DR. BURNHAM'S SAN-YAK
Acts as a Living Antiseptic in the Stomach and Intestines.

San-Yak prevents self poisoning, that serious illness from which so many persons of sedentary habits and advanced age suffer.

San-Yak prevents clogging of the colon and caecum; hence its great value in destroying germs from undigested animal food which are a factor in the true cause of poisonous decompositions of the bowels, causing appendicitis, rheumatism, typhoid, dysentery and arterio sclerosis or hardened arteries.

Heart trouble is developed through self poisoning from the kidneys and bowels. To maintain health all such poisoning must be checked, and you can do so with the use of San-Yak.

Take San-Yak; it is the greatest medicine yet known for man, woman or child. \$1.00 per bottle.

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."

"But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the calomel of olden times. There is no habit-forming constituent in 'sentinel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentinel tablets, which may be procured from any druggist—a dime's worth will do the trick—lead one to feel more constipated, liver-troubled person."

Chief Cause of Pimples, Blisters, Sallow Skin

(Messenger of Health.)

Unightly eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a sluggish liver, a constipated bowel—and a polluted blood stream as a consequence. How foolish people are to resort to outward applications, which can never have natural, permanent results. If most people only knew it, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick acting. It is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits.

"Sentinel tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Sentinel tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

Great Demand for New Constipation Remedy

They say that the advent of the "sentinel tablet" as a vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a hit particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives. Sentinel tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the "habit-forming" habit. Also, instead of inducing the morbidness of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their ineffectiveness is another reason for the popularity of sentinel tablets. One need procure only a dime's worth, and make one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Druggists Review.
