SENATORS

DON'T KNOW:

Replying to Senator Hittcock's speech assailing the conduct of the war, Senator Williams of Mississippi turned to his Nebraska colleague and said: "What do you know about running this war? You know less than I do, and I know nothing."

Senator Williams' question is timely and pertinent. What do these self-constructed critics know about running the war? They conducted an investigation for a few weeks which was devoted mainly to taking the testimony of disappointed contractors, and then, without consultation with the president, with the secretary of war, with the secretary of the navy, with the chief of staff or of any other responsible party of the United States government, they suddenly presented a bill that wrecks the existing war machinery of the United States, deposes the president, reduces the members of the cabinet to the status of clerks and vests the conduct of the war in "three distinguished citizens of demonstrated ability."

It is apparent from the speeches of senators who are defending the measure that unless they are willfully deceiving the public they have never read their own bill and are as ignorant of its contents as they are of the general conduct of the war.—New Castle Times.

Clean the walks. A half hour's work at noon will make the sidewalk look better and so much easier for the pedestrian. It may save some one a broken leg or arm. We have slipped along over icy pavements long enough and right now is the time to clean up.

We call your attention to the article in this paper relative to your income tax. It may be worth your time to read this carefully for it's

—again we talk of Spring-time!
And—it's with even more of the spirit of anticipation than last year—for we've more to show you than we expected!

quite possible that you will have to file a report, though you may not have to pay anything. Anyway it won't hurt any to be posted on this very important law.

You are either for or against the government. You should be for it; from the bottom of your shoes to the crown of your hat for if this country loses this war you lose everything. It can't be any other way so no difference how you have felt heretofore you should right now get behind your government for all you are worth and in every way. To do anything else is to work against yourself and your loved ones.

The ordinary person can afford to buy a twenty-five cent Thrift stamp every day and ought to do it. It pays compound interest and in five years you get it all back. In the meantime you have helped your government and you have started a saving plan that may be of untold benefit to you and the children in years to come. We are making a special effort this week to interest you in Thrift Stamps. Go to your postmaster and get complete details and then start at once buying Thrifts. It's a great plan for you as well as for your government.

The government needs men to help build ships and they are asking that men in almost every line of trade volunteer for this work. It is just as necessary as to enlist in the army and men who do this will be placed in the deferred draft list. The ship yards need not a stream of restless apathetic shirkers but a band of enthusiastic, earnest workers, as eager to serve their country as the men who go to the trenches, need men who will rival each other to drive rivets, realizing that each rivet is a nail for the great cause of winning the war. Men should enlist in this ship building service right now.

TO STOP THE HURT

We cannot prevent the little kindnesses and selfishnesses of others from hurting, but by promptly applying the antiseptic of common sense, we can prevent them from rankling and poisoning. Because my neighbor has treated me in a manner of which he has reason to be ashamed, why should I double the injury by irritation and brooding? Let it end where it began—with the deer.—Exchange.

When Miss Veronica Anker returned from the young people's meeting at church last evening she was agreeably surprised to find the girls of her Campfire organization present. They spent a delightful evening. The birthday supper served by Mrs. A. M. Anker was much enjoyed. The birthday cake was prettily patriotic for from its top waved fourteen silken American flags. At each place was a card bearing the name of the celebrant, the dates of the first and present years "1904-1918," the cards being tied with crossed-logs, the campfire symbol.

The Evangelical Ladies' Aid society will meet with Mrs. L. L. Baumgartner Thursday afternoon at 2:30. This will be the first meeting of the year and it is urged that every member be there.

The Young People's Association of the Evangelical church will meet at the home of Mrs. Charlie Hocker at 7:30 tomorrow evening. Every member should be present.

The following is the program for the Woman's Christian Temperance Union meeting Tuesday afternoon at 2 o'clock at the home of Mrs. S. D. Beavers, of which Mrs. John Schug is leader and to which all the members and their friends are cordially invited: Song; devotionals, Mrs. F. F.

Thornburg; offering and social period. Associate hostesses are Mrs. J. C. Hanna and Mrs. Jesse Cole.

Mr. and Mrs. Harley Mosure, of Bluffton, were guests of their parents, Mr. and Mrs. John Mosure, of First street over Sunday.

Mrs. John S. Peterson will entertain the Mite society Friday afternoon.

The Royal Neighbors will have installation of officers next Thursday night. A good time has been planned and all members are urged to attend.

