The republican state convention is to be held on April 5. That is not quite April 1, as the last one was, but it is close enough to have the same effect. Brother Hanly should be able to talk just as well on the fifth as on the first—that is, if he gets a chance.

The new chairman of the republican state committee says that he "is just getting his bearings." That is what he says, but is he? Many able republicans than the new and inexperienced chairman have not got their "bearings" and openly admit it.

The Washington correspondent of the New York Times thus sizes up the various "splits" that afflict the republican party: "There is a foolish but prevalent idea that the present trouble in the republican party is entirely due to a few 'insurgents,' and an equally foolish and nearly as prevalent idea that it is traceable to the tariff. The actual fact is that the situation of 1881-1882 is duplicated; that the party is split not only on these major issues, but on a thousand other things. In states where the tariff is perfectly satisfactory the party splits on some local issue like patronage. In states where an insurgent is a joke the party is split on local option. And if the party can't find anything else to split on it splits on the Pinchot issue."

town to attend the harness sale and take advantage of the low prices at which harness was offered for that day only. Each farmer was presented with a first class buggy whip and we learn that several sets of harness were sold. This firm is rapidly coming to the front and do just as they advertise. There has not been such a crowd in town for some time and we are convinced that every one who possibly could look advantage of this special offer by the Lichty Bros. & Co. hardware dealers.

Quite a number of children in and near Monroe are afflicted with the scarlet rash. None of the cases are reported serious.

Charles Smith, representative of the Continental (Ohio) Sugar Beet company, who has been among our farmers in this vicinity for the past week, is meeting with good success and a number of acres have been promised for the testing of the beet industry for this season. The proposition he offers to you is a fair one and you have nothing to lose. Watch for him, if he has not already called on you. He will do so within the next few days.

### IS JESUS YOURS?

Sunday was a most successful day at the Evangelical church. Instead of taking up the study of the lesson in the Sunday school, Decision Day was observed. Each class first contributed its collection to the building fund, which amounted to \$23 and a few cents. Father Fuhrman's class contributed \$5.80, and was the banner class. After the secretary's report, the evangelist, Rev. Klein, gave an evangelistic talk to the Sunday school, and then made an earnest appeal to the scholars to accept Christ as their personal Savior. Fifteen girls and boys bowed at the altar and gave themselves to their Christ.

At 3 o'clock a men's meeting was held in which about one hundred were present to hear a stirring address by Rev. Klein on the subject, "Two Contending Forces." Every one present was inspired by the lucid as well as eloquent sermon. It was certainly a joy to be in such a mass meeting of men. A goodly number of women were present, too. The Don's quartet rendered two beautiful selections, which were greatly appreciated by all present.

The Y. P. A. met at 6:30 in an interesting meeting led by Miss Alice Burrell. After this another evangelistic service was conducted by the Rev. W. F. Klein. The church was filled to the doors and it was an inspiration to hear the large audience sing the gospel songs. A ladies' quartet composed of Lillach Lot, Mrs. Runyon, Mrs. Opliger and Kern sang very beautifully the battle song, "Is Jesus Yours?" They also sang another special selection to which the crowded house listened with great interest. Evangelist Klein then spoke upon the words, "For God so loved the world that whosoever believeth on him should not perish, but have everlasting life." Rev. Klein was at his best and carried his audience, in his eloquent manner of speaking, up to a heights of ecstasy, such as has seldom been seen in Decatur. It is certainly a rare treat to listen to such masterful sermons.

A mothers' meeting will be held Tuesday afternoon at 2:30. An address will be given to the mothers, but the public also will be invited and welcomed to this special service. We again extend a cordial welcome to all who will come and worship with us in these special days.

## MARCH SESSION

The Board of Commissioners Are Holding Their March Session.

## ROADS TO BE SOLD

There is Much Business at This Term of Commissioners' Court.

The board of commissioners met this morning in their March regular session and they dug right into the work of a busy session, and for the first day made much record and transacted considerable business.

The John J. Schuh petition for a highway was filed and David Steele, Cris Beberick and Edward Foreman named as viewers. They will meet at the auditor's office on March 14th and will then vitv the proposed road and report their findings to the board at their April term.

The C. C. Beer and G. H. Martz macadam roads in Monroe township, and the William Adler road in Kirkland township was ordered sold at the April session, and the auditor was instructed to advertise for bids. The J. J. Soldner road was continued.

The board of turnpike directors, which is composed of the commissioners, will buy some road drags, with which to place in good condition the many miles of macadam roads now in the county. The long winter makes it necessary to spend considerable time and money in repairing these roads in order to keep them up to the high standard of excellence. Adams county has some of the best roads in the country and it is money saved to keep them in good repair.

The quarterly report of J. R. Gfaber, superintendent of the county infirmary, was filed and approved by the board.

The W. L. Raudebush, G. McAlhany and A. J. Sipe macadam road petitions were continued, and will likely come up again some time during the year.

The quarterly reports of the clerk, treasurer, recorder, auditor and sheriff were filed.

## CAPT. BOGARUS AGAIN HITS THE BULL'S EYE.

This world famous rifle shot, who holds the championship of 100 pigeons in 100 consecutive shots, is living at Lincoln, Ill. Recently interviewed, he says: "I have suffered a long time with kidney and bladder trouble and have used several well known kidney medicines, all of which gave me no relief until I started taking Foley's Kidney Pills. Before I used Foley's Kidney Pills I was subjected to severe backaches and pains in my kidneys with suppression and oftentimes a cloudy voiding. While arising in the morning I would get dull headaches. Now I have taken three bottles of Foley's Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and once more feel like my own self. All this I owe solely to Foley's Kidney Pills and always recommend them to my fellow sufferers."

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. The Holthouse Drug Co.
