GERMAN CAVALRY ARE NOW ATTACKING COAST

Are Endeavoring A Forward Movement To The Straits Of Dover Within Forty Miles Of Boulogne

DEFEAT RUSSIANS

Austrians Victorious Over Six Infantry Divisions and One Cossack.

PROTEST IS LODGED

Action of Japanese in Seizing Chinese Railroads Causes This Action.

Berlin, Oct. 12.—(Special to Daily Democrat)—The German war office today issued the following statement:—The general staff reports that a strong garrison defended Antwerp at first against the enemy and then fled in full retreat before an attack of German infantry and marine divisions. Among the garrison was a British marine brigade. The complete breakdown of the Anglo-Belgian troops were shown by the fact that not a military authority could be found to surrender the city and the capitulation was negotiated with the burgomaster. Our forces have taken many prisoners but the number is not yet available. Many of the residents fled into Holland but have returned to Belgium soil. General Von Dessler has been honored with the "order Pour-La-Merite" for the capture of the city. From Vienna we have received reports that in the face of heavy destruction the Russians have given up the attack of taking besieged fortress of Przemyśl. The Austrian army has defeated six divisions of Russians near Lancut and routed one Cossack division east of Nymao. The Japanese have occupied the Shantung railroad—the Chinese state railroad—built and operated by Germans; China has raised a protest. An Italian newspaper reports revolting atrocities by the French-Senegalais troops. The German press emphasizes an article on the late King Carol of Roumania, the political ability, statesmanship and military leadership of the dead ruler. The news polytyken declares that Japan's action in the Pacific in occupying the German islands, to be strained, as it has no military connection with the attack on Kiaow Chau. The Morning Post stated that during the bombardment of Antwerp, the Germans most carefully spared the churches and museums.

The Vienna report of the defeat of the Russian forces at Lancut is at a variance with the Russian report of constant success. It indicates that the German army has advanced sixty miles east of Tarnow while the Russian war office statements have heretofore located the fighting line there.

London, Oct. 12.—(Special to Daily Democrat)—News that the greater part of the Belgian troops that defended Antwerp have arrived safely at Ostend, avoiding by a forced march, the Germans' encircling movement, was received here with great satisfaction. It is accepted, however, that the last 8,000 British and Belgian troops, the rear of the retreating Antwerp army, were cut off and entered Holland territory, where they will be interned.

Paris, Oct. 12.—(Special to Daily Democrat)—Today's official three o'clock bulletin told of the attack by the Germans' west line to sweep forward on the French coast to the Straits of Dover. It characterized the situation as good and said that the vigorous cavalry engagements continued in the region of LaBasse, Estres and Hazebrouck. The statement says

that a German attack between Lassigny and Roye was repulsed and that the French forces' movement continued along the center. From the extreme right wing the French troops repulsed a night attack north of St. Die.

Announcements of cavalry engagements as far west as Hazebrouck are significant. The German assaults have always been heralded by the advance of Uhlans in force. Hazebrouck is forty miles from Boulogne.

A BAD COLLISION

Fred Braun Automobile Collides With Elias Sudduth Horse and Buggy

AT FIVE CORNERS

Accident Occurred About 6 O'clock Last Evening--Sudduth Badly Bruised.

While driving across South Second street at Five Corners last evening at 6 o'clock, Elias Sudduth and son, Ted, had the misfortune of being run into by the automobile belonging to and being driven by Fred Braun of the Braun & Son Trucking company, with the result that the front wheel of the buggy was smashed, the shafts twisted off and Mr. Sudduth securing several bad bruises and sprains. According to Mr. Sudduth's version of the accident he was driving east on Adams street and was crossing Second street when the automobile appeared, coming north off of Mercer avenue without lights on. Mr. Sudduth stated that he endeavored to throw his horse around so that the machine would miss him, but the distance between the two vehicles was so short that the automobile hit the buggy on the right front wheel. Mr. Sudduth was thrown from the buggy and fell on the radiator of the automobile. He managed to secure a hold on the water pipe and with his feet dragging under the axle of the front wheels of the machine was carried with the buggy for a distance of fifteen or twenty yards. The force of the collision killed the engine of the automobile but did not damage it in any way. Mr. Sudduth's horse fortunately escaped any serious injury but was scratched up and bruised in several places. The noise of the compact could be heard for a considerable distance and within a few seconds a large number of people had gathered about the scene. The buggy, practically a new one, was so badly broken and strained that it will necessitate a considerable expenditure to repair it.

