## WERE NO BIDDERS

There Were No Bidders For the Decatur Packing Company Plant Today.

## THE LAND WAS SOLD

John Fuhrman Bought Thirty-three Acres For \$2,200—Horse Also Sold.

The sale of the Decatur Packing Company plant this morning failed to bring forth even a single bidder, and as a result no sale of the company's property was effected. Thirty-three acres of land belonging to the company was sold to John Fuhrman, the same going for two-thirds of the appraised value, \$2,200, and this was dirt cheap. A horse was also sold, but outside of this there was nothing doing. Receiver Charlie Vogeleweide and Auctioneer John Spuhler did their level best to start something, but their efforts were all in vain. There were simply no bidders for the plant and no inducement could make them. The situation is one in which neither the receiver, his attorney or any one else can make any prediction or plans for the future. The appraised valuation is now so low that a further reduction is not even a possibility, and the only thing now considered is that some one who knows this business will offer the present appraised value and close the matter up. No further instructions will come from the court until it meets the first of September, and until then it is likely the matter will remain as it is now.

## A MARTYR TO LOVE

(Continued from page 1.)

ed how far the shot would carry, and asked if it was guaranteed to work well, and stated that he would prefer the smaller one, as it was lighter and handier. He waited for his change, and seemed no unusual customer, the only thing noticed by Mr. Kiess being that he hurried from the store with greater speed than the usual customer.

Walked With Him to Park.

Henry Trim, a well known man of this city, walked with Potter from the bridge to the park entrance Tuesday afternoon, two to happen along at the same time, and was perhaps the last person who saw him alive. Arriving at the buildings at the west side of the park Potter asked Trim what they were. Trim informing him that one was the ice house and the other had formerly been used as a saloon. Potter stated that he believed he would investigate and turned into the driveway at the park. Trim walked on and shortly afterwards heard a shot. Thinking the occurrence rather unusual, Trim looked at his watch and noted that it was just 12:04 o'clock. If this were the shot fired by Potter, there must be some difference in the timepieces of the several parties, as the hardware clerk stated that the revolver was not purchased until after 1 o'clock.

Made Many Acquaintances.

The unfortunate young man came to this city about four weeks ago, in company with John DeHaven of Toledo, and a Mr. Donaldson of Medina, Ohio. All were teachers or students from Oberlin, Ohio, who were spending the summer serving as agents in order to help pay their expenses for the winter at college. Mr. Potter was a teacher of violin in the Oberlin Conservatory, and also a student in languages, etc., in the Oberlin college. He had spent two winters studying in Leipzig, Germany, and was a most accomplished musician, as well as being highly educated in other lines. He made many friends while here and was well liked by all. For the winter he had received an appointment to serve as teacher in a college in North Dakota, and expected to take up that work in the fall. DeHaven, who was working here, suffered a sprained ankle and was forced to return to his home at Toledo about two weeks ago, while Donaldson, the other comrade, became sick with stomach trouble and returned about a week ago, both being away at the time of the unfortunate death of their friend.

Friends Know No Cause.

Messrs. DeHaven and Donaldson arrived today and were much shocked over the death of their friend. They stated that they were in very intimate relation with his affairs and knew absolutely nothing to cause the rash act, and most certainly not remorse of any sort, as he was a man of the highest morals, kind hearted, clean minded

and honest throughout. He was a musician of unusual ability, highly strung and of very sensitive nature and changeable moods, and it is supposed that he did the act in a mood of despondency. He was to have been married in August, it is said, to Miss Armstrong, after which they were to go to Grand Forks, N. Dak., where he had a position as teacher in a college. His funds at this time were rather stringent and it is thought that this may have contributed to the cause of his despondency.

## QUITE A SUCCESS

Large Crowds Attending the Geneva Chautauqua This Week.

## HOBSON TONIGHT

Fire Destroyed the Barn Owned by Mrs. Catherine Mundhank.

Geneva, Ind., July 20—(Special to Daily Democrat)—The chautauqua is now moving along smoothly and everything is working like clock work. Fair weather marks an epoch in the performances and the crowds are increasing daily. Tuesday at 2:15 was the first appearance of the National Chautauqua band and orchestra, which is composed of eleven members and who gave a most delightful entertainment. This was followed by Dr. Charles F. Sheldon in his famous lecture, "The Making of a Man." Mr. Sheldon in a one and one-half hours' talk said some things that will be remembered by those present for many years to come. Some of the essentials that enter into the making of a good man and woman as stated by the Doctor are, honesty of purpose, moral courage, grit, cultivation of a spirit of cheerfulness, love of home, love of country and a love and reverence to God, the giver of every good gift. Be original and be yourself at all times and under all circumstances and the banner of success will unfurl at the end of the race.

