However he did not file an affidavit against him.

During the recent campaign mention was often made of Angie Goodin the private secretary of Mrs. William Jennings Bryan. Few people are aware that she is a former resident of Bluffton and at one time was well known here. Her father was Rev. Smith Goodin, who was the pastor of the Baptist church in Bluffton twenty-five years ago. He moved to Munice from Bluffton and died there several years ago. His daughter has held the secretaryship for several years and played an important part in the recent campaign. Mrs. George Kimball deceased, was a sister.—Bluffton News.

The many friends of Arthur Schaup, the young Linn Grove school teacher, who accidentally shot himself in the arm last Saturday, will be glad to learn that his arm probably will be saved without amputation, says the Bluffton News. A physician from this city was called in consultation and he gives it as his belief that the arm can be saved. The load of shot tore the flesh badly in the fleshy part of the arm, both below and above the elbow, and the first examination resulted in statements that amputation would be necessary. Reports from Linn Grove yesterday were to the effect that he continues to improve.

That the farmers of north of the city are philanthropic was shown conclusively Tuesday when a number of friends and neighbors of the Gus Scheiber family gathered on the farm and husked 500 bushels of corn which Mrs. Scheiber would otherwise have been compelled to superintend herself. The death of Mr. Scheiber was so sudden last week that he had no time to make arrangements for gathering the crops. Many horses and wagons were brought onto the place and by the middle of the afternoon the work was all done. The party then spent the rest of the day in husking corn for the Grimm sisters.—Huntington Democrat.

**LOBERT MAY LEAVE REDS**

He is Anxious to Quit and Brooklyn is After Him.

New York, Nov. 19.—Hans Lobert, the fast infielder of the Cincinnati club, is another player who is now spoken of as the probable manager of the Brooklyn club next season. According to a story from Cincinnati, there is a deal on between the two clubs whereby Lobert is to be traded for Harry Lumley, the Dodger's captain, and will be made the manager of the club. If such a deal could be put through it would be a great benefit to both clubs. Lobert is anxious to get away from Cincinnati, while Lumley is not at all satisfied with his berth on the Brooklyn club. President Ebbets had a chance earlier in the season to secure Lobert for Pitcher McIntire, but he would not part with Handsome Harry. Now it is said that he is willing to swap Lumley for the foot-fotted German for the purpose of making him his manager. Lobert would make a good man for that position, for he works hard every minute he is playing.

**III, Weak and Emaciated, Restored to Health by Vinol**

"Our little daughter, six years of age, after a severe attack of the measles, which developed into pneumonia, was left pitifully thin, weak and emaciated. She had no appetite, and her stomach was so weak it could not retain food. She lay in this condition for weeks, and nothing the doctor prescribed did a bit of good, and we were beginning to think she would never recover.

"At this time we commenced to give her Vinol, and the effect was marvelous. The doctor was amazed at her progress, and when we told him we were giving her Vinol, he replied, 'It is a fine remedy, keep it up.' We did so, and she recovered her health and strength months before the doctor thought she could." J. W. Flagg, Portland, Me.

Vinol cures conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, makes rich, red blood, and strengthens every organ in the body.

## Suits Worthy of Paris Artists

**L**ITTLE details distinguish a Paris importation from the usual "shoppy" suit. This year there is the "Directoire" cut, the raised waist line, the sheath skirt effect, the high standing and lay-down collar, the patch pocket, the long sleeves, etc.

The "Bischoff" models we are showing embody all these features. These goods are designed after the best creations of the leading foreign artists. You could go walking in Paris or Vienna and be in the reigning fashion with any one of these suits.

Come in. You can see the snap and smartness of these garments the instant you look in our mirrors. The wear is guaranteed both by us and the makers.

Plainly it is to your interest to make your selections now before the choicest patterns are taken. To give you even a greater inducement to come at once we have marked the most desirable garments far below their regular values.

We illustrate a few of the many we are showing. Look for the trade-mark "B. S. & S." in every garment.
