COMMITTEE CALL.

The members of the Democratic Central committee of Adams county are hereby notified to meet at the democratic headquarters in the city of Decatur, Indiana, at 10 o'clock, a. m., on

Saturday, February 14, 1914, at which time, pursuant to a call from the state central committee delegates will be selected to the democratic state convention to be held at Indianapolis March 19, and to the congressional convention to be held at Bluffton March 23. Other business will also be attended to. Under the apportionment Adams county is entitled to nineteen delegates and nineteen alternates for each convention. All democrats and all who wish to co-operate with the party are invited to attend the meeting.

J. W. BOSSE,

Chairman.

The cold weather is a little hard on the coal pile, but you can stop worrying about your ice for next summer.

Talk about your hand-picked delegates to a convention, you should have seen the process worked at the meeting of the republican county convention this morning.

Bob Tucker, in his Sunday letter to the Enquirer, says that the democrats will have another walk-away in Indiana this year. He attended the meeting of democratic editors a few days ago and his letter showed the enthusiasm and spirit of that occasion.

At the democratic banquet last Thursday evening, W. H. O'Brien, state auditor, gave a splendid talk, showing the true condition of finances in Indiana. The talk complete is to be published this week in all the democratic papers of the state and should be read by every one who wishes to know the real condition of affairs in our state.

Banker Henry Clews, in his weekly letter, bows a graceful acknowledgement, albeit a somewhat belated one, to the fact that President Wilson, thus far in his executive career, has made no mistakes in judgment and has shown himself a statesman of the constructive, rather than the destructive type, facts that have been patent to the masses for some time. Mr. Clews sees under the Wilson and Marshall administration the brightest prospects for a business revival and waxes decidedly optimistic in his weekly discussion of trade and finance.—Fort Wayne Journal-Gazette.

Speaker Clark told a Christian Endeavor mass meeting Sunday that the world is getting better every day. He said the reason many people took a gloomy view of the times was because the telegraph enabled the newspapers nowadays to chronicle the crimes

and disasters of all the world within a few hours. The speaker declared that nothing made him madder than to hear people say that public men of the present day were corrupt. The people's representatives in Washington, he said, were "honest, conscientious servants." Ninety-nine per cent of the men sent to congress, he added, leave poorer than they came, although they could acquire fortunes by stooping to dishonesty. Discussing the hardships resulting from having several struggling churches in a single small town, Mr. Clark said he hoped some day to see his own church, the Christian, or Campbellite, and the Baptist, one great denomination. Their beliefs, he said, were near enough the same to warrant them in joining hands.

CHURCH BURNED

Large Frame Methodist Church at Willshire is Burned to Ground.

AT 9:30 O'CLOCK

This Morning--Supposed to Have Originated from Defective Wiring.

At 9:30 o'clock this morning the large frame Methodist church building at Willshire, Ohio, burned to the ground. When first noticed the entire front of the church was afire and it is supposed that it caught from defective electric wires, for the reason that it started from the belfry, at which place the wires converge.

All of the contents of the building were gotten out except the stove. The loss is about \$3,000, with \$800 insurance. The funeral of Dr. Shaffner was to have been held at the church this afternoon, but was then changed to the Baptist church.

The congregation had expected to build a church in the near future, but on account of the destruction of the old building, the construction of the new one will begin as soon as possible.

The rugs were taken from the large hall, the library and other rooms and the floors waxed, making an ideal place for the dances.
