A SPRING TONIC

Better than drugging the system—better than artificial tonics—more effective in cleansing the system and toning up the nerves—is ten days or two weeks among the picturesque highlands of Southern Indiana at those wonderful and rapidly becoming famous

FRENCH LICK

and

WEST BADEN SPRINGS

on the

MONON ROUTE

and it is MUCH CHEAPER. There are several picturesque springs, having different curative properties. For Stomach, Liver, Kidney and Bowel troubles and their attendant nervous affections, these waters have produced wonderful results. They allay gastric irritation, render soluble in the body substances that are harmful, and thus free the body of them. Their action on the kidneys and bowels, as well as on the skin, corrects the acidities due to various kinds of fermentation in the body.

An excellent adjunct to these waters is the good air and the opportunity for exercise in the open.

Booklet telling all about the waters and giving list of hotels and boarding houses, with their rates, sent free.

BRUTAL MURDER

(Continued from page 1.)

apparently dazed and in great fear of Richer. Richer called him to him and sought to administer more of the turpentine and began to throw him. Richer grabbed him by the arm and began jerking him around, throwing him to the floor. He then caught the boy by one leg, whirled him over his head and began to spank him. "Suddenly," said Mrs. Richer, "the boy gasped once or twice and then quit breathing. We took him outside and tried to revive him, but I guess he was dead when he quit breathing."

Mrs. Richer was formerly Miss Judith Stiner of Adams county. She was married to Richer in February, 1909. Richer is of Amish descent and owns 120 acres of valuable land two miles southwest of Grabil, in Cedar Creek township. He has a reputation as a hard-working man, but is said to be miserly in his disposition.

THE SOCIAL NOTES

(Continued from Page 2.)

of town guests were Mrs. Tom Haefling of Flint, Mich.; Mrs. Charles Philod of St. Marys, Ohio, and Mrs. B. G. Lynch and daughter, Beatrice, of Jonesboro, Ark.

Mrs. H. F. Costello pleasantly entertained at dinner today for Mrs. B. G. Lynch and daughter, Beatrice, Mrs. A. Holthouse, Sister Antonia of Jonesboro, Ark., and Mrs. Roman Holthouse.

The Maccabee ladies will hold their regular monthly social Monday evening at the home of Mrs. Nora Butler on Tenth street. Everybody is given a cordial invitation to attend.

The German Reformed Ladies' Aid met with Mrs. August Schlickman, the meeting being a most pleasant and profitable one. About thirty were in attendance and after the devotional and social session, ice cream and cake were served by the hostess.

TO SEE CATALPA, LOCUST, ASH WALNUT AND POPLAR TREES GROWING IN GROVES.

You should accept the invitation of the state board of forestry to visit the forest experimental station on July 28th. The board is making special efforts to entertain and instruct visitors, who may be interested in forestry on that date.

If you have a forest planting it will pay you to visit the forest experimental station to see how best to manage it. There you can see twenty-seven plantings under cultivation, and the several kinds of pruning. You can see the various kinds of trees planted at different distances apart. If you expect to do forest planting in the near future, do not miss this opportunity to observe for yourself what kind of trees to plant and how to plant them.

To reach the forest experimental station, take either the Pennsylvania steam line or the Indianapolis and Louisville traction line for Henryville. If you expect to attend, write the state forester, Indianapolis, who will give you detailed information.

There are still a few copies of the 1909 report for distribution. It contains valuable information on the planting of Catalpa and Black Locust and the care of the woodlot. If interested write for a copy at once while they are to be had.
