Judge Anderson is to be the next trial judge in the Standard Oil case, in which the defendant drew a twenty-nine million dollar fine from Judge Landis. It is hoped that Judge Anderson will give us a verdict on law and evidence.

The Democrats meet tonight in caucus to settle the senatorship. It is the hope of every honest Democrat that it will be speedily settled. The election of any of the candidates so far mentioned, would mean that Indiana is sending the flower of her intelligence and leadership to represent the state in the United States senate.

Governor Hughes recommends to the New York legislature a complete primary government for all political parties, and he is said too, to support his recommendations with some sound logic. There is no denying the fact that leadership for political parties should be created by popular choice. These will prove more lasting and will most always be in sympathy with the masses.

It is now ex-Governor Hanly. In algebra, as we learned in school, "x" was always the unknown quantity. And that seems to fit the problem that the Republican leaders will have to work out concerning their late strenuous executive. In his message to the legislature last week Mr. Hanly said that it was "probably" his "last official utterance." There are many in his party who wish he had not used the word "probably." It leaves a doubt as to Mr. Hanly's real purpose as to his future political activities. The omission of the word would have made his language much more definite and at the same time he was in communication with land agents there it would have been vastly more satisfactory to that large faction of Republicans who have felt for a long time that the late governor's absolute retirement to private pursuits would be conducive to their peace of mind and political repose.

The best case that can be made against Senator Tillman is that he, like nearly every other public man at some time in their public career, is indiscreet. His statement in the senate that he was not contemplating a purchase of this western land, when in fact he was corresponding concerning such a purchase, is the only case against him. He had a right to purchase and his efforts in the senate to have the land sold and

settled by the people, instead of permitting a few of the president's friends to hold it and make millions, is the crime charged and proven against him by the president. President Roosevelt has done much to lower himself in the eyes of all self-respecting and honest citizens by his unfair tirade against Senator Tillman. The South Carolina senator is noted for his rugged honesty if for nothing else, and the people still believe in him.

## A BRAN NEW ORDER

Organization Known as the Sons of Rest Finds Inception

## A NO-WORK ORDER

There Are at Least Fifty Charter Members—More Joining

A new social organization has been launched on the social horizon of Decatur known as the Sons of Rest of the United States, which found its inception yesterday morning. The charter for the new order decorates the south wall of the Model cigar store, and the by-laws are artistically carved on a valuable sheep skin. The rules of the order which to an ordinary individual would seem rather stringent, are in part as follows: The rules of the order must be observed according to Hoyle. The members will not stand for any gaff. No one can become a member unless over the age of eighteen. The members must attend each meeting of the weekly pole raising association. No fees will be charged but the members must bring their horse feed and tobacco. A buzzing bee is to be held each evening at eleven-thirty according to the rules and every member must be present or forfeit his right to wear an emblematic button. There are many more rules as nonsensical as the above which will keep the boys stepping sideways. The Sons of Rest, sweet rest, will only be banded together during the winter months as every member fully expects to secure employment next summer. If deserving let the order prosper that the boys can enjoy fellowship during their idle moments, if they cannot enjoy peace of mind. Upwards of fifty names are inscribed on the charter, of young men of the city, and that is saying something at a time when there is said to be plenty of employment.

A pleasant time was enjoyed at the home of Mr. and Mrs. Abraham Raver the other evening, the occasion being in honor of the twenty-ninth birthday of Mrs. Raver. A social evening resulted in which a sumptuous supper figured as one of the principal features of entertainment. Walters delivered a most interesting address which was enthusiastically received by his every auditor. An elaborate banquet was served to the delight of all and thus closed one of the brilliant social events of the week.

The meeting of the Historical Club held last night was a pleasant affair and every member enjoyed it to the limit. The ladies have an interesting study and are making the most of it.

### CATARRH CURED

No Cure, No Pay, is a Most Generous Offer

To get an antiseptic strong enough to kill catarrh germs and not destroy the tissues of the membrane at the same time, has been a problem which was never solved until the discovery of Hyomei (pronounced High-o-me). Hyomei is prepared from eucalyptus the most powerful yet healing antiseptic known. Breathe it through the inhaler over the inflamed and germ-ridden membrane four or five times a day, and in a few days the germs will disappear.

The inflamed condition will go, too, and the snuffling, hawking and offensive breath, and the discharge of mucus and crusts in the nose will cease. Then why should any catarrh sufferer hesitate, when Holthouse Drug Co. has such faith in Hyomei that he offers to return your money if after a fair trial Hyomei does not cure catarrh.

A complete Hyomei outfit, including the inhaler, costs \$1.00, and extra bottles, if afterwards needed, cost but 50 cents. Hyomei also cures asthma, croup, sore throat, coughs, colds or grip.

### WHAT IS HEM-ROID?

A Tablet, Taken Internally, That Cures Piles.

Piles (hemorrhoids) are getting more common every day, because we live unnaturally, overeating, overworking, taking little exercise, gradually causing a deadening of veins and tissues in the lower bowel. Blood stagnation is the cause of piles, and a condition that can't be permanently cured with ointments.

Dr. Leonhardt's Hem-Roid is the only internal tablet remedy that cures piles by freeing the circulation. Sold under guarantee at Holthouse Drug Co. Price \$1. Dr. Leonhardt Co., Station B, Buffalo, N. Y.

## BAD LUCK IN DISTRICT ELEVEN

There is a vacancy in district eleven in Wabash township, and the trustee of that township will hold a special examination in this city on next Monday with a view of filling the same. District eleven has been something of a hoodoo this year. The school started with Miss Alta Ford as teacher and after a time she resigned, J. H. Felty was the next teacher, and he soon quit on the account of failing eyesight. Miss Martha Schug was the next one, and now her resignation is in the hands of the trustee and an examination will be held for a fourth trial.
