RECEIVED NO PROPOSAL.

Washington, D. C., April 13—(Special to Daily Democrat)—President Wilson has received no definite proposal from the pope relative to an endeavor to restore peace in Europe, he told callers today. Several persons authorized to speak for the vatican have assured him, he stated, that when the time comes for action, his holiness will gladly co-operate in any plan that may be suggested. For the present not a single concrete suggestion has reached the president to justify the belief that any of the belligerents is anxious to consider terms.

AVIATORS BOMBARD HAMBURG.

London, April 13—(Special to Daily Democrat)—French aviators bombarded Hamburg, Germany yesterday, setting fire to the barracks, according to unofficial report received here. If the London report is true the raid is without parallel in history of the war. Hamburg is 375 miles from the nearest point within the French line and the aviators might easily have been within striking distance of Berlin itself.

WILL MAKE AERIAL RAID.

Geneva, April 13—(Special to Daily Democrat)—Germany is contemplating a great aerial raid on London with two squadrons of five Zeppelins, according to Zeppelin's secretary, who was interviewed by a newspaper man. "Our air fleet now comprises 1,566 units, including nine dirigibles. By July 15 we will have sixteen new Zeppelins of the armored type capable of carrying 2 tons of explosives. When the kaiser orders the great offensive we will employ a new process that will cause the utmost perturbation."

Their contention is that the drys, who were victorious, hauled voters to the polls, a violation of the law, by which they were able to win.
