

## WATCH US GROW!

Have you seen the above heading? If you have you will remember that it was at "DEEDLE'S" place as it has been his motto, and a very appropriate one, as it means nothing else but "PROGRESS," because in this stage of life you can't expect to increase your business unless you are progressive, in which we think he is a Booster.

If you are asked: Where would you sooner do your trading, at a place where they believe in new ways, new methods, in short, in progress; or to trade where they are contented to do business like grandfather used to do? you naturally would say: "Why, certainly, where they believe in progress. But; why not? Grandfather's ways were all right in his time, but not now. He didn't have buggies, automobiles, threshing machines, binders, hay loaders, no not even good pikes, nor telephones, and least of all, a huckster wagon. No; but later they managed to progress enough to at least get buggies and fairly good roads, and also the old fashioned huckster wagon which at that time was a great improvement, but now things have changed some more. The old grandfather of those good old times is now riding around in a nice, easy-riding automobile, he is seeing his son and reaping his crops with the most up-to-date implements and even has lived to also find an improvement in the old-fashioned huckster wagon. He no longer need be contented with having the huckster tell him: "I'm sorry, but I'm clear out of your favorite brand of coffee (or whatever it may be). I put on quite a bit of it this morning when I started out, but now it's all gone." Neither is he running chances of receiving something that had been on the wagon for a few weeks, or a month, or more, which was often the case. He knows that when he telephones in his wants to LAWRENCE LINNEMEIER, PREBLE, INDIANA, phone No. 10, the day before he makes his route with his delivery automobile past his place, he will receive just what he orders—his favorite brand of everything in the line of GROCERIES, MEATS and DRY GOODS. Also he is sure of receiving the fresh goods right out of the box. That's the place to do your trading, that's where they believe in progress. It was a big success last year and with a few more improved methods it will undoubtedly be a far bigger success this year.

Not only has he improved the old-fashioned huckster wagon, however, but he also is willing to share his profits with his customers by allowing a 5 per cent discount on everything they buy from him for cash (for produce, which is the same to him as cash). He is also no fanatic in the anti-Sears-Roebuck league. He says, they're in business the same as I am, and as this is a free country they have a right to be in business and people have a right to buy from them; he likes to see every one satisfied. He says he'd sooner have people to buy elsewhere and come into his place satisfied to buy from him and go out dissatisfied. Therefore, he says he loves competition. If we had no competition no one would be satisfied. And furthermore what's the use to "KNOCK" your fellow merchant. He may be near, or in Chicago; as every knock is a boost and he wishes to knock on himself inasmuch as he says: it's impossible for me to satisfy everybody, nor do I claim to do so, but I intend to do my part in satisfying all I can. Thanking his old customers for past favors and in advance both old and new customers for future favors.

We would also deem it advisable for you to wait until you see him before promising your summer's trade to any one else, as he intends to see you all in the near future when he will gladly explain anything regarding his new methods. He therefore invites everyone to come and see his motto, "WATCH US GROW" become loyal to itself.—Advt.

## FOUR WEEKS IN HOSPITAL

Mrs. Brown Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains.

A friend who is a nurse said for me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. BROWN, 1109 Auburn Avenue, Cleveland, Ohio.

## SKEPTICAL UNTIL SHE TOOK TANLAC

Mrs. Orville Clapp Says She Was Surprised When She Began Improving Rapidly.

Marion, Ind., Mar. 2.—Mrs. Orville Clapp, a well known Marion woman, said recently, after she had experienced a great improvement through the use of Tanlac, the Master Medicine:

"I feel so much better I hardly can believe it is true. I was very skeptical about so-called 'patent' medicines before I began taking Tanlac and never was more surprised than when I began improving so rapidly.

"I have been in poor health for some time with catarrh and stomach trouble and was in a generally run down condition. I breathed with great difficulty, had a poor appetite, and was restless at night.

"I notice a great improvement since taking Tanlac. I enjoy my food as I did when I was a child and I have a ravenous appetite. The catarrh has been relieved and I now sleep soundly through the night. Tanlac has made me feel like a different woman and I certainly can recommend it."

Thousands of Indiana people have been relieved by Tanlac, the Master Medicine, referred to by Mrs. Clapp. It is especially beneficial for stomach, kidney and liver troubles, nervousness, rheumatism and is a general tonic for weak, run down people: Tanlac is sold exclusively in Decatur at the Smith, Yager & Falk drug store.—Advt.