REV. WEHMEYER TO REMAIN.

Rev. Wehmeyer, for five years pastor of the Decatur Zion's Lutheran church, will remain here. He had received a call to Kilmanah, Michigan, which is near Lake Huron, but the climatic conditions of that part of the state would not be conducive to his health. The congregation here would have been loath to have released him as the action taken yesterday showed.

THE BIG DOG

Appeared as a Champion for Littler One Which Ran at Dr. Neptune.

"Bingo," the large dog belonging to E. H. Shoemaker, is a champion of its little brothers and when there is any "kickin' of my dog around" he is there to take its part. This Dr. J. Q. Neptune learned to his sorrow this morning.

Doc was on his way up town and just as he passed the Myers home, the little Quinn dog, "Troubles," ran out and up to him barking and nipping. Mr. Neptune turned to chase him away, and kicked out toward him. Suddenly, Bingo, the big Shoemaker dog, appeared on the scene and passing Dr. Neptune, lunged forward and grabbed his leg in his mouth. The dog's teeth made three incisions and Dr. Neptune went to a physician and got the wounds cauterized.

SIGNAL SUCCESS

Were Rally Day Services at the Evangelical Church Sunday.

FRIENDLY CONTEST

Between Classes--Mrs. Jacob Tester and Miss Hoffman's Classes Lead.

The "Rally Day" services yesterday at the Evangelical church were a signal success.

The attendance was good. In the morning several special songs and class exercises assisted in the program. The real climax came when the different classes gave their reports. There was a lively and friendly contest as to which class would receive the banner. The Beginners' class, numbering forty-nine, taught by Mrs. Jacob Tester and Hope Hokman, surprised all when they reported an offering of \$24.62. Next came the class of H. C. Fuhrman, with \$21.60. All of the classes did remarkably well, making a total of \$138.79. This caused great rejoicing in the Sunday school.

At 7:00 p. m. Rev. C. E. Boyer of Fort Wayne gave a very helpful address on, "Winning the Child."

The songs by the choir and the reading by Cleo Roop aided in making the evening service a befitting close. It was a good day.

EXTENSIVE REMODELING

The L. W. Frank home on Monroe street is being handsomely remodeled. The house is being raised for a three-block foundation. A fine large cement block porch will be built, a bath room made and equipped and the interior arrangement of the rooms changed. A coat of paint will finish the exterior. The old barn is torn down and a new one will take its place. It will probably be near the holidays before the work is finally finished.

YES IT'S COMING

Cheery Little Christmas Stickers With Santa's Latest Pictures

TO BE ON SALE

Earlier This Year Than Ever--Watch For Their Arrival

It's coming! Cheery little Christmas stickers bearing the latest picture of Santa Claus and the insignia of the American National Red Cross will be on sale earlier this year than ever before according to an announcement made today from state headquarters, 203 Public Savings Bldg., 147 E. Market St., Indianapolis.

Organization of local committees in every city and town in Indiana already is under way. In communities where an active anti-tuberculosis society exists, it will be made the local agent under an unusually liberal commission contract which will enable it to spend practically the entire amount received in local work against the "white plague." Arrangements were completed recently by which clubs connected with the Indiana Federation of Clubs will handle the seals in communities where no active anti-tuberculosis society exists.

