## 75000 Guaranteed FORDS

FORD'S Guarantee is backed by millions, and better yet by years of accomplishment.

It's not 90 days, nor a year, nor any other time.

When your car runs right, and all goes right, a guarantee is useless. When your car stops, is when you need a guarantee. Then is when you always find the FORD MOTOR CO. ready to extend a hand. Such is their GUARANTEE.

If the car wasn't right, millions couldn't make the guarantee on such enormous output goods, aside from DOUBLING each previous years output.

150,000 Fords will be running by the end of 1912, all one Model, T, and all made good.

And 75000 GUARANTEED FORDS for 1912
