Glass of Hot Water
Before Breakfast
a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

EAT LESS MEAT
IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Entire meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get out four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Shall a Radical Serve On Supreme Court Bench?

No appointment to the United States Supreme Court could have created a greater sensation or caused more talk than has President Wilson's appointment of Louis Dembitz Brandeis.

From ocean to ocean there has been a flood of editorial comment both for and against his confirmation by the Senate. In THE LITERARY DIGEST for February 12th, all shades of public opinion as shown through the newspaper press are concentrated in a most illuminating article which presents all of the objections urged against Mr. Brandeis and also evidences of the favor which his appointment finds in many quarters.

Other features of importance in this number of "The Digest" include:

THE REPRESENTATIVE OF EVERY PARTY

THE DIGEST serves impartially, as the representative of all parties. The convictions of the Presidential Administration, the views of its opponents; the contentions of the Allies and of the Teutons; the man who is a partizan on any of the vital questions of the day will find his side fairly represented—and undecided will have a complete case, in all its phases, laid before him. When his decision is made, it must be intelligent and equitable. Of course, you want this kind of a news-magazine. There is only one—THE LITERARY DIGEST. Every number is important.
