BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

FROM CAMP SHELBY

Well Satisfied—Asks Everybody to Aid Y. M. C. A.
Its Great.

Camp Shelby, Oct. 28, 1917

J. H. Heller,
Decatur, Ind.
Dear John:

When I left Decatur I promised I would write you a line, and although I am slow in getting to it, I will perhaps some day have written all my friends back home, but I assure you the task is no small one as I have found out.

To relate in detail my first twenty-three days of soldier life would require the space of a small volume but I will in as brief a manner as possible relate a few incidents of interest to you.

If one admits fall brings beautiful leaves and landscape pictures in Adams county, he must confess it is doubly true of the hills in the southern part of the state and in Kentucky.

Our trip to Camp Taylor was full of interest and our banner, "Berlin or Bust," stayed with us through the entire trip. We arrived at about 8 p. m. at the camp and were immediately given our supper and assigned to our companies. I landed in Co. 67 of the 17th Battalion.

Lieut. R. M. Blackburn met me in the evening and we talked together some. But that was the last I saw him until a couple days before we were transferred south.

We had good officers at Camp Taylor and I was beginning to like my infantry drill. Our work was hard but interesting.

One week ago last Thursday we received orders that nearly the entire 159th Depot Brigade would be transferred to Camp Shelby. At first I disliked the idea but as I had never traveled a great deal I knew the trip would be a wonderful experience for me so, as much as possible, I forgot the folks that I was leaving nearly a thousand miles behind and tried to enjoy the trip on south.

We left Thursday and after traveling for thirty hours we arrived at Camp Shelby. We arrived here also at night. To say the least, my first impression of this place was somewhat expressed in the words of another of our bunch who declared upon arriving that if he owned Camp Shelby and Hell, he would rent the camp and move to Hell, but the longer I stay here, John, the better I like it, until now, I have grown into it so much that after only eight days it seems in a measure "like home."

I thought I now know for good that there is possibly "No place like home." You will think it strange when I tell you I nearly froze the first evening I was here. It was the coldest night they have had here and we slept without straw ticks and all of the new men were very cold. The weather here is peculiar in that the nights are very cool and the days very warm.

Mississippi is not much of a state, however, to my notion as there are nothing here but pine trees and hills of ground that will raise nothing but dust.

Our back yard is worth 500 acres of land around here, except for the timber. I was here five days before I saw a bird and after leaving Kentucky I saw hogs only twice on the entire trip. So you see there is not much doing in the farming line.

I saw my first cotton on this trip but there is hardly any corn raised down here.

The last 80 miles we traveled on the Mississippi Central and it is "some road." We made the trip in four hours and a half. Horses and cows run loose on the right-of-way as there are no fences and they roam about with no danger as almost any cow could out run any passenger train on that road.

I am now in the Y. M. C. A. and I am here to tell you that the work of this organization is unrivaled in importance in the way of making things comfortable for the boys in khaki.

For their benefit I wish you would do all you can in the "Democrat" to influence those who are able to help the Y. M. C. A. appeals as they go out asking for assistance to operate and maintain these and other Y. M. C. A. over this and foreign countries.

I was fortunate in being transferred from the infantry to the Signal Corps down here. I like the work here and believe I will prove myself in this line, at least I hope so.

I like to hear from my acquaint-

ances back in Adams county so I trust you will remember me and write. I am getting so far behind in general news of the country that I will not feel at home when I return.

Hoping to hear from you soon, I am always

Very truly yours,
PRIVATE EARL D. CONNER
Co. C, 113 Field Signal Batt., Camp Shelby, Miss.

LIKES CAMP LIFE

Can Walk Up to Orange
Tree and Eat All He
Wants.

The following letter from Bernie Ulman has been received by his sister, Miss Lena Ulman:

Camp Shelby, Oct. 24

Dear Sister:—
Received your letter yesterday and I thought that I would try and answer it. This leaves me well as usual only I have a bad cold. A fellow can't get anything to cure it down here. They only have three kinds of medicine at the hospital and that is salts, castor oil and iodine.

I was down to Gulf Port last Saturday and Sunday and believe me we had some time. I think it is pretty nice when a fellow can walk up to an orange tree and eat all the oranges, like I used to eat apples when I was at home. We were there over night and me and another fellow rented a room at a hotel. We went to bed out could not sleep, the bed was too soft so we took the covers and piled out on the floor, then we went to sleep and did not get up till about ten o'clock the next morning.

One of the officers told us the other day that if the war lasted sixteen more weeks we would be in France and if it ended in that time we would be at home. It does not make much difference to me how it goes for if I think the way I do now when I get out I am going to join the navy. I like this camp life better every day. We have wood floors and sive walls, a stove and electric lights in our tent and it seems to me very much home-like. We have eight fellows in our tent. It is 16 by 16. I think as much of most of them as I do of my brother. Co. A and B are united as one. It is called Battery A and when they joined I was separated from the fellows that were in my tent ever since I left Decatur and I hated to leave them as much as I hated to leave home.

This is some land down here. The only thing that grows on it is cotton and pine trees. That is all a fellow can see.

I wish you would send me a bed blanket. It gets awfully cold down here at night. Send something good, for I will be looking for it in about a week.

I weigh 159 pounds, the most I ever weighed in my life. Well, I will close hoping to hear from you soon.

Well so long,

BUN.

FOR A CORN-PEELING
PICNIC, USE "GETS-IT."
Pain Eases at Once, Corn Just Dies!

Do your corn-peeling easily, with a smile—the banana-peel way. That's the "Gets-It" way—the only way your corn or callus comes off complete as though it were glad to get off.

"Gets-It" has cured more corns than all other remedies combined. It's as sure as the sunrise, and as safe as water. Used by millions. Don't take a chance with your feet, you can't afford to experiment with unknown mixtures when you know "Gets-It" never fails.

"Gets-It" will remove any corn or callus. Wear those new, stylish shoes or pumps if you want to, go ahead and dance. Demand "Gets-It"—there substitutes back on the counter! 25c is all you need pay at any drug store, or it will be sent direct by E. Lawrence & Co., Chicago, Illinois.

Sold in Decatur and recommended as the world's best corn remedy by Smith, Yager & Falk, Callow & Kohne and The Holthouse Drug Co.

CALLED MEETING.

There will be a called meeting of the Decatur Woman's Franchise League Thursday evening at 7:00 at the library. All members of the league and all others interested in woman's suffrage are requested to be present. Business of importance will be gone over.

PRESIDENT,
Franchise League.

ALWAYS THE CHOICE WHERE NO CHANCES ARE TO BE TAKEN

War time is no time for trifling. No time for experimenting. The best of Army and Navy equipment is demanded—the best of men to man it—and finally the best, most nutritious foods for those men.

CALUMET BAKING POWDER

bears the distinction of being selected for Army and Navy use. Because of its dependability—its absolute certainty of producing pure, wholesome bakings. It is sure. It is safe—that's why it has won Uncle Sam's selection—why it should win yours—and will if you will but give it a trial.

CHRISTMAS BUYING

Will start early this year. It will be necessary to send many articles to the ones absent from home. We make an extra effort to relieve you of all packing, by preparing each gift ready for Post or Express Office, done in a neat gift box that will cheer the heart of the recipient.

Our Christmas gifts are arriving daily and we will soon have them ready for your inspection and approval. We also urge an early selection as some of our lines have a demand that far exceeds the supply and it will be impossible to duplicate them.

Our prices will please you, and our QUALITY is always the best.
