Hear Vice President Thomas R. Marshall on the political issues of the hour here Monday, September 18.

Monday, September 18, is Marshall day in Decatur. On that date the vice president of the United States will be here and will open the campaign. As this is the only speech in the district, it will attract much attention and should be an event of much interest.

The reception given him throughout that portion of the Twelfth district into which he has so far carried his campaign has proved highly gratifying to Hon. John A. M. Adair, democratic candidate for governor, and that he has made a deep impression on the public mind in this part of the state is everywhere evident. That, however, is just as true in southern Indiana as in the northern part of the state. Wherever he goes, large crowds greet him and serious attention is commanded by his speeches. Congressman Adair is making it clear on every hand that he ought to be Indiana's next governor and he will be. That is fairly settled.—Fort Wayne Journal-Gazette.

Yes, taxes are high, and so are the demands of the people for improvements. It is interesting to listen to the conversations in the commissioners' room these interesting days. One delegation will be asking for a reduction of appropriations and taxes while at their elbow stands another crowd demanding with great energy, that additional improvements be made. Which is right? It is an assured fact that we cannot have the improvements unless we pay for them and if we pay for them we have but one way to raise the money and that is by taxes. These truths should be remembered by those on each side of the question, which after all amounts to this—we should get what we pay for and we should not want more than we can afford to pay for.

Mr. Roosevelt comes to the bat in the Maine election campaign. He, like Mr. Hughes, hurls epithets at President Wilson accusing him of words and not deeds. In the face of these "knocks" the United States statutes and our diplomatic documents will tell you by record that more important and beneficial deeds have been performed and consummated during the Wilson administration than during all the administrations since the days of Abraham Lincoln, including that of Mr. Roosevelt himself. However, in explanation it

may be added that deeds according to the republican opposition this year do not count unless somebody gets shot. Embroiling the United States in war with some nation is the only deed worth while, according to modern standpatters. The democratic party refuses to accept this horrible doctrine. War should be a last resort only.—Washington Democrat.

RESOLUTIONS IN MEMORIAM.

To the Officers and Comrades of Sam Henry Post, No. 63, G. A. R.:

Your committee on resolution of condolence in memory of our deceased comrade, John T. Coots, who departed this life on Saturday evening, September 2, respectfully submit the following:

Resolved, That it is with sad hearts that we record the death of our comrade who first enlisted in Company E, Ninety-ninth Ohio Volunteer Infantry, was transferred to Company I, Fifteenth Ohio Volunteer Infantry, and was discharged at the close of the war, having served nearly four years in the service of his country during the civil war.

He had many noble traits of character. He was kind and considerate to those about him and always ready and willing to do a favor whenever possible.

Resolved, That we as a Post, extend our sincere sympathy to the widow and children and surviving relatives, of our deceased comrade, and that these resolutions be spread of record and a copy be sent to the widow and a copy furnished each of our city papers with request for publication.

Respectfully submitted,

T. W. MALLONEE,
DAN A. KITSON,
J. D. HALE,
Committee.

IN MEMORIAM.

Again we have been called upon to lament the departure of a friend and brother. John Limenstoll, a member of St. Mary's Lodge, No. 167, I. O. O. F., has been called to rest. We mourn his early departure. He was a true and faithful Odd Fellow, a worthy citizen and a kind and indulgent husband and father. He will be missed by his brethren, but vastly more by his sorely bereaved wife and children. We do, therefore, extend to them our heartfelt sympathy and condolence and with them we entertain a lively hope of meeting him again when our time, too, has come to go hence.

WASH The Blood

Aching and enfeebled muscles should remind you of the slowness of tissue repair. Eruptions of the skin and catarrh of the mucous membranes show diminished nerve power in the tissues.

In health or disease there is need of an internal bath. This is best obtained by drinking a glass of pure water with one or two teaspoonsfuls of San Yak 30 to 60 minutes before breakfast, washing the blood. This passes quickly from the stomach and stimulates the bowels to increased peristalsis, overcoming constipation and its attendant ills. It is quickly absorbed and entering the blood stream bathes the cells of the liver and heart, then passes to the brain and washes out the cobwebs and awakens to new life every cell in the body.

San-Yak dilutes theropy secretions and dissolves all abnormal crystalline substances that may be in the blood and urine. San-Yak greatly promotes elimination, creates downward peristalsis, stimulates a flow of digestive juices. It dissolves the sticky mucus in the mouth and throat, allowing the membranes to be bathed in their natural secretions. San-Yak is the greatest medium of exchange in the body, by enabling the kidneys to absorb and eliminate alkaline sulphates which are the products of intestinal decomposition and in renal weakness of the real cause of Bright's disease.

Swelling under the eyes, grayish white or waxy color of the skin denotes granular disease of the kidneys.

Mrs. F. E. Hildebrand, 389 Cottage avenue, Wabash, Indiana.

Gentlemen:—

The doctors said I had Bright's disease, and high blood pressure of 136. I was sick and dizzy, stiff and clumsy in my muscles. I was so weak I could scarcely walk. My daughter heard of SAN-YAK, and sent me a bottle and before the first bottle was gone I was feeling fine. SAN-YAK has cured me and for the benefit of others you are welcome to use this letter.

Mrs. J. B. Taylor, of Kendallville, says:

I had bad stomach and liver trouble for years. I was dizzy, sick and so weak I could scarcely walk. I was clumsy by swollen limbs. Since taking SAN-YAK I am feeling fine. I am 70 years old and can walk a mile with any of the young folks. Before I took SAN-YAK if I went anywhere I could scarcely walk. My daughter heard of SAN-YAK and sent me a bottle and before the first bottle was gone I was feeling fine. SAN-YAK has cured me and for the benefit of others you are welcome to use this letter.

One teaspoonful in a glass of water half hour before breakfast, beats all antisepsics and tonic for the stomach, bowels and kidneys. I have tried all kinds.

Jim Wiggins, Angola, Ind. Says: "The first benefit I realized from the use of San-Yak, was that I could breathe through my nose freely, the first time in ten years. I was greatly troubled with weakness of the kidneys and bladder, and I could not rest well at night. The San-Yak has relieved me of such distress. Our daughter, Miss Bertha Schultz, used San-Yak to cure a breaking out on the face and it has proven very efficient.

We could tell you of others in Decatur and Adams county.
