District Attorney Jerome has announced himself a candidate for reelection. He will seek, and doubtless obtain, a nomination by petition, just as he did four years ago. This will not only leave him perfectly independent of party bosses, but will also give the opportunity for any party to endorse him. His strength before the people will thus be tested. The present indications point to his endorsement by both political parties, so as to leave them free to fight out the mayoralty question. Jerome has been an honest and efficient as well as a brave official. The election of such men inspires hope that popular government will not fail.—South Bend Times.

Senator Cummins of Iowa told the truth when he said in a Chicago interview that the tariff is now an issue between two well-defined elements within the Republican party. He also told the truth when he said that the tariff issue must be settled definitely at the next Republican national convention. The party if it hopes for continued power will see to it at the next great opportunity that a few men are not to be allowed to set at nothing the pledges made to the people.—Chicago Post (Rep.)

That is the way these Republican papers and politicians always talk. Whenever a Republican congress "sets at nothing the pledges made to the people"—which is every time a Republican congress gets a chance—the Republican papers and politicians resort to the old deception about the tariff issue being "settled" definitely at the next Republican national convention. Convention after convention has "settled" the question, in the same way, but only for campaign purposes. So far as Cummins of Iowa is concerned he is merely working as a politician to keep in favor of the tariff reform sentiment in his state. Beyond that his great ambition is to keep in the limelight. The people surely have learned by this time that the tariff question must be settled at the polls and not in Republican convention.—Marion Leader.

SCHOOLS OPENED

A Large Enrollment of the Decatur Public Schools this Morning

HE IS PLEASED

Superintendent Rice Expresses Gratification Over Outlook for the Year

The Decatur public schools opened this morning, a short session being held to make all assignments for books and supplies. The teachers met the superintendent at central building on Saturday afternoon, at which time contracts were signed and other matters talked over. They adopted the "Mind in Its Making" as the book to be used at teachers' meetings, and many other things important to the teachers were discussed and agreed to. The enrollment this morning was especially gratifying, and it will be necessary to make some additions to the high school in order to accommodate the pupils. As reported the first year has 103, second year 85, third year 86, fourth year 81, fifth year 61, sixth year 56, seventh year 62, eighth year 68, making a total of 602 in the grades. The enrollment in the high school is 58 in the freshmen, 37 in the sophomore, 21 in the junior, and 16 in the senior, a total of 132 in the high school, and a total enrollment in both the grades and high school of 734. The showing is an excellent one and denotes a healthful condition in the public schools. Superintendent Rice is pleased with the outlook and is looking forward to a pleasant and profitable year in school work. Active work will begin tomorrow morning and from that time until next May it will be all work and no play.

Liberty Township, Wells County Remonstrate Against Saloons

FILED ON FRIDAY

Father of License Applicant Helps the Antis Remonstrate

The Liberty township blanket remonstrance was placed on file at the office of County Auditor Garrett about four o'clock Friday afternoon and as finally filed bears the signatures of 313 voters of Liberty township, a majority of 59 names. As there was not a single withdrawal filed all that will be necessary to prove the remonstrance effective if it should be contested will be simply to show that all who signed it were voters of Liberty township at the time they signed it. Signatures were secured to power of attorney cards, the same as in this city, and these cards give the exact date that every signature was secured. One unusual feature in the Liberty township remonstrance was found in the fact that William H. Singer, father of Charles Singer, who had given notice of his intention to apply for license, was a hard worker in the anti-saloon ranks and was in Bluffton Friday with Rev. Hornaday to help get the remonstrance ready for filing. Another of his sons signed the remonstrance. Charles Singer filed his notice of intention to apply for a license with Auditor Garrett late Friday evening. This was necessary should he want to go before the commissioners next week, but it is thought he will hardly go forward with a fight with such odds against him.—Bluffton News.

Charles Oetting went to Fort Wayne this afternoon and will return tomorrow accompanied by his son, who has been a patient at the Lutheran hospital there for three weeks past. The boy is six years old past, and suffered for several days from what was supposed to be appendicitis, but which the operation proved was an abscess in the right side. The lad has recovered sufficiently to come home and it is believed will be all right from now on.

HAS COME TO STAY

Artificial Gas is a Luxury Our People Should Prepare to Enjoy

AN INTERVIEW

John S. Bowers Will Pipe His Building on the Burt House Site

Artificial gas has come to stay. In an interview with John S. Bowers he said many interesting things about its manufacture and use. During the time that natural gas was in its glory, Mr. Bowers was manager of the Logansport & Wabash Valley Gas Co., and it is a fact that every one knows that during that time Decatur revelled in the best gas service of any city in the state. In his new business block on the Burt House site he is piping it for artificial gas, and he said no building now would be complete without it, as it is coming into general use and will be in abundance, especially as long as S. T. Murdoch and Mr. Mulholland are at the head of this wonderful and gigantic enterprise. It is a fact that the state of Indiana does not have no two better men when it comes to dealing in gas and electricity and the world has been revolutionized in the last few years with this same gas and electricity. So we feel that Decatur is to be congratulated upon having the Indiana Lighting Company supply us with this wonderful fuel, and our people will certainly miss it by not getting ready to use it as soon as the company are ready to supply this city. The work of construction is being pushed and in a few weeks more Decatur will be supplied with artificial gas.

William Lee Mattax, son of Louis and Anna Mattax, was born in Knox county, Ohio, September 24, 1838. Died at his home in Blue Creek township Adams county, Indiana, August 28, 1909. When but two years old he came with his parents to Monroe township Adams county, where he grew to manhood. October 3rd, 1861, he was united in marriage to Bersheba A. Coverdale. To this union were born four children, two sons and two daughters, one son and one daughter having preceded him to the better land. Besides his loving wife he leaves two brothers, Labon Mattox of Monroe township and Davidson Mattox of Blue Creek township, and one sister, Mrs. Mary Eley of Monroe township, one son Dr. L. L. Soon after his return from the war he united with the M. E. church at Salem where he has been a true member ever since, having held every office in the church and having been class leader for over twenty years. He has been upright and honest in all his dealings and was admired by all who knew him. MADE THE CALL

Zion Lutheran Church Have Chosen Rev. Behmeyer of Alberta, Canada

MET YESTERDAY

Rev. Jaus Preached an Excellent Sermon in German

It was an important meeting held at Zion Lutheran church yesterday afternoon. At two o'clock Rev. Jaus preached in German, and the sermon contained many excellent thoughts and was eloquent. Following the regular services a congregational meeting was held which ended in a call being extended to Rev. Behmeyer now doing missionary work in Alberta province, Canada. The new candidate is a young man with five years' active work in the ministry, and is credited with being a fine speaker, and a man with unusual attainments in this work. The call was unanimous, and now all that awaits the closing of the agreement is the acceptance of Rev. Behmeyer, and this is expected. It will not be known whether he is coming until the congregation meets again one week from next Sunday afternoon, and then the announcement will be made and the matter settled. The Zion Lutheran congregation here are anxious to have the matter settled and to again get down to active work in their church. They have made such an excellent showing since their organization and even a few weeks without a pastor retards activities and makes it more difficult for them to again forge ahead.
