

SOMETIMES its good deal easier to fit a man's foot than his mind; and if we don't do both, he isn't satisfied, and if he isn't we're not, and---money back; which leaves us both just where we were before. You see, we know this before you come; long before; so we get shoes from the best manufacturers, manufacturers who not only make good shoes, stylish shoes but who make shoes that fit; you know there is a difference; you've probably tried both kind. Now its up to you; we won't urge you to buy and if you do buy something that don't suit--- your money back as cheerfully as we took it.

Postmaster W. A. Lower has received the semi-annual bulletin from the Postal Savings department, calling to notice the fact that depositors may exchange their deposits for U. S. bonds in denomination of \$20, \$100 and \$500 bearing interest from January 1, 1913, at 2½ per cent per annum exempt from taxes. Application for purchase must be made by December 1. These purchases may be made semi-annually. None of the Dec- after depositors have taken advantage of this however, but as the local postal savings bank is but little over a year in age, this is not considered extraordinary.
