### Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning itching eczema quickly by applying a little zemo furnished by any druggist for 25c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, itching, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. ### LIBERTY LOAN DRIVE

Captains and Lieutenants Are Announced Here-with.

Mrs. F. F. Thornburg, chairman of the woman's third liberty loan drive for the city of Decatur, announces herewith her captains and lieutenants for the city, and also issues the following call to women:

"A call comes to the women to serve our country and in a way we perhaps didn't dream a few months ago. It is not enough that we give our sons, or that our hearts are touched to see our neighbor's sons and daughters go to risk their lives on the battle field for us, but that should only strengthen our purpose to provide the government with money to make it more possible for them to win.

"Many of our women are stepping out bravely and are going to do their best to inspire Decatur to see the opportunities and duties of the times. So that when the boys come home we can say 'we did what we could.'"

"We are not asked to give this money but while we are helping our country we are putting it where it is not only safe, but where it will increase. Let us get into line in this march and keep step to the music, greeting the women with a smile and pledging them some Liberty Bonds."

"Following are the captains and lieutenants who will soon begin the drive:
