They received a letter from him dated September 9, and his sister, Mrs. Dora Fuller of Selma, Ind., received a similar letter dated September 10, telling that he had been "gassed" by Germans and sent to a hospital, but had recovered and was back on duty.

"I believe that its loss would be a national misfortune. It means much both to the manual laborer and to him who works with his brains. Men would eat a great deal more if they did not have tobacco. I hold that the deprivation of it would work a great discomfort."

refreshment stand, which will be but a very small item. The goods sold well, and many articles were donated again and sold several times. The young auctioneers did exceptionally well, and in the evening, to speed up the sale of the pumpkins and smaller articles, old-time professional auctioneers, several crying at one time, took hold. The pigs donated by the Fanner and Ahr boys sold for \$20 and \$25 and were both purchased by Mr. Fanner. He states that he will donate the pigs to a senior Red Cross auction should the same be arranged for, which is quite probable. The horse donated by the Sol Sheets boys was sold to John Andrews of Monroe for \$14.
