Entered at the postoffice in Decatur, Indiana, as second class matter.

Governor Ralston has issued a proclamation fixing February 23 as a legal holiday in Indiana, celebrating Washington's birthday which comes this year on Sunday. He asks a careful and thoughtful observance of the day.

It was with real pleasure that the many friends of the Hon. Charles Edwards of Huntington learned this morning that Governor Ralston had named that splendid and well qualified gentleman as the successor of Frank Payne, who recently resigned from the Public Service Commission. Mr. Edwards is a banker and business man and the fact that men of every party from his home city endorse him is proof that he is the right kind. We feel that the governor has again demonstrated his wisdom and good judgment in this selection.

ARTIST COLE'S GOOD WORK.

Some Unique and Original Advertising Stunts.

Artist Cole of the junior class, is doing some very good original advertising for the juniors' class play, "What Happened to Jones," which will be given Tuesday, February 24, at the opera house. The advertisements are of the nature of cartoons, illustrative of the catchy, little phrases, pertaining to the play, and are displayed in downtown windows.

SALT'S FINE FOR ACHING KIDNEYS.

We Eat Too Much Meat Which Clogs Kidneys. Then the Back Hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need flushing occasionally. Else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble. The Holt-house Drug Co.

GREAT BILL AT LYRIC TODAY.

A big feature Kay-Bee picture entitled "The Pitfall," comedy Keystone, "Fatty's Flirtations" and a scenic picture entitled "Protecting San Francisco from Fire," will make up the program at the Lyric today. "Fatty's Flirtation" is a scream from start to finish and during the action of the film the entire comedy police force of the Keystone company is put into action. "Protecting San Francisco from Fire" shows the fire fighting apparatus employed in the Golden Gate city. One of the scenes shows the fire-fighting boat in action, which is a wonderful piece of photography. The two-reel feature picture is "The Pitfall," written by Wm. H. Clifford, and tells a wonderful story of stage life. The manager engages a young girl for personal reasons and intends luring her to her ruin. In a series of exciting scenes the older girl, already his victim, contrives to save Hazel. The characters are all splendidly played by an all-star cast. Every day the Lyric will run a splendid feature film picture and are positively the best there is in moving pictures. For Friday the management will offer the children's ideal story, "Jack and the Bean-Steak." Matinees are given daily and are largely attended by ladies and children.

NOTICE TO FARMERS.

As there seems to be some mistaken idea concerning the selling of milk and cream, because of a city ordinance now in effect in Decatur, we wish to announce that we have taken the matter up with the proper authorities and they assure us that this ordinance does not apply to the selling of milk or cream for the purpose of being used for the manufacture of butter. Therefore, in selling your cream to us, you are in no way violating the city ordinance or in any way making yourself liable in any way. We feel sufficiently interested in this matter to absolutely guarantee that these facts are true.

Since the parish debt was cleared at the close of last year the Cathedral members, trustees and Rev. Quinlan have been discussing the building of the new school hall. The building fund is now started and over fifty per cent of the required amount will be obtained before the close of this year, according to those in charge. The trustees of the parish and Rev.
