Entered at the Postoffice in Decatur, Indiana, as second-class matter.

And James Eli Watson is still running for senator even though the Fort Wayne News said he couldn't and must not. And even more, Jim Goodrich is keeping up his fight for the nomination as governor. Will Hays is noding in and the stand pat crowd are seeing that the progressives are kept out in the cold. Evidently the privilege of taking a chance at any of the plums is not to be included in the offers to the progressive. They just get to vote.

Take your hat off to President Wilson. We don't care what your politics may be, or whether you are a great admirer of the president or dislike him, you will have to admit that he is some captain of the ship. He is a wonderful president at a time when this nation is passing through the most serious crisis the world has ever known and he continues, time and time again to steer the old craft past the dangers of hurling the country into the world war. If you are a loyal American you should be a Wilson booster.

"The people of Tipton County are for the renomination and re-election of Hon. John W. Kern to the United States senate. And the echo from Tipton county can be heard in all parts of the state of Indiana. Senator Kern is as close to the people of Indiana as the sainted Thomas A. Hendricks used to be. He is able, clean and just; a champion of the rights of the common people who believes in the theory that the people should rule. In fact, John W. Kern is not afraid of the people. He believes that the people should nominate their tickets at a primary election without any ear marks whatever of bossism. During the limited time that Mr. Kern has been in the United States senate he has been delegated to the leadership of that body, being the right hand man of President Wilson, ready to aid and assist the president in any way possible to bring

about just and needed legislation. Senator Kern has taken a leading part in bringing about the primary election laws; the present tariff laws; the federal reserve act, or the new banking and currency laws which have made panics immune and transferred the money power from Wall street to Washington. The common people of Indiana are fortunate to have such a sturdy defender in the United States senate as John W. Kern and they are proud of his action and the record made. John W. Kern should have, and perhaps will get a unanimous nomination for United States senator, as he deserves to have, as he is a man in whom the people have absolute confidence who can rally around him much enthusiasm. John W. Kern was born at Alto, near the Tipton county line, made his first speech in Tipton county and has never failed to make a speech in Tipton county each campaign since his first introduction into politics, having started at the age of 20."—The Tipton Times.

(United Press Service)

This sums up the report to congress made public today by Chairman Frank Walsh of the now extinct federal industrial relations commission. It comprises the personal findings of Walsh.

A SUDDEN DEATH

Mrs. Henry Barkley Residing South of City Passed Away This Noon

DEATH WAS CAUSED

By Sudden Attack of Apoplexy—Suffered Stroke While Working

After complaining of feeling ill and sitting down in a chair to rest, Mrs. Henry Barkley, residing one and one half miles southwest of the city passed away shortly after eleven o'clock this morning, death being due to a stroke of apoplexy. Mrs. Barkley had been doing the housework and after finishing that had gone into the barn lot and was engaged in milking the cows when the attack came upon her. She managed to get into the house however and sitting down in a chair before passing away. Although the deceased had suffered slight attacks of the trouble at former periods they were not of a severe enough nature to cause any alarm and her death was sudden and unexpected to the relatives and friends.

Mrs. Barkley's maiden name was Carolyn Whittenberger. She was born in Van Wert county in 1861 and was the daughter of Mr. and Mrs. Joseph Whittenberger. She spent her younger life at her birth place and in the year 1880 was united in marriage to Henry Barkley. After their marriage the couple moved to Adams county and have made this their home since then. The deceased is survived by the husband and two children, Mary Agnes and Glen Emerson. Five other children have preceded their mother in death. In the parental family there were eleven children. Previous to the death of Mrs. Barkley, nine of them had passed away and Mrs. Barkley and one brother were the only two survivors. No funeral arrangements have been made at present.

ENGLISH MINERS MAY STRIKE

(United Press Service)
London, Aug. 28.—(Special to Daily Democrat)—The situation became more grave this afternoon when the miners strike gave evidence of spreading to the English mines. First intimations that the English may join their Welsh brothers in a walkout that would tie up England's munition plants, came when the Northumberland miners at a meeting this afternoon voted unanimously to seek an early meeting with the owners. The speakers claim that substantial advances in wages are due the men from the recent arbitration. Officials were apprehensive.

BLOW UP POWDER PLANT

(United Press Service)
Gary, Aug. 28.—(Special to Daily Democrat)—Police trailing a claw they hoped would bring them to a solution of the murder of Edmund Kayser, Lutheran minister and pro-German propagandist, today unearthed a conspiracy to blow up the great plant of the Etna powder company here. Otto Kraemer, employee of the powder plant, told them he was approached by two strangers who spoke with an accent and offered \$1,500 to blow up the gun cotton shed where more than twenty tons of the explosive was stored. Most of it is for shipment to the allies.

for him to return to Huntington. Immediately upon reaching here he took to bed and a physician was summoned. Until about one week ago his condition was not regarded as particularly serious, and his ultimate recovery was confidently expected, but for the last six days he has gradually failed. The attending physician holds out little or no hopes for his recovery. Callers are no longer permitted to the sick room.

During the past summer at the lake Mr. Butler made it a point to see that all of his family spent a portion of their time with him. While pleased to meet his friends, yet his whole thought seemed to be to spend as much time as possible with his family.

Robert A. Butler of Indianapolis was at the bedside this week and Hugh Butler has been notified as to his father's condition and is expected to arrive at an early date.

There is probably not a citizen of Huntington county who will not regret exceedingly to learn of the serious condition of Thad Butler.—Huntington Press.

ITCHING ECZEMA IS DRIED RIGHT UP WITH SULPHUR

Use like cold cream to subdue irritation and clear the skin.

Any breaking out or irritation on the face, arms, legs and body when accompanied by itching, or when the skin is dry and feverish, can be readily overcome by applying a little bold-sulphur, says a noted dermatologist.

He informs us that bold-sulphur instantly allays the angry itching and irritation, and soothes and heals the Eczema right up leaving the skin clear and smooth. Bold-sulphur has occupied a secure position for many years in the treatment of cutaneous disorders because of its parasite-destroying property. Nothing has ever been found to take its place in treating the irritable and inflammatory skin affections. While not always establishing a permanent cure it never fails to subdue the itching irritation and drive the Eczema away and it is often years later before any eruption again appears.

Those troubled should obtain from any druggist an ounce of bold-sulphur, which is applied to the affected parts in the form of cream as an ordinary cold cream. It is fast, unobtrusive and the prompt relief afforded, particularly in itching Eczema, is very welcome.

Gary, Aug. 28.—(Special to Daily Democrat)—Gary police early today arrested Lucas Hauptmann, who they say, wrote threatening letters to Rev. HOOSIER HISTORY IN TABLOID

The issue in the election of the first delegate to congress from Indiana in 1809 was that of slavery. Jonathan Kennings, Indiana's first governor was elected over Thomas Randolph who was pro-slavery. The slavery men carried on the agitation further, attempting to force the State slavery provision being adopted.