Mrs. Joe Johnson, of Monroe, will be sixty-three years of age Wednesday and the event will be celebrated with a family reunion at the home, when all of the children will be present. Mrs. Johnson has been in failing health for some time, but is able to sit up a part of the time. The children, whose presence will make the event a most pleasant one, are: Ross and Chester, of Gary; Sylvester, of Farmland; Walton and Mrs. C. E. Hocker, of this city.

The Catholic Culture club will meet tonight with Miss Georgia Meibers.

The Reformed Ladies' Aid society will meet Wednesday afternoon with Mrs. Fred K. Schaefer, 117 North Fifth street.

The Pocahontas Needle and Knitting club will be entertained at the G. C. Steele home Friday evening by Mrs. Steele, Mrs. Henry Thomas, Mrs. Joe Cloud. The affair will be a Valentine social. The club is in unity with the food conservation plan, so only "Hooverized" refreshments will be served.

A lovely Valentine party of Saturday evening was given by Miss Vera Clark at the home of her parents, Dr. and Mrs. D. D. Clark when she entertained ten couples of Fort Wayne friends. Festoons of hearts and cupid and arrow-pierced hearts decorated the home and the Valentine symbols were also carried out in the supper that followed the games of "bunco." Both games and supper took place at five little tables. At the supper, the place cards were adorned with hearts and cupid, and the shades of the candles were Valentine affairs. Prizes at games were taken by Gerald Holstein and Esther Diester. The guests were Grace and Esther Herman, Margaret McCarthy, Agnes Getz, Esther Diester, Marjorie Costello, Ethel Zimmerman, Margaret Huntine, Edith Kochs, "Jule" Doriet, Frank Shannon, Howard Weikert, Fredrick Ferguson, Frank Goetz, Herb Berg, Edwin Stahl, Gerald Holstein, Frank Pagler, John Clark.

Mr. and Mrs. A. J. Bobay, Mr. and Mrs. J. Harkentier and son, Joe, of Fort Wayne; Mrs. E. J. Bolay, of Columbus, O.; returned to their several homes today, after a visit with their daughter and sister, Mrs. Will Klepper who gave a pleasant surprise last evening for her birthday anniversary. Social amusements and a birthday luncheon were enjoyed. Guests from here were Mr. and Mrs. E. F. Gass, Mr. and Mrs. M. F. Harris, J. O. Fisher and children; Miss Murphy, Mr. and Mrs. Ralph Amrine, Dr. and Mrs. D. D. Clark.

No Offensive For Two Weeks

was characterized by the Cologne Volks Zeitung as remarkably gratifying.

(United Press Service)
Copenhagen, Feb. 11—(Special to Daily Democrat)—Three-fourths of Finland is now in the hands of the anti-bolshevik forces, it was announced from headquarters of the White Guard today.

"The bolshevik red guard, however, is still strong and is fighting harder than was expected," it was admitted.

(United Press Service)

With the American Army in France, Feb. 10—(Delayed)—(Special to Daily Democrat)—An American sergeant, with a boche bullet in his chest today possessed the only intimate knowledge of how a United States patrol, was ambushed in No Man's Land on Friday evening with the loss of five killed and four missing.

The sergeant is the only survivor of the patrol. He is in a critical condition and until he recovers the story of the encounter can not be told.

The enemy, it is known, suffered some losses, as there are indications that the patrol fought fiercely before it was wiped out. The American artillery also laid down a heavy barrage behind the Germans, through which they had to pass in returning to their trenches.

London, Feb. 11—(Special to Daily Democrat)—A successful raid on German positions southeast of Messines by the Austrians was reported today by Field Marshal Haig.

In addition to inflicting other casualties, the Austrians brought back 28 prisoners.

In the Merckem sector, a Belgian patrol Saturday night successfully attempted a hostile post, killing the entire German garrison and capturing a machine gun.

(By Carl D. Groat, United Press staff correspondent.)

Washington, Feb. 11—(Special to Daily Democrat)—The peace pact signed between Germany and the rich grain country—Ukraine—makes the situation of Rumania, already under severe German pressure, the most critical of the war. That the Kaiser sees the hope of clearing away the "Near East" danger gained through diplomacy, or forcing by arms, a separate peace with the Balkan powers, is indicated by developments of the last few days.

Since the outbreak of the war the greatest German worry has been in the Balkans, where the "backbone" of the German alliance was constantly menaced.

With Rumania now virtually forced to a separate peace by her complete subjection to German danger on all fronts the whole situation as regards Greece, Serbia and Italy becomes increasingly dangerous.

