The Republican press of the state are lamenting the fact that Indiana has a Democratic governor, Democratic lieutenant-governor, Democratic speaker of the house, and a Democratic United States senator. They should not despair, as even worse things could happen.

WAS A BIG MEETING

M. Kirsch, son Otto and J. O. Sellemeyer Return from Indianapolis

A LUMBER MEETING

Was Held at the Claypool Hotel They Visited Legislature

Matthias Kirsch, son Otto and J. O. Sellemeyer, of the firm of Kirsch Sellemeyer & Sons, returned yesterday from Indianapolis, where they were in attendance at the state meeting of the Indiana Lumber men's association, and they state that it was the most interesting ever held in the capital city. A three days' session was held, during which subjects relative to the welfare of lumber dealers were ably discussed, much to the benefit of every one present. The Decatur gentlemen while at Indianapolis paid a visit to the legislature Thursday morning and witnessed the doings of the law making body for several hours. In the evening they had the pleasure of seeing the fight for United States senator. The trip was most enjoyable to them both from a business and social point of view. An elaborate banquet was served at the Claypool hotel for the lumber men before their departure and this, too, was immensely enjoyed by the Decatur party. About four hundred representatives of lumber concerns were in attendance, and all the business sessions were held at the Claypool hotel.

MR. ROHRER LEAVES

Will Wage Temperance
Fight Elsewhere—
He Lectures

TO WAYNE COUNTY

He Will Deliver Lectures at Many Different Points

Fred Rohrer, of Berne, probably the most widely known anti-saloon worker in the state, was in the city today looking after business interests, and left this evening on an extended tour in the interest of the anti-saloon league, during which time he will deliver lectures at several places. He goes from here to Wayne county and tomorrow afternoon will deliver a lecture at Fountain City at a big union service which will be held. He will remain there until Tuesday night when he will leave for Avilla. After addressing an audience at that place he will go to Ligonier, Albion, Cromwell and other places in Noble county to centralize his efforts in behalf of the cause. Mr. Rohrer is an untiring worker in the temperance cause, is a forcible speaker and regarded as the most successful organizer in this section of, if not in the state. His time will be well occupied for several months to come on the lecture platform and the league expects great returns from his efforts. Mr. Rohrer will not be prominently connected in the fight in Adams county, and in fact will be away from home during the greater part of the time that the fight is waged.

Everything is in readiness for the fire department benefit show "A Bachelor's Honeymoon" to be given at Bosse opera house next Monday night, Jan. 18th, by local talent. IT'S A GREAT BOOK

Laws of Indiana Are Now

Ready for Our Sub-
scribers

ABOUT DITCHES

What the Book Contains

About the Ditch
Laws

The Laws of the State of Indiana, the Democrat premium, are now ready. It is a handsome volume and the contents beats anything ever offered as a newspaper premium. The volume contains three hundred and twenty pages and has more genuine information to the square inch than anything we have ever seen. For instance, it is likely that the ditch laws will appeal more directly to the farmers, as a class, than any other one thing. On the subject of ditches this book tells about the appointment of a commission, how to formulate a petition and what it should contain, also a remonstrance how to proceed for damages, construction of the ditch, form for bonds, a lien for labor or material, a report, about assessments, repair and obstruction, record of allotment, a hearing for objections, an appeal and the notice to be given, an appeal and the pairing and completion of a ditch, the petition of commissioners, tiling, and when surveyor may repair. All these citations on the ditch laws of Indiana. Think of it. Every other Indiana law is covered in the same way. A little of the real value may be surmised by the recitation of what it contains about ditches. The book is really a valuable edition and there are few if any that can afford to miss this one and only chance of owning one of them in fee simple. The payment of a year's subscription to the Daily Democrat entitles you to one of the books.

A TUMOR GROWTH

Was Removed from Mrs.

W. S. Smith, of Monroe,
Yesterday

AT HOPE HOSPITAL

Her Condition Was Serious

—She Will Re-
cover

Mrs. Smith, wife of W. S. Smith, the Monroe lumber man, was taken to Fort Wayne yesterday where she submitted to an operation at the Hope hospital for the removal of a tumor and reports from her bedside are to the effect that she will recover in the near future and will be able to her body. She consulted a Decatur

physician who advised her to be operated upon immediately to avoid further complication, which she did and consequently she will get well. It is thought that Mrs. Smith will be able to leave the Fort Wayne institution within three weeks, although there are still critical stages to pass through before safe estimate can be made in regard to this. The many

friends in this city and Monroe are hoping for her early and ultimate recovery.

NEGLECTS CHILDREN

He Will Have to Appear in
Court and Answer to
Charge of Neglect

Judge R. K. Erwin, of Fort Wayne, was here yesterday afternoon and asked for a change of venue in the Ruode Dry Goods vs. Schafer case. The application was granted and the case sent to Jay county for trial. A demurser was overruled before this action was made a matter of record.

Two quit claim deeds were recorded today (they being Benjamin F. Smith to John F. Hocker, and the other one being John F. Hocker to Benjamin F. Smith).

This is the last day of the present court term and it was apparently a dry and uninteresting as many of the other days have been. A two weeks' vacation will now be the order of things.
