J. H. HELLER, Manager.

The ship subsidy graft is again before congress and several ex-members, temporarily out of a job, are camped in Washington working for it. Among these ex-members, it is said, are Chas. B. Landis and James E. Watson of Indiana. No member of congress who has any regard for his constituents or for his own future will vote for this absolutely indefensible measure. As the Indianapolis News says, "It is going to be a pretty difficult thing for any congressman from this part of the country or farther west to justify his vote for the graft to the satisfaction of his constituents."

Mr. J. Pierpont Morgan and his associates, having monopolized steel, life insurance, railroads, telegraph, most of the money and a few other things, have now reached out and taken possession of the independent telephone service of Indiana and neighboring states. There are not now many kinds of business that can be carried on without the consent of the patriotic Mr. Morgan and the benevolent Mr. Rockefeller, but when the central bank is established individual effort will be at an end outside of the wage and salary classes. As for the farmer, the price of his products will be fixed for him in some nice, cozy back office in New York and Chicago, and he can take it or leave it.

NOT ALL GLORY.

Is the Job of Being Poultry Association Secretary Says One.

The glory of being secretary is hardly sufficient pay for the work that is to be done. And then it is not all glory. The secretary gets the blame for many things that are not his fault. Disappointed exhibitors often say harsh things about the secretary. He gets the blame for delayed shipments of the express companies. If there is no money to pay expenses the secretary catches it, though he has been doing his best to make ends meet. He is criticised if he spends too much money or not enough.

Any one who has held the office for several years does not care to continue the performance. You can aid in making your show a success by being ready to help the secretary at all times. Often he is obliged to leave more work to be done because he has not the time to do it. So let everybody lend a helping hand and make the coming poultry show a grand success. By one who "has been."

There will be a special meeting of the fire company Wednesday evening, December 22nd, at 7 o'clock. Important business. L. C. HELM, Chief.

RABBITS PLentiful

But Other Kinds of Game is Scarce—Boy in South Adams.

CAUGHT FOURTEEN

In Two Hours—And Others Sixty-Five in a Half Day.

Though other kinds of wild game is scarce in Adams county, rabbits are reported quite plentiful this year. One of the jurors from the south part of the county who was in town this morning stated that his son one day this week caught fourteen in two hours, which is quite the banner "bag" of the season, and from another source comes the report of the catch of sixty-five made by two persons in a half day. Aside from the sport furnished from this the material value of the catch is not to be despised, especially at this time when pork seems to have taken wings. And those who have partaken of rabbit stews, or rabbit cooked in quite the seasonable ways known to good cooks, know that it forms a very tempting repast. The snow which has come today will no doubt prove to be the winding-sheet for many a poor bunny, as hunters at this season, when they have more leisure during the holidays, will be numerous.

ON NEW YEAR'S DAY

Winness Family Will Enjoy Reunion of Children and Grandchildren.

AT PARENTAL HOME

Mr. and Mrs. Harry Winness From California Will be in Attendance.

The home of Mrs. Henry Winness on the corner of Jefferson and Fifth streets promises to be the scene of a happy affair on New Year's day, when a family reunion of the children and grandchildren will take place. Winness of Rudley, Cal., who have not been here for almost six years, have assured their presence, which alone will cause great rejoicing. A large number of others will arrive and the event will be a happy and long remembered one. Some from out of the city to arrive are Mr. and Mrs. Hugh Miller and children, Harold, Mildred, Gretchen and Barbara, of Muncie, Ind.; Mr. and Mrs. Harry T. Winness of Rudley, Cal.

SUCCESSFUL DOCTOR

Now Has Large Practice in Chicago — Visits Here With Father.

More and more are the women of America branching out into the professions where they are making good and forcing mankind to feel that they also have a place in the great life work of the nation. One of the very few women doctors that Adams county has produced is Dr. Lizzie Burns, now of Chicago, who is here for a visit over the holidays with her father, Clark Brothers, a well known farmer of east of this city. Dr. Burns will be well remembered by many of the county, having been one of the successful school teachers of ten or more years ago. After teaching for some time, Mrs. Burns decided to enter the medical profession and has now been practicing for several years, having located in Chicago, where she finds a wide field for labor in this line, which perhaps is of more real good to humanity than any other, since it provides and cares for the body that it may be a fitting temple for the soul in its expansion. Mrs. Burns, while enroute to her father's home, visited in this city, stopping over night with Levi Barkley and family, and calling on other friends and acquaintances.
