### The greatest enemy of your teeth

When scientists recently discovered the cause of that dread disease, pyorrhea, they discovered the greatest enemy of your teeth. Why yours? Because the germ that causes this disease inhabits every human mouth!

Your dentist will tell you that half of all the permanent teeth lost are lost from this disease. This is because people have not realized before that everyone should take precautions against this enemy. You can start now to ward off its constant attack and escape the terrible results of this disease by using the proper corrective and preventive treatment in your daily toilet.

To meet the need for this treatment and to enable everyone to take precautions against this disease, a prominent dentist has put his own prescription before

the public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Sentinel Remedies Co., 302 Union Central Bldg., Cincinnati, Ohio.

### GOOD RESOLUTIONS

"I do solemnly promise myself that the close of this year finds me on the road to real success."

These words generally express the sentiment of the New Year.

The splendid INTENTION becomes real achievement with many who take the.