Austro-German, Bulgarian and Turkish troops will be released in large numbers for other fronts. A drive on the Saloniki front may be expected as the next German move if Rumania is forced to yield.

Greece, already demoralized by German intrigue, according to official cables received here, former Premier Venizelos might, it is feared, break from the allies under the strain.

Indianapolis, Feb. 11—(Special to Daily Democrat)—Joseph L. McKee of Indiana Harbor is the only Indiana man who was abroad the torpedoed transport Tuscania who had not been accounted for in war department dispatches today. He was a member of the 218 aero squadron. The following have been reported saved since Saturday:

Ray D. Orebaugh, Indianapolis.
Archie McCracken, New Albany.
Grover J. Rademaker, Marion.
Lawrence C. Bell, Georgetown.
Clement E. Eckstein, Jasper.
Frank L. Czeszczek, South Bend.
Frank W. Pearson, Moreland.
Charles A. Campbell, Dubois.

JUNIOR RED CROSS DRIVE

The Junior Red Cross drive begins today and it is expected that they finish with a complete record. Children that are members of the senior Red Cross will be transferred in membership to the Junior Red Cross, by bringing their receipt forms of membership. Children that are unable to pay the membership fee of twenty-five cents may become members by pledging so much service. It is desired that every child in the city be a member.

TO MILLINERY CONVENTION

Miss Genevieve Bremerkamp and Miss Georgia Meibers of the Deining Millinery store will leave Wednesday morning for Chicago to attend a millinery convention of the Fisk hat company. The new styles for spring will be shown and a study made of them.

Big Offensive Is Last Card

(Continued from Page One)
the masses to a point where they will support unprecedented losses in a terrific attempt to drive through the Franco-British lines.

The other is the people's party, unorganized, but to which 90 per cent of the population at heart belong.

They oppose another big offensive and call for conciliation and peace—claiming even the capture of Paris and Calais, were this possible, would not end the war but would, on the contrary, prolong it.

Dr. Dornburg, among others, is of this view.

The war party says peace can only be secured by fighting. They promise early peace if the people will follow them.

Thus, the offensive being prepared by Hindenberg and Ludendorff is positively Germany's last card. And only on the promise that it will bring immediate peace do the people agree that it be played.

The French of Verdun and the British of Ypres hold the trump card.

Behind them, America has a fresh hand.

I repeat—the Centrals must have peace soon, one way or another, or the masses will force the government's hand.

It's up to France, Great Britain and the United States.

OFFICIAL NOTICE TO ALL GROCERS IN ADAMS COUNTY.

While I am in personal touch with all grocers in Decatur, those outside have to depend mostly on the press for their information. While I desire to give the widest publicity to all food control regulations, I cannot accept the responsibility to serve notice upon every one. Rather it becomes the duty of each citizen to inform himself of the facts as they may relate to his business or personal conduct. The following rulings are official, and must be followed by all:

Flour Sales—No wheat flour shall be sold, unless at the same time an equal amount by weight of substitutes are sold. Rye flour by recent ruling is held not to be a substitute for wheat flour. It may however be sold by itself without a substitute. Whole wheat and grain flour, is not a complete substitute, but it may be sold in proportion, of one pound of whole wheat or graham flour, to six-tenths of a pound of the usual substitute.

Flour Sale by Millers—Millers and others retailing wheat flour shall sell on the same basis as retail grocers. Millers who sell wheat flour, without an equal weight of substitute is a violation of the law and if the facts are proven will be deprived of their license. Flour contracted for last fall must be distributed in the quantities and with the substitutes required under the rule.

Profits on Flour—Wholesalers in flour shall not take more than fifty cents per barrel profit. Retailers shall not take more than eighty cents to \$1.20 a barrel profit. Flour shall be sold in broken packages for not more than one cent a pound profit and the flour substitutes shall be sold at a reasonable profit over the actual purchase price.

In enforcing the fifty-fifty rule you must not extend the limit to anyone. As the supply of substitutes run short limit more closely the sale of flour. If the grocer has an insufficient quantity of substitutes to equal flour sales in 1/8 barrel quantities, limit the sale to ten pounds or even five pounds to a customer.

There still seems to be a belief that the food regulations does not apply to the farmer, but nothing is farther from the truth. The man who has a full pork barrel or wheat bin should obey the law as faithfully as the flat dweller, and any violation of the food regulation is just as disloyal an act in country as in the city.

Now remember that only our denial will save our soldiers, our allies and ourselves from a bread famine before another harvest, and I would further say that no patriotic American will try to avoid the above regulations.