In the evening another large and appreciative audience was entertained by the chautauqua orchestra and treated to some high class music. The cornet solo by Mr. Coleman, the cello solo by Mr. McFadden, and the zither solo by Mr. Higgs, deserve special mention. Every one was more than satisfied with the two hours of music rendered by this splendid orchestra.

Captain Richard Pearson Hobson has arrived and is ready for his engagement this evening when he appears in his lecture "Our Country's Destiny."

Mr. Gilbert Fisher, who has been prospecting in the west for a year, is at home for a visit with his parents. Mr. Fisher likes the west, but he likes good old Adams county better.

Mrs. Al Burd and son, Joe, of Decatur were visiting friends here Tuesday, returning home on the afternoon train.

Mrs. Catherine Mundhank, living on Main street, lost a barn on her farm northwest of Geneva. The barn was filled with hay and implements, the total loss being about five thousand dollars. This was partially covered with insurance.

Mrs. Frank Miller of Rural Route 2, who was operated on at the Portland hospital a short time ago, is making rapid improvement, and will be brought home the last of the week.

## RETURNED TODAY

Martin Jaberg and Wife Are Home From Their School Work.

## WILL REMAIN HERE

They Were Located at Toreva, Arizona, Eighty Miles From Railroad.

Martin Jaberg and wife came in this afternoon over the Grand Rapids, they coming from Rome City, where they have been spending the last week. They left their western home on June 30th and most of the time since have been on the road. They both left here last November, going to Toreva, Arizona, where they were employed by the government as teacher in one of their Indian schools. Toreva is eighty miles from the railroad and this led to many discomforts that led to their abandonment of this work. Otherwise it was pleasant and contained many features that were thoroughly enjoyed. They asked for a transfer to LaGuna, New Mexico, which place has a similar school and is located on the railroad. This transfer was refused, so they took a twenty-six days' leave of absence and tomorrow their resignation will go forward to the government. They will again become residents of this place and for that fact their many friends here will rejoice. It has been an experience they both will remember as long as they live, but outside of that not very profitable.

## PRAYER MEETING AND OFFICIAL BOARD MEETING

The Methodist prayer meeting will convene this evening at 7:30 sharp and will last one hour. The official board meeting will convene immediately after prayer meeting. Important business, which will take but a few minutes. Let every member be present.

SHERMAN POWELL, Pastor.

## EAGLES, NOTICE!

All Eagles are requested to be present at the Eagle hall on Thursday evening, July 21st. By order of president. PINK BALL.

## SECOND ACCIDENT.

Had Hands Severely Burned This Morning While Smoking.

John Schlager, residing in the north part of the city, who a short time ago met with an accident and injured his hands very painfully, met with another accident this morning, which will cause him to be laid up some time longer, and which is also very painful. He had his hands all bandaged up from the injuries received a the first accident, and the cloths saturated with turpentine. This morning, while sitting at his home, and wishing to pass the time with a little more pleasure, secured a pipe and filled it with tobacco. When he struck the match the turpentine took fire and burned quite severely, and although he tried to extinguish the flames he was unsuccessful until he ran out of the house and plunged them into a bucket of water. He at once came to the city, where he had his wounds dressed, and he is now resting as well as could be expected.

## WHAT A SUMMER COLD MAY DO.

A summer cold if neglected is just as apt to develop into bronchitis or pneumonia as at any other season. Do not neglect it. Take Foley's Honey and Tar promptly. It loosens the cough, soothes and heals the inflamed air passages, and expels the cold from the system." The Holthouse Drug Co.

and it is MUCH CHEAPER. There are several different springs, having different curative properties.

For Stomach, Liver, Kidney and Bowel troubles and their attendant nervous affections, these waters have produced wonderful results. They allay gastric irritation, render soluble in the body substances that are harmful, and thus free the body of them. Their action on the kidneys and bowels, as well as on the skin, corrects the acidities due to various kinds of fermentation in the body.

An excellent adjunct to these waters is the good air and the opportunity for exercise in the open.

## Remember Two Things When You Paint:

1. The paint is a small part of the cost. It's the painting that counts.
2. It costs less to put on good paint than cheap, because it's made better.

If you use LOWE BROTHERS "HIGH STANDARD" PAINT you get the best results at least cost. You will remember the high quality long after you have forgotten the cost. Get color cards and pamphlets at once.
