Oh, you Decatur—best town on earth!

Who said Decatur couldn't come back?

The idea of beautifying the lawns, cleaning the yards and generally improving the appearance of our properties, is meeting with returns already. It helps you, it is better for your health as well as your neighbors' and it means much for the reputation of the community. Don't be the last to do it.

And now, when we catch this dredging fever, the spirit of a deep waterway, there will be sure to be something doing. With four railroads and a water line, this would be the best trading point and the busiest mercantile center along the eastern Indiana line between Fort Wayne and Richmond. Hey, there—you slow boys—get in the game. Now's the time.

With a fire department, a city hall, three new factory buildings, every laboring man in the city working full time, and more, if he wants to, we are about to enjoy an era of prosperity. Decatur always was the best town on the map. If it hadn't been it couldn't have stood the test it has endured during the past few years. Now the reaction is coming. It is not a boom, but a natural and deserving growth.

## ABOUT THE SICK

Mrs. John Swartz This Morning Submitted to Critical Operation.

## OF DOUBLE NATURE

Lafe Ellis Was Able to Sit Up Monday—Others Doing Well.

A very critical operation was this morning undergone by Mrs. John Swartz of Vera Cruz at the home of Dr. D. C. Clark on North Third street, which was performed by the Drs. Clark assisted by Dr. McOscar of Ft. Wayne. One hour and a quarter was required for the operation, it being of a double nature, for appendicitis and tumor. That the operation was of a serious nature is owing to the fact that she had been in failing health for the past eight years, rendering her very weak for the ordeal, and it is considered by those in charge to be one of the most serious that has come to their notice for some time. In itself it was a success, but much time will be needed before any definite information can be learned as to her recovery. She was accompanied by her husband and several sisters, who were present for the operation, and who later returned to their homes.

Mrs. B. J. Terveer went to Fort Wayne this morning to call on her daughter, Miss Emma, at the St. Joseph hospital. Miss Terveer shows no change, her condition being about the same as yesterday.

Miss Stella Ellis went to Fort Wayne this morning to call on her father, Lafe Ellis, at the St. Joseph hospital. Mr. Ellis is better and this news is encouraging to all his friends.

W. A. Fonner, who has been suffering from tonsillitis the past week, is still suffering much. Sunday it was necessary to lance one side of his throat, and it is now thought it will be necessary to do the same on the other side.

Still very encouraging is the news received from the bedside of Mr. Ellis by the members of the family. Monday he was able to sit up for a short time, his strength having been sufficiently regained to allow him a different mode of resting.

Mrs. Philip Wagner is slowly improving from the operation, which she underwent and her friends are becoming more encouraged with the results with which she is meeting. Several weeks will still be needed before she can be permitted to return home.

The condition of Miss Emma Terhaar is slowly showing improvement and the attending physician is better pleased with her condition than he has been for several days. She is still quite weak, but her heart action is nearer the normal state, than at any time previous.

Edwina, little daughter of Mr. and Mrs. C. C. Wilder, who has been suffering from a swelling of the throat, a disease which is going the rounds

at present, had the same lanced yesterday.

Grandma Robison, the aged lady residing near Monmouth, who was quite sick the latter part of last week, is much better today. In fact today she was reported as being better than she has for the past six months and this morning was able to walk about the porch.

### GOLLMAR BROS. PARADE.

Mammoth Pageant Reveals Character of Show.

The Gollmar Brothers' show, which exhibits in Decatur Thursday, May 18, features everything connected with it, from the street parade to the concert. The press of other cities have made only the most favorable comment for Gollmar Brothers' parade. Even when the show visits territory where it has never been, its magnificent street pageant so agreeably surprises the public that they are sure to crowd the immense tents.

It is in the parade that the management of a circus can show to good advantage the stability and character of the aggregation. If it is a cheap concern, giving only ordinary performances, its parade will tell the tale. If it is really meritorious the street display will demonstrate the fact. The splendid equipment of the great Gollmar Brothers' circus is shown to excellent advantage in the big parade, and it is always complimented. The horses are in fine trim, and the tablauw, wagons, dens, cages, and chariots are resplendently decorated with costly carvings, gilt and varnish. An unusually large number of dens are open in the parade, and the general public is given a free exhibition of a fine array of wild animals. All in all, it is pronounced by many, the finest and best circus display ever seen upon any streets. But it is in the circus performance that the show excels.

The parade of the Gollmar Brothers' show will start from the lot at 10 o'clock sharp, and traverse the principal streets.

Attend the Didot auction sale tonight. It's an honest sale.

Mr. and Mrs. John Swartz of Vera Cruz were in the city today, the latter undergoing an operation at the home of Dr. D. C. Clark.

Ulysses Drummond of Pleasant Mills was in the city this morning looking after business affairs, returning at noon to his home.
