## THE MARCH OF PROSPERITY

Solid business is moving ahead with clear vision—the fog of depression has disappeared.

The change has not been slow. Many honest, fair-minded Bankers, Manufacturers and Commercial Men who have felt depression keenly, can scarcely believe that "hard times" are over.

But prosperity—permanent prosperity—is already here, and prospects for greater prosperity are very bright.

Most of our business friends agree with us that the months and years before Decatur will be months and years of prosperity.

## Paxtine

A Soluble Antiseptic Powder to be dissolved in water as needed For Douches

In the local treatment of woman's ills, such as leucorrhoea and inflammation, hot douches of Paxtine are very efficacious. No woman who has ever used medicated douches will fail to appreciate the clean and healthy condition Paxtine produces and the prompt relief from soreness and discomfort which follows its use. This is because Paxtine possesses superior cleansing, disinfecting and healing properties.

For ten years, the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been relieved say it is "worth its weight in gold." At drug stores, \$60. large box or by mail. Sample free. The Paxton Toilet Co., Boston, Mass.

## True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products, and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."

"But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the real calomel of mercury known in the past. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentinal tablets, which may be procured from any druggist—a dime's final will do—bring about a revelation to any constipated, liver-troubled person."

## Chief Cause of Pimples, Blotches, Sallow Skin

(Messenger of Health.)

Unslightly eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a sluggish liver, a constipated bowel—and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which can never have natural, permanent results. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick. It is an old formula, long recognized by the medical profession, which has been put in tablet form, and at small cost the need now be deprived of its wonderful benefits.

"Sentinal tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize that it is nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Sentinal tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

## Great Demand for New Constipation Remedy

They say that the advent of the "sentinal tablet" as vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a particularly strong appeal to those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives.

Sentinal tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the "cathartic habit." Also, instead of injuring the membrane of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their inexpensiveness is another reason for the popularity of sentinal tablets. One need procure only a dime's worth, and take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Druggists Review.
