## IRRIGATED LANDS

(Continued from page 1.)

654 square miles and has a population of nearly 40,000,000, yet it is the bank- nation of the world, supports its people comfortably. The German empire has 208,000 square miles and a population of 60,000,000. Austria-Hungary has 261,000 square miles and a population of 47,000,000. Montana, Idaho, Washington and Oregon have 297,700 square miles, and not more than 3,000,000 population. How many happy and prosperous people will these three great commonwealths support when careful and intelligent use is made of their matchless resources?

"It has been demonstrated that western lands under irrigation will produce paying crops of anything which grows in the temperate zone. Tree and shrub fruits are noted for their brilliant coloring, unusual size and excellent flavor, while berries, melons and vegetables follow each other in rotation to fill out the seasons."

employees were thrown out of work in that line, decided to learn the blacksmith trade, and is at present engaged in that work. Knowing the Morse system of telegraphy, Mr. Leavell would find it comparatively easy to learn the wireless code, and as wireless operators demand good salaries, would doubtless be in the swim. He has not yet fully determined whether he will take up the matter, but will likely do so.

## STUDYING IN THE OPEN AIR.

"About 5 per cent of the school children of our large cities are in such debilitated condition physically as to need such treatment as that afforded by special schools of the open-air type," says Leonard P. Ayres, Ph. D., in his forthcoming publication "Open-air Schools," which appears this month with the imprint of Doubleday, Page & Company. "The Modern World has made two so-called discoveries," says the author, "the value of children and the benefits of outdoor life." Convincing results testify of the prime importance of the outdoor school for building up children who are subnormal physically, and it is to be hoped that the United States will soon follow the example of Germany in establishing the outdoor school as an integral part of its regular school system. Dr. Ayres was formerly superintendent of schools of Porto Rico, and is now associate director of the educational department of the Russell Sage Foundation. His long and thorough study of the subject of child hygiene makes him the very man to write this book.

## SAD HOME COMING

Remains of Mrs. Alfred Elzey Arrived From Fort Wayne Today.

## DIED ON SATURDAY

While Visiting at home of Son—Heart Trouble the Cause.

Very different was the homecoming of Mrs. Alfred Elzey today, from that which might have been expected last Thursday, when she, apparently in good health, accompanied her daughter, Mrs. Jay Elzey, to her home at Fort Wayne for a visit. The death of this good woman, known and loved by many of this county, where she had made her life-long home, occurred at Fort Wayne suddenly Saturday night at 9:30 o'clock from heart trouble, and very soon thereafter the message was received by the husband and friends here, where it caused universal sorrow. Mrs. Elzey had been afflicted with heart trouble for several months, for which she has been doctoring, but she had been in fairly good health when she went to Fort Wayne for the visit. She and her daughter-in-law, Mrs. J. V. Elzey of Buchanan street, had gone to spend Saturday evening with Mr. and Mrs. Edward Tierney of John street, and when within a few doors of the Elzey home on their return, Mrs. Elzey suddenly dropped to the walk. She was taken to her son's home and in a few minutes had expired. The remains arrived this afternoon at 1:11 over the G. R. & I. railroad, accompanied by the husband, Mrs. J. V. Elzey and other relatives, and were taken at once to the home on Line street, the Rev. Wise, pastor of the Evangelical church, of which she was a member, also accompanying the cortege. Mrs. Cornelia Ann Bell Elzey was born in this county forty-eight years ago, and practically all her life has been spent here. Quite recently Mr. Elzey retired from active life as a farmer and the family removed to this city. The deceased is survived by the husband, Alfred Elzey, and the following children: Mrs. Dora Meyers, Trinidad, Colo.; Mrs. May Andrews, Decatur; Jay V. Elzey, a Pennsylvania fireman, Fort Wayne, and a son, Lawrence, who is attending the Fort Wayne business college. Two brothers and two sisters also survive. They are A. C. and James Ball of this city; Mrs. George Ruckman and Mrs. Will Elzey of near this city.

Funeral arrangements for Mrs. Elzey have not yet been made, pending the arrival of the daughter, Mrs. Dora Meyers, from Colorado. She will not arrive here before tomorrow afternoon.

The New York Times and Philadelphia Ledger's special train enveloped in a white blanket to guide the aviator, started on a no-stop run to Philadelphia.

(United Press Service.)

Philadelphia, June 13—(Special to Daily Democrat)—Hamilton landed at Erie street at 9:28. He covered the eighty-six miles from New York in one hour and fifty minutes.
