## Suits Worthy of Paris Artists

LITTLE details distinguish a Paris importation from the usual "shoppy" suit. This year there is the "Directoire" cut, the raised waist line, the sheath skirt effect, the high standing and lay-down collar, the patch pocket, the long sleeves, etc.

The "Bischof" models we are showing embody all these features. These goods are designed after the best creations of the leading foreign artists. You could go walking in Paris or Vienna and be in the reigning fashion with any one of these suits.

Come in. You can see the snap and smartness of these garments the instant you look in our mirrors. The wear is guaranteed both by us and the makers.

Plainly it is to your interest to make your selections now before the choicest patterns are taken. To give you even a greater inducement to come at once we have marked the most desirable garments far below their regular values.

We illustrate a few of the many we are showing. Look for the trade-mark "B. S. & S." in every garment.
