of the contestants have been out of the city, but as they are now home the regular scheduled games will be played as fast as possible. But very few games remain to be played yet, before a champion can be announced.

The city engineer and street and sewer committee to whom was referred the assessment rolls on the Lenhart and Roop sewers, are busily engaged in making numerous changes in the same and will be ready to report back at the next meeting. Upon examination it was found necessary to assess some who were not assessed and in other instances the assessments were greatly reduced.

Elmer Johnson informed us last evening that he had practically secured his car of horses to ship to Pittsburgh Friday, where he will conduct a special sale the following week.

The horse market in the east has opened up to a very noticeable degree, and the old time prices that once prevailed are coming back into style. Mr. Johnson has an excellent load purchased, and should have a fine sale.

The market in hogs at present is in very bad straits and from all appearances does not seem to want to raise to any degree. The local stock men do not want to go into the buying game while the stock is quoted so low in the east and as a consequence there is nothing much doing in this line in and around Decatur. However, there is one satisfaction that being that the price cannot keep this way always.

The machinery for the deep well pump at the water works plant has been connected up and is now in working shape. The well was recently completed and when the first connections were made it was found that the sucker rods were too short, hence the pump did not throw the right kind of a stream of water. A new rod was secured and the outfit is now working to the perfect satisfaction of all concerned.

Carl Fausnot, who was arrested Tuesday night on a charge of public intoxication, is still in a serious condition and this morning was too sick and weak to be brought before the mayor. Fausnot has been on this spree for some time, and it now seems as though the same was reacting. As soon as he is in condition, he will be brought before the mayor and permitted to answer to the charge that is now hanging over his head.

J. B. STONEBURNER, Prop.

H. C. Beaston, of Montpelier, passed through the city to Fort Wayne this evening.

It seems that the grip has a good grip on many of the people of our city at present.

B. B. Teeple, of Van Wert, Ohio, returned to his home after being here on business.

L. A. Holthouse, who has been ill for some time with the lagripe, is again able to be up and around again.

The Coppock Automobile factory is running merrily along and much is being accomplished in the manufacture of tools to be used later.

Mr. and Mrs. James McAlhoney, of Van Wert, who for several days have been guests of relatives in the city, returned to their home today.

John Niblick is again able to resume his duties at the Niblick dry goods store after an absence of several days suffering from an attack of the grip.

From the number of wagon loads of tile that are at present being hauled from the Krick, Tyndall and company's mills, it would seem as though the farmers surrounding Decatur were taking advantage of the mild winter weather and were improving their farms in the way of putting in new drains. At least ten load have been hauled every day from these mills for the past two weeks.

It is possible that the special car now under completion at the interurban barns for the Decatur Packing company will be put into practical use by the first of next week. The car is almost completed and the addition of a few pieces of casting from the Westinghouse people will put the car into running order and use. This car will be used exclusively for the shipping of meat for this company.

From the present outlook, Bluffton who has been figuring upon getting into the Indiana Ohio league this season, may be left out in the cold. The latest report is that the fans of that city must raise a hundred dollars between now and January 20th, which must be posted at Indianapolis as a guarantee that they will finish the season. From all reports the fans who have the ready money are not taking very kindly to the situation. It now seems sure that Decatur will not be in the league.

Ballet Shoes.

Ballet shoes fit like a stocking. They are of leather, with a thin leather sole about an inch wide and with the uppers sewed so that they come under the foot. The ballet dancer wants no rubber heels, instep arch supports nor any other of the foot supporting or reforming devices which are commonly used by ordinary mortals. The toe dancer desires a hard box toe on her ballet shoes, but the ordinary dancer seeks only shoes that will give perfect freedom of movement of the joints and muscles of the feet. It is a rule of good dancers, a shoe man of experience says, to wear shoes that will allow for space between the toes. It is a point of good fit that all persons should heed, he says. High heels are put on to stage shoes for effect, not to promote good dancing. Many stage shoes are made with short fore parts and high heels to make the feet look smaller and the person taller.—Boston Globe.

A Doubtful Assertion.

Browne—They say that drowning men catch at straws.

Towne—Yes, but I doubt it. I've seen a number of men drown, and those of them who had any preference at all seemed in favor of plank. In fact, I do not now recall ever having been asked for a straw by a gentleman who was drowning.—New York Journal.

Extravagant.

Kind Lady—If I give you this penny what will you do with it? Beggar—Hire a motor cab and show me friend Rigsby the town, ma'am.—Illustrated Bits.
