It will aid you financially and will help you by helping the community.

The Wells-Fargo Express Company probably does not believe that the bottom has fallen out of the express business. The United States company has decided to liquidate, but all the other companies are doing business; furthermore, they are going to take up the work which the one company has abandoned. Announcement is made by the Wells-Fargo people that they will, on July 1, assume the express business of the Baltimore & Ohio, the Chicago & Eastern Illinois and the St. Louis & San Francisco systems. This will give it entrance into a vast new territory. On the Baltimore & Ohio railroad are the cities of Philadelphia, Baltimore and Washington.—Indianapolis News.

Out on the farm the problem of getting desirable help in planting and garnering crops is perplexing and discouraging as the servant problem in the city. In fact, we are inclined to believe that the farm help problem has few equals when it comes to knocking things out of plumb in general.

eral. Certain it is that we city folk do not fully understand the difficulties encountered by farmers and farmers' wives in the matter of hiring help. It is frequently an easy task to hire men to work on the farm. The proposition of reasonable wages, free board and laundering appeals forcibly to farm laborers. The greatest difficulty is in getting competent and reliable farm help such as the farmer can depend on and hold throughout the busy season. The majority of so-called farm hands are migratory. They are at home where ever their hats are off. They "hire out" today and become deserters tomorrow. We have this type of individual in all lines of business and professions, it is true, but the number of drifting and aimless farm hands is appalling.—Evansville Courier.

THE MUMMA ROAD

Must be Properly Finished at Once or Contract Will be Forfeited.

DITCH IS ORDERED

McKean Drain, Largest In County is Ordered With-out a Remonstrance.

The John Mumma road east of the city which has caused much dissension among those who travel that thoroughfare came up before the board of commissioners today. J. S. Bowers and a number of others signed a petition that the road be resold but it was finally not presented, though the men who signed it propose to see that something is done with the road and at once. The board ordered the auditor to notify Julius Haugh and his bondsmen to appear at once and show cause why the contract should not be forfeited. They did so and on promise that work to put the road in good shape will begin week after next were given the opportunity. The road has not been accepted or paid for and will not be until it is built properly.

Yellow Creek ditch known now as the John W. McKean ditch and said to be the largest drain improvement ever petitioned in the county, was this morning ordered constructed, without a remonstrance being filed. It is a big job and Engineer Macklin and those who assisted him are to be congratulated. Mr. Macklin was named superintendent and ordered to advertise for bids and to include an Indianapolis paper.

The Ezra Reber et al drain was also ordered constructed. Mr. Macklin was appointed superintendent and ordered to advertise for bids for construction of same.

J. W. Lower resigned as superintendent of the John A. Mumma road in Root township and D. K. Shackley was appointed in his place.

The monthly report of County Treasurer Archbold was filed and approved.

On departing the invaders left the window open. A warning is issued that the offense should not be repeated, as precautions have been taken to safe guard the place and any one caught trespassing, will be dealt with severely.

Mrs. Lewton and two daughters are still in New York City, where they went several months ago with the young Italian to whom Miss Edna was to have been married. She is but sixteen years of age, and twice papers have been sent here by parties in New York, for information relative to her age. It is not known for what purpose this was done, but it is thought it may have been necessary in the securing of the marriage license.

It is said that Mrs. Lewton has written friends here that she never expects to return here although her mother, it is said, sent her money recently to return home.
