A WHEAT COUNTRY

You May Travel for Miles in Passing a Wheat Field

Several people from this city and county expect to leave here on the 21st for a trip to the Canadian northwest, the greatest wheat country in the world. They are going with a view of seeing the country and investigating the merits of investment in realty in that country. It will be hard for them to go wrong in buying land whether they do so for investment or for the purpose of development. The Saskatchewan and Alberta provinces contain the most fertile wheat land in the world and it is being rapidly taken and settled mostly by Americans, many of them moving right into that country and all of them are apparently growing rich. Land is being purchased from fifteen to forty dollars an acre and the price is rapidly advancing, each year seeing several dollars added to the value of an acre of land. The Canadian government are taking a hand and offering inducements to the American farmer to invade that country and try his fortune. They are succeeding and this year thousands upon thousands of our people have gone there, either entering land from the government or buying it for a very little money. During the next ten years you will hear much from this great and interesting part of the country, and the time is coming when they will make the people of the United States sit up and take notice.

ROOTS, HERBS AND BARKS.

You can no doubt recall the collection of roots, herbs and barks your grandmother made every fall for the family medicine chest.

It is interesting to note that the most successful remedy for female ills had its origin more than 30 years ago in one of these home medicine chests, and Lydia E. Pinkham's Vegetable Compound is made today in immense quantities from those same roots and herbs with extreme accuracy, care and cleanliness.

DEEDS, NOT WORDS.

Decatur People Have Absolute Proof of Deeds at Home.

It's not words but deeds that prove true merit.

The deeds of Doan's Kidney Pills, For Decatur kidney sufferers. Have made their local reputation. Proof lies in the testimony of Decatur people who have been cured to stay cured.

Mrs. William H. Pennington, Grant street, Decatur, Ind., says: "I am glad to say that the cure Doan's Kidney Pills made in my case in 1902 has been permanent. At that time I gave a statement for publication endorsing this remedy and now I gladly confirm what I then said. I suffered from disordered kidneys for over two years and my back ached almost constantly. Having my attention called to Doan's Kidney Pills, I procured a box from the Holthouse Drug Co. and commenced using them. All symptoms of kidney complaint soon left me and at this time I am in good health. Other members of my family have taken Doan's Kidney Pills and have been benefited just as much as I."
