"Probably the greatest field of opportunity in China is the work with women. Any nation that fails to give to women equal opportunities for education and service with men handicaps itself when compared with the nations that do," says Julean Arnold, United States commercial attaché at Peking. "China will never be able to take a place alongside of the nations of the west until her women are educated and trained to serve intelligently as mothers and coworkers in Chinese society. As has been the experience in the west, woman will not achieve the place to which she is entitled until she herself is able to demand it, despite the fact that the nation will be bettered by her elevation to that position. The call for women of character and vision, women prepared to become factors in constructive work in China, is one which offers to missionary institutions exceptional opportunities."

In the motion picture presentation of "Baby Mine," Margaret Mayo's delightful comedy, in which Madge Kennedy makes her debut as a Goldwyn star, there has been attained a distinctive effect in the lighting and costuming. The artists of the Goldwyn studios who made the designs and worked out the details for this effect call it the "balance of light and shade." The spectator will be but dimly conscious of it, because it was not intended that it should make a striking appeal to him. The object was to harmonize the surroundings with the mood and spirit of the play. In "Baby Mine" Miss Kennedy plays the part of a thoughtless, ingenious bride whose harmless deceptions are constantly getting her into difficulties. It is a play of youth filled with the spirit of youth. Accordingly, the scenic settings and lighting effects were designed to convey a spirit of airy brightness. The idea was developed by Hugo Ballin, Everett Shinn and John Stuart Robertson, who supplied the atmosphere for the production. The costumes for Miss Kennedy and those of her supporting cast were selected to harmonize with the settings, so that everything about the production would be in keeping. Miss Kennedy is seen in light, fluffy frocks in complete harmony with the fittings of the apartment in which most of the action takes place. Rex Theatre Wednesday.

### INCREASE IN CAR SHORTAGE

Terre Haute, May 6.—There was an increase in the shortage of cars to Indiana coal mines last week, bringing about a loss in tonnage of 157,793 in comparison with a loss of 114,215 for the preceding week. The total number of tons hoisted by Indiana mines last week was 527,309, according to reports to the district representative of the federal fuel administration.

In spite of the more pronounced car shortage, however, the per cent of time actually worked by the mines was 67.76 in comparison with 65.61 during the previous week. The total number of operating hours lost last week on account of car shortage was 1520.51; on account of labor trouble, 268.50 and on account of mine disability, 812.57.

### Decatur Man Loses Hundreds of Dollars.

"I am sorry I did not hear of Mayr's Wonderful Remedy a few years ago, as it would have saved me several hundred dollars. Five years I suffered from indigestion and severe bloating. I grew worse all the time. My doctor, said an operation would be all that could save me. I took a course of Mayr's Wonderful Remedy instead and for the past year have been entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Holthouse Drug Co. advt

### SUIT NEW BUT HOLE IN SHOE

Bad Teeth Like Bad Shoes Spoil Fine Dress and Good Looks

PEOPLE NEGLIGENT IN CARE OF MOUTH

Senreco Tooth Paste Powerful To Save the Teeth and Prevent Diseases

"All dressed up with a hole in his shoe," was a bit of sarcasm a girl flung at a young man friend whose attire was new except his punctured shoes. Right enough, too. Either to man or woman a shabby pair of shoes would spoil the appearance of the most elegant garments ever worn.

What about the teeth? Dress in all the finery you please, if you open your mouth exposing a decayed set of teeth your attractiveness ends right there. That's a hole in the shoe for you. This applies both to men and women. Girls, and young men, you lose half the admiration which would be directed toward you if you have bad teeth. You can't be pleasing with a mouthful of decay. You can't be healthy either. The condition of the teeth have a telling influence on other organs of the body. Bad teeth affect the intestines, stomach, heart, and even the eyes. Medical science shows that bad teeth produce unhealthy conditions all over the body.

With Senreco Tooth Paste at your service—a scientifically prepared preventive of Pyorrhea—there's no need of fearing a prey to these diseases. No need of having a mouthful of decayed teeth. Used regularly on a set of good teeth the deadly germs have little chance to enter. If they should enter they can't exist long under its thorough cleansing properties. As a cleanser and preventive of disease of the teeth it is positively reliable. Advanced cases should be treated by a dentist.

Use Senreco Tooth Paste as a preventive. Ask your dentist if you should not pay all attention to your teeth. Of course we won't say our Tooth Paste will cure Pyorrhea. If you already have it, your dentist is the doctor. Even if you are afflicted with his terrible disease Senreco Tooth Paste will help you to get rid of it, with his dentist's assistance. But we don't want you to contract any ailment of the mouth and teeth, nor does your dental doctor.

A preventive is far better than to have to go through the trials of a cure. Save your teeth by Senreco Tooth Paste and the probability is that you won't have to deal with foul and painful diseases. By taking excellent care of your teeth you may save stomach, intestinal, heart and eye troubles. Take all precaution to keep the teeth clean and do it with Senreco Tooth Paste, the latest discovery of dental science. Sample of Senreco free if you wish. Senreco Tooth Paste, Cincinnati, Ohio.
