Entered at the postoffice in Decatur, Indiana, as second-class mail.

A change of sixty degrees in the temperature arrived on schedule time Sunday morning. This morning the plumbers had the first rush of the season.

One man died from heat prostration in Chicago Saturday and two froze to death Sunday, according to newspaper dispatches. That's going some, even for the windy city.

The Larowe Construction company of Detroit will build the big sugar plant here, finest in the world, and first in Indiana. It will do more to advertise this thriving and growing little city than all the things we ever strived for.

An early convention in Indiana is being boosted by many of the democratic papers of Indiana. If there ever was a time in the history of the party in this state when we should take the lead it is now. Let's step out and do it. From present indications the nominations will be made the first week in March.

And this from Leslie's Weekly, renowned republican publication:

"Although thus far the democrats have avoided some of the blunders which the republicans predicted for them, their power is still new. The distrust which business men, democrats as well as republicans, have not been entirely allayed. The result in 1910 was not so much a democratic triumph as it was a republican revolt. Speaker Clark and other prominent democrats have conceded this. Tariff revision has always, in the elections immediately afterward, hit the party which did the revising. The democrats are engaged in a work of this sort now. In doing this work it is possible that they may arouse feuds in their own ranks, which would be as disastrous to them as were engendered among the republicans in the similar task two years ago.

"In a great degree the result of the campaign of 1912 will be determined by the record which the democrats make between now and then and by the character of the candidate whom they select. Under no possible cir-

cumstances can the republican majority in 1912 be as large as it was in 1904 or 1908, while a majority of any sort for the republicans is very far from being certain.

A PERSONAL ANNOUNCEMENT.

Many of my friends have recently made inquiry regarding my entering the race for the judgeship at the coming democratic primary election, and it would indeed be ungrateful on my part if I did not appreciate their interest and efforts in my behalf.

The people of Adams county, without regard to political affiliation have been very kind to me in the past, and they have assisted me very materially in my chosen profession.

Should my life be spared and there being no preventing providence I may in the future ask the people of Adams county for the position of judge of the Adams circuit court, should they deem me worthy of it. In the meantime my only effort will be to so conduct myself as to merit their approval. Very sincerely,
CLARK J. LUTZ.

ASKS AN ALLOWANCE.

Mary E. Steele Asks for a Temporary Allowance.

Mrs. Mary E. Steele, plaintiff in a suit for divorce brought in the Adams circuit court against her husband, Eli W. Steele, and venue here, has filed an application for an allowance of temporary alimony, asking for \$200 to be used for her maintenance pending the trial of the case. This has been tentatively fixed to begin Monday, December 18th. It is expected that the submission of the evidence will require several days. Mrs. Steele alleges in her divorce complaint that her husband is worth \$250,000 and she is demanding \$50,000 alimony. In her petition for an allowance, Mrs. Steele alleges that she is practically without property, her only possession being real estate worth \$5,000, but mortgaged, and a small amount of personal property that can yield no income. She says that she is practically destitute of clothing and food, and that she is unable to procure them on her own account because her husband has circulated reports that she is dishonest. The telephone in their home she says her husband has refused longer to pay for and it has been removed, and because he will not pay bills for electric service this is threatened to be discontinued at her home. L. C. DeVoss, representing Mrs. Steele, filed the petition Saturday morning. Judge Daniel D. Heller, representing Steele, asked time to file a counter showing. This will be done within a few days.—Portland Commercial-Review.

Long will Martin Ault's twenty-third birthday be remembered, not only by Martin himself, but by many of his friends, who gathered for an evening of pleasure. Twenty in number responded to the invitations received and until a late hour enjoyed the happy event which had been arranged by Mr. Ault. A sumptuous dinner of all the delicacies in season was served, and none are reported as being bashful in this line. The time was spent socially, and upon their departure wished Mr. Ault many more such happy occasions.

WARING PROPERTY LIGHTED.

Five Handsome New Posts, Each Bearing Five Lights, Were Erected.

Five beautiful lamp posts now light the corner of First and Monroe streets, making it a most attractive section of the city. The improvement was made by the Waring Glove company, the posts each bearing five electric lights, being placed along the curb around their property. It is likely that others will follow the example and make the down-town district a well lighted one. The posts are exactly like those in front of the Anthony hotel at Fort Wayne. There is nothing which attracts more attention or marks better the progressiveness of a city than its lights. The Waring lights were turned on Saturday evening for the first.

BURIAL FRIDAY.

Eli Meyer is in receipt of a card bearing the meager information that the death of Mrs. Lucy Harmon occurred at her home in French township and that the burial would be held from the home of John Rich Friday, the 17th. She was thirty-five years old and no further information reached her relatives here.

MALONE RECOVERING.

Engineer P. H. Malone, one of the victims of the Pennsylvania flyer wreck at Swinney park August 13th, is now making good progress toward recovery and is able to get about the house without the use of crutches very comfortably. He is at his home on South Calhoun street, Fort Wayne.

GROWING GRADUALLY WEAKER.

Mrs. M. L. Holloway Dangerously Ill With Bright's Disease.

Word was received this morning by Mrs. C. J. Weaver from Mrs. Bertha Winch at Branson, Mo., is that her mother, Dr. Marie L. Holloway, late of this city, who has been dangerously ill for some time, is growing weaker and can survive but a short while. She is suffering from Bright's disease, and is at the point where she is unconscious the greater part of the time. Mr. Winch is just recovering from an abscess of the leg, and can only walk with the aid of crutches at this time, and a daughter is also ill.

CLOVER LEAF RUN.

Friday Was a Record Breaker For the Railroad.

Engineer Frank M. Holland holds the record among the Clover Leaf engineers for a fast run made between Frankfort and Delphos, a distance of 134 miles. Mr. Holland, with engine No. 163, made the trip Friday, in less than five hours. A delay of fifty minutes is also recorded, and the actual time was four hours and ten minutes. This is the fastest time that has been made on the run between this city and Delphos in several years.

CARD OF THANKS.

We desire to express our thanks to our neighbors and many friends who so kindly assisted us in the last sickness, death and burial of our mother, Martha Ann Vail, and for the floral tributes, also to the ladies' quartet, which rendered beautiful and appropriate music, the ministers for their words of comfort and cheer, and the press for their kindness shown.

THE CHILDREN.

Mrs. Buechner returned this afternoon to Fort Wayne after a visit here.

Daniel Cook was a business visitor at the C. Grim home in Root township this afternoon.

Father Wilken and his sisters, Mesdames Toley and Burns, went to Fort Wayne this afternoon.

Miss Fay Fritzinger, daughter of Mr. and Mrs. Bob Fritzinger of east of the city, returned home after a week's visit with her grandparents, Mr. and Mrs. E. Fritzinger, of this city.

INTERURBAN CARS DELAYED.

Saturday Night—Nearly Blown From Track in Fort Wayne.

The local interurban cars were delayed Saturday night, the last car reaching here at 2:30 o'clock. The delay was caused by crippling of the Ft. Wayne city service in the breaking of the wires transmitting the current to them from the power house at Anderson. While the local car was held up in Fort Wayne the tail-end of the cyclone struck the city, and in the high wind the car was nearly overturned. The 10 o'clock car into the city Sunday night was also delayed by the grounding of the current near Stop 31½ in the north part of the city when a telephone wire crossed the interurban wire.

ALL IN READINESS.

The first of the special services preparatory to the quarterly meeting will be held at the Methodist church Tuesday night at 7:30. The Rev. C. Claude Travis of Fort Wayne will preach. Mr. Travis is an eloquent and forceful speaker.
