J. H. HELLER, Manager.

Tomorrow the Democrats of this, the eighth district, will meet at Union City to renominate Hon. J. A. M. Adair for congress. Mr. Adair certainly has made good and deserves another nomination.—Berne Witness. And election.

"I and Hanly have done more for the cause of temperance than any other element in Indiana," says Jim Bingham. That is the spiel Jim. You may have some trouble in convincing the public, but that argument ought to land Jim Bingham all right.

Now comes the First National Bank of this city with the plans and specifications for the finest and most cosmopolitan banking furniture and fixtures in northern Indiana. The improvement is one that will place Decatur in a class all by itself. Bluffton, go way back and sit down.

The temperance plank that so conspicuously adorns the G. O. P. state platform, was written in the sanctuary of the Columbia Club, the most notorious blind tiger in Indiana. Let's see, how many injunctions has Jim Bingham, that great and holy attorney general, brought against this G. O. P. Monte Carlo? Count 'em, Jim.

On the subject of local option Thomas R. Marshall's otherwise very excellent keynote speech last week at Richmond strikes us as being a very cunning plea of the tricky attorney of a defendant client strongly suspected of guilt, and comes dangerously near pettifoggery and begging the question.—Berne Witness. The question is, could a Democratic candidate for governor say anything on this particular issue, that would receive the endorsement of the Witness?

Attorney General Bingham makes a big splutter about somebody "tipping off" his raid on the gamblers at West Baden and French Lick. As the men who are charged with keeping the gambling establishments at both places are Republicans and are doubtless contributors to the campaign funds of their party, it is likely that they were warned by persons who were in on the scheme. The Republican party doesn't go to extremes with friends—not when an election is coming on.

REHEARSALS ENSUE

"In the Village by the Sea" is a Romantic Comedy Drama of the Best

HERE MONDAY NIGHT

The Local Talent Cast is Working Hard for the Big Benefit

"In the Village by the Sea" is a romantic comedy drama that deals with life in the most picturesque part of our country, the rock ribbed coast of Maine. No section of our great land affords better opportunity for character drawing and sweetly charming love story incident and the story of the play is beautifully sympathetic, of powerful dramatic interest, while good wholesome comedy, strong and varied relieves the somewhat serious plot. A local talent cast will present this massive and beautiful production under the auspices of the Ladies' Aid society of the Christian church on next Monday evening, June 15th. The cast which will be announced later is of exceptional strength and are busily engaged in rehearsing the play under the direction of Mr. Henry Thomas, and when the eventful night is here will no doubt surprise even their most intimate friends by their cleverness in their respective parts. The ladies are canvassing their tickets, the price is twenty-five cents. The proceeds are for the benefit of the Christian church and your patronage will be appreciated. Clever specialties between acts will make a continuous show, no long waits but everything will be done to make you get the biggest 25c worth ever gotten "In the Village by the Sea." Bosse's opera house June 15th.

Nature has provided the stomach with certain natural fluids known as the digestive juices, and it is through these juices that the food we eat is acted upon in such a way as to produce the rich, red blood that flows through the veins of our body and thereby makes us strong, healthy and robust, and it is the weakening of these digestive juices that destroys health. It is our own fault if we destroy our own health, and yet it is so easy for any one to put the stomach out of order. When you need to take something take it properly, but take something you know is reliable—something like Kodol for Dyspepsia and Indigestion. Kodol is pleasant to take, it is reliable and is guaranteed to give relief. It is sold by B. Doolittle.

Big cuts or little cuts, small scratches or bruises or big ones are healed quickly by DeWitt's Witch Hazel Salve. It is especially good for piles. Be sure to get DeWitt's. Sold by B. Doolittle.

The trouble with most cough cures is that they constipate. Kennedy's Laxative Cough Syrup does not constipate, but on the other hand its laxative principles gently move the bowels. It is pleasant to take and it is especially recommended for children, as it tastes nearly as good as maple sugar. Sold by B. Doolittle.