Ninety percent of all funds received through the sale of seals this year will remain in Indiana. The other ten percent will be sent to the American Red Cross to pay for the printing of the seals and advertising matter used in connection with the campaign. The surplus of ten percent is used in a national educational propaganda which tends to arouse the nation to the need for preventive measures. That the money spent in Indiana from the proceeds of the 1913 Red Cross seal campaign is bringing results is shown by the action of several counties which recently provided for local appropriations to be used in combating tuberculosis.

Every man, woman and child in Indiana will be urged to provide for an unusually liberal expenditure for the seals this year. "Put a Red Cross seal on every package or letter you mail in December" will be the slogan sent out. Organizations and individuals desiring to assist in the campaign are urged to notify headquarters 203 Public Savings Bldg., Indianapolis.

INVITATION TO PUBLIC

A special invitation is extended to the public and everybody to attend the Columbus Day celebration at the K. of C. hall tonight. Judge R. K. Erwin of the Indiana Supreme court will deliver an address and a number of fine music selections will be rendered after which a smoker will be given. Come up everybody and enjoy yourself. The lodge wants every person present.

Earl Hoagland, of the Mills grocery, who was operated upon seventeen days ago for appendicitis, is recovering nicely and is able to sit up.

MARRIAGE A DEAL

In Which Neither Party Uses Good Judgment Says Strickland Gillilan.

MARRIAGE DECK

Contains Many Jokers--Gameness Makes Others Believe It's Happy

Strickland Gillilan, the humorist, who appeared at the Decatur Chautauqua recently, cuts off a yard or two of jokes on "Marriage" in his column in the Indianapolis Star when he says:

Marriage is a duel in which neither party uses good judgment.

People who are calm enough to use good judgment at the time are in no condition to be married.

Some folk marry young and blindly, and others kid themselves into thinking that because they marry later in life they are doing it blindly.

Turn over and wake up, you! The marriage deck contains more jokers than any other.

We know a good many bachelors who are such because they haven't found a girl they thought was near enough perfect.

But if the average bachelor found a girl as nearly perfect as he is W. J. Burnside for she wouldn't look at him twice.

Marriage is very bad for the health. We have known many a young person able to gallop around till 13 or 14 o'clock every night in the week, until married, and then it was a desperate undertaking to go anywhere two nights in seven.

The girl who was so healthy she was a perfect hoyden, before marriage tells her husband, immediately after, what a physical wreck she has been for fourteen years.

She also tells him how much her foot hurt her the night he insisted that she go for a straw ride.

Before marriage everything the man buys for his best girl is exactly right. Afterward, in the case of most couples, it just exactly isn't.

The young man is sure, before marriage, that he isn't good enough for her.

Afterward he will still believe it, but he will temper the thought with the reflection that he's much worse than he thought he was.

It is only a short time after the lullum, te-da-da-da-da of the Mendelssohn thing ceases disturbing the atmosphere until each one knows what sort of person the other really wanted instead.

But most people get along and keep their marriage troubles to themselves.

Gameness is the real cause of most of the rumors that they are living happily ever after.

This may sound cynical to some folk, but the number of marriage licenses will not be reduced by it a particle.

At least we hope not.

"THE GIRL AND THE THAMP"

A great many traveling theatrical companies have fallen into the habit of refusing to use their special scenery when playing small cities where the stage accommodations are limited. But when Geo. L. Barton, producer of the laughing comedy success, "The Girl and the Tramp," turned the show over to the company manager, he gave him strict orders to use all scenery whenever the company played.

The directing manager is so exacting on this point that he has the local theater-manager in each city report to the home office if instructions have been fulfilled. If this order has been violated in the smallest detail, the party responsible receives a reprimand in the way of a heavy fine that is not soon forgotten. So our local theatergoers may look forward to a full and complete scenic production when "The Girl and the Tramp" comes to the Bosse Opera House tonight.

LIBRARY BOARD.

The library board will meet this evening at 7:30 o'clock. All members should take notice.
