"Time spent at the Great Northern Indiana fair is by no means lost, and should not be so counted. There you will meet the friend whom you long ago lost track of, there you will again become the boy of twenty years ago and there you will join the crowd in cracker-jack, hamburger sandwiches, cones and red lemonade. It's worth it all, just to forget for a day the cares and worries of everyday life and to see how rapidly we have advanced in a year.

An interesting article in the Chicago Record-Herald tells of the benefactions of wealthy women. Mrs. Leonard Stanford heads the list with the \$30,000,000 bequest to the university in memorial to her son; but Mrs. Russell Sage will pass her when she has given away the \$65,000,000 left by her husband. Then follow Helen Gould Mrs. Thomas F. Ryan, Mrs. William K. Vanderbilt, Miss Ann Morgan, the daughter of J. Pierpont Morgan; Mrs. Oliver H. P. Belmont and her daughter, the Duchess of Marlborough, whose wealth came from the Vanderbilts; Miss Giulia Morosini, Mrs. Harold McCormick, Miss Helen Frick, Miss Dorothy Whitney, Miss Mary Harriman, and Mrs. Clarence Mackay. They form a goodly list, and demonstrate that not all women of wealth are frivolous and heartless. But how was the wealth accumulated? Perhaps it is charitable not to question closely.

COMPLETE PLANS

Complete Heating Plant
Plans Tomorrow

A GOOD SYSTEM

The Beautiful New Schug
Home Will Be Ready for
Occupancy Soon

Architect Oscar Hoffman will complete plans for the new heating system to be installed in the M. E. church tomorrow and then within two weeks the contract for the construction of same will be let. The plant will be one of the best ever installed in this city or vicinity and will be constructed at an estimated cost of \$2,500. There will be thirty-two radiators distributed throughout the building and the spacious edifice will be well heated this winter. The new low pressure steam heating plant will supplant the hot air system which has been used for several years.

Extensive improvements are going on at the home of Joseph Martin in the north part of the city. A new veranda has been constructed and foundation placed under the house and other improvements.

The beautiful new home of John Schug will be ready for occupancy the first week in September. Workmen are now busy frescoing the interior. The first floor will be in oil and the second in Alabastine. The electrical fixtures being installed are of the very best.

ATTEMPTS SUICIDE ON GRAVE

Fort Wayne Man Falls at Dramatic Exit.

Fort Wayne, Ind., Aug. 23.—John Riber, a police character, made a sensational and unsuccessful attempt to commit suicide at Lindenwood cemetery in the potter's field this morning by cutting his wrists while sitting on his daughter's grave. He will recover.

FINE SHOW AT THE CRYSTAL

The show at the Crystal airdome was as usual well attended and the patrons of this popular amusement center were cleverly entertained. Not only were the three reels new and up to date, but they were happy subjects and certainly appealed to laugh lovers. The engagement of Mr. Dave Johnson "the singing and dancing kid" proved a ten strike for Mr. Biggs, as Mr. Johnson made good on his first appearance and was vociferously encored and was forced to repeat his turn at each show. Mr. Johnson, who has been a vaudeville headliner for a number of years, has a very clever singing and dancing act and if you miss seeing him during his engagement at the Crystal airdome you will miss the best attraction ever offered in this city. The Crystal orchestra's offerings last evening were fine, and Decatur can boast of one of the finest musical organizations in the state. Mr. Johnson will be at the Crystal yet Tuesday and Wednesday nights. Three reels, two illustrated songs, orchestra of nine pieces during entire evening and all for the same old price, 5 cents. Query, how can you lose.

CAUGHT ON ERIE

Two Men Captured by Erie
Detective Force at
Huntington

THE THIRD CAME IN
And Wanted to Share the
Fate of His Companions
—A Strange Affair

The loyalty and fidelity of Damon to Pythias, as told in the old legend, was never better exemplified than in the attitude which Bert Bertolucci displayed in the city court this morning toward two friends and companions. He preferred a jail sentence of eleven days to freedom apart from his friends and accepted the sentence of the court without a murmur. Captain Toussaint, of the Erie detective force and Deputy Chief of Police Payne Sunday evening arrested George Bolinger and Frank Pritchey, who were charged with riding trains on the Erie. Both were lodged in jail. They each told a story of how they had traveled from Mansfield, O., and were enroute to Chicago, where they said they were promised jobs. Just about time for the city court to convene this morning Bertolucci appeared. His advent was heralded by the two prisoners and it turned out that the officers had overlooked him when the arrest of Bolinger and Pritchey was made, and that he had voluntarily come to the police station to share whatever fate was meted out to them. All were men above the average in appearance, well dressed and possessed of manners entirely foreign to the average train rider and hobo. Judge Anderson fined each of them \$1 and costs, and they will board at the expense of Huntington county for eleven days, when they will probably board another Erie train and continue their journey to Chicago. —Huntington Democrat.

CARD OF THANKS

We wish in this manner to thank our relatives and friends who so kindly assisted us during the sickness and death of our beloved husband and father. Mrs. Mary Weber and children.

Mrs. Ruth Smitley went to Fort Wayne today.

Miss Ellen Newhauser of near Monroe is spending the day at Fort Wayne.

Miss Corrine Schindler, of Fort Wayne, formerly of this city, spent the day with friends.

There was not an item at the court house today. Usually one who is used to the ways and habits of the officials and their deputies can dig up something, but they seem to have caught the habit from the silent ladies and refused to speak of a single thing of interest to the reading public.

One of the handsomest monuments seen here for some time has been erected at the Wemhoff Monumental Works on Monroe street and is attracting considerable attention. It will shortly mark the grave of Obed Edam Jamison, near Hoagland and is built of Vermont axe granite covered with a beautiful wreath of immortelles or everlasting. Such monuments would be beautiful any cemetery and are used extensively in the church yards of the larger cities. 1t

This \$1000⁰⁰ Cup for an ear of Corn

Made by Tiffany. Nearly 3 ft. high—in solid gold and silver. Actual contract price \$1,000. To be awarded at the

National Corn Exposition, Omaha December 6 to 18, 1909

to the man, woman or child producing the best ear of corn grown this year in the United States.

Open to everybody belonging to the Association—Nothing to buy or sell. The purpose of the donor of this trophy—W. K. Kellogg—is to improve the quality of the millions of bushels of corn used in making Kellogg's Toasted Corn Flakes. Many people think the perfection of corn flavor has been reached in Toasted Corn Flakes. Perhaps it has. If you don't know how good Kellogg's—the genuine Toasted Corn Flakes—is, try it. Then you'll see how hard a task we are giving ourselves to improve it, and the only way we can improve it is by the betterment of the corn itself.

Professor Holden, of the Iowa State College, the greatest authority on corn in the world, will award the prize at the National Corn Exposition, to be held at Omaha, Neb., Dec. 6th to 18th, 1909. Two simple rules will govern the plan, and they are—that you send your best ear of corn to the National Corn Exposition, Omaha, Neb., before November 27, 1909, and that you are a member of the National Corn Association—full particulars regarding which can be had by writing to National Corn Exposition, Omaha, Neb. Tie a tag securely to your specimen and word it, "For the Kellogg Trophy Contest," and write your name and address plainly. If yours is judged the best, you will get the trophy for 1910. If you succeed again next year or the year following, the trophy will become your property for all time.

The contest will be open to every state in the Union. Professor Holden will judge the corn particularly on the basis of quality. The growing of more corn per acre is one object of the award, but the main purpose of the making KELLOGG'S TOASTED CORN FLAKES. If you haven't tried this delicious cereal, begin your education in "good things to eat" today. All grocers have it.