CASE CAME BACK

Famous Faylor-Studabaker Law Suit Returned from High Courts

COSTS ARE LARGE

Have Reached \$5,000 Mark —Motion to Retax Will Be Filed Tomorrow

The certified opinion of the supreme court of Indiana in the famous Faylor vs. Studabaker case arrived this morning and tomorrow attorneys for the Studabaker will argue a motion here to retax the costs. This is one of the greatest legal battles ever waged in the state. It originated in Wells county, has been tried five times and gone through both the supreme and appellate courts. When the appeal was taken the costs here were \$4,500. The costs in the appellate and supreme court were \$696.25, making a total of \$5,196.25, charged against the plaintiff. The supreme court held the complaint bad, because no tender of money had been made to Studabaker and no one seemed to know "just where they are at" in the affair. The case will either be retried here next fall or the costs settled and the cause began anew in which case the complaint would have to be filed in the Wells circuit court. The farm in question has nearly been eaten up by costs and attorney fees now.

Wayne "30"

Live Agents Wanted

Owing to the increased demand for Wayne "30" Automobiles, we have decided to build 300 additional cars of this popular type. These are now coming through—we can positively make deliveries of the first fifty in ten days.

Now, we can sell every one of these cars in four or five large cities—as we have been doing. But we have other ideas, other aims.

We are planning to build 6,000 cars next year—have the facilities to do it—and the work is already under way. That means we'll need a large selling force—an agent in every town over 5,000.

We want these 300 Wayne "30" cars to be the missionaries which will create a demand for the 6,000 we will build next year. See our point?

We want to distribute this season's output—these 300—over as much territory as possible instead of concentrating them in a few metropolitan centers.

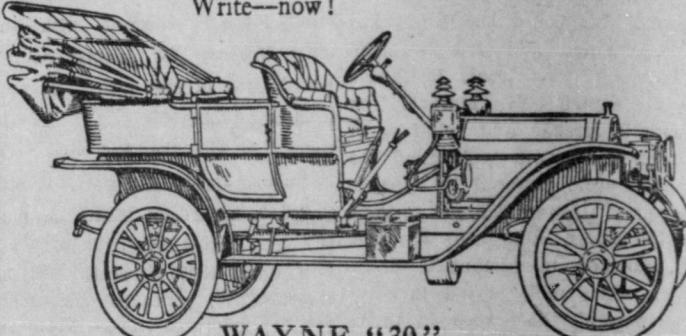

Satisfied users are the best advertisements—every Wayne will do its part in carrying the news of Wayne quality wherever it goes. Even to those who knew the earlier Wayne models this 1908 product will be a revelation and a delight.

We want a personal representative—a man of good standing—to represent us in your town. Large capital is not necessary—neither is a garage nor repair shop.

Very little capital, but a large amount of energy and selling ability, are the requisites—to the man who possesses these, here is an opportunity of a lifetime to get in business for himself—one that has a wonderful future.

Write today; send references; tell us about yourself; if satisfactory, we will get together quickly. We won't hold you up on deliveries and we'll stand back of the product—remember, we count on these 300 to sell 6,000; there's the buyer's guarantee—and yours.

Now is the selling season—today. Business has been great since the sun came out—if you don't share in the hay-making, it's your own fault.

HOW TO CURE SKIN DISEASES.

Eczema, pimples, dandruff and itching skin diseases are of local origin and are caused by germs. In order to cure these diseases the germs and their poisons must be driven to the surface of the skin and destroyed. Salves and greasy lotions may give temporary relief, but they do not destroy the germs that cause the disease. A St. Louis chemist has discovered a clean vegetable liquid remedy that will draw the germs and their poisons to the surface of the skin and destroy them, leaving a nice, clear, healthy skin. This remedy is known as Zemo, and by its many remarkable cures has attracted the attention of the leading scientists and skin specialists of this country and Europe. Zemo has been given the most cordial reception by the public of any similar remedy ever produced, and it is recognized as an honest medicine that makes honest cures. Zemo is for sale everywhere. You can obtain a trial package free by writing to the E. W. Rose Medicine Co., St. Louis, Missouri. Smith, Yager & Falk have secured the agency for Zemo in Decatur and will gladly show you proof of some of the wonderful cures made by this remarkable remedy.
