HOGS COMPLETELY CURED

"After having four of my hogs drop dead in one day and two the next day and with the balance of my 67 head showing all indications of being infected with hog cholera, I secured a bucket of infected with hog cholera, I secured a bucket of Hog Cholera Tonic of The Republic Stock Food Co. and after giving the tonic according to directions within a few days all traces of the cholera had disappeared. Upon making an investigation I found the livers of the dead hogs completely covered with yellow spots. I most heartily recommend the Hog Cholera Tonic to be everything it is represented by the manufacturer".
