A WOMAN'S TESTIMONY
Mrs. Ettie Warren, a farmer's wife of Emmitsburg, Md., openly declares how she has found health through reading a newspaper advertisement of Lydia E. Pinkham's Vegetable Compound. So great is her relief after fifteen years' of suffering that she asks to have this information published.

OFFICERS AND ENLISTED MEN ON SAME FOOTING WHEN IT COMES TO TRAINING PAY

Congress Sets Minimum Allowance for Soldiers in Training.

Washington, Aug. 21.—By direct action of congress officers now receive the same pay during their course of education with the federal board for vocational education as enlisted men. Formerly the monthly compensation of the disabled man in training was equal to the amount of his monthly pay for the last month of his actual service. This was paid by the bureau of war risk insurance and the federal board made up the difference, so that he would receive not less than \$85 a month. By this method officers were paid a much larger amount than privates. The amendment to the act, which was passed in July, places the entire responsibility of training pay upon the federal board and fixes the maximum amount of \$80 a month for a man without dependents, regardless of his former army pay.

Only in cases where the amount of compensation due the man exceeds his training pay can the bureau of war risk insurance pay anything to either the man or his dependents while he is training. In a few cases of total disability the bureau is called upon to aid to the training pay.

THE RASSMANS TONIGHT

Prof. H. A. Hartman and family, of Marion, Ohio, will spend a week's visit with the Irvin Brandyberry family here. Prof. Hartman was formerly superintendent of schools in Decatur.

It seems like Em Moots hasn't happy unless she's doin' somethin' fer others. T'day she gave away a castoff pair o' canvas oxfords an' three recipes fer squash custard. Yisterday Tell Binkley asked a Indynopolis policeman th' way t' Irvin'ton, an' he said, "Keep on East Washin'ton street at much as possible."—Abe Martin in Indianapolis News.

Captain Chas. Dunn came in last evening to be here until Friday morning. Capt. is with the Motor Transport service at Camp Sherman, and bids fair to remain in the service for some time. The department has already recognized four branches of the service for its 1920 appropriation, and the transport service is one of them.

Mr. Dunn says he would like to take some enlistments for the transport service while home, the length of service being one or three years. The three-year enlistments get the advantage of a great deal of schooling.

Electricity supplied by the city plant will be wired to a point within a mile of Willshire, Ohio, according to the forecast of Harry Meshberger of the Linn Grove Light & Heating Co., who says that a meeting of farmers north of Chattanooga was held last evening and while they have not signed the contract, he believes they will do so at an early date. The line would be seven miles long, would connect at Chattanooga and would cost \$5,000.

Misses Fanny and Florence Cowan of Pleasant Mills went to Fort Wayne to spend the day with their sister, Flossie, who is in training at the Hope-Methodist hospital.

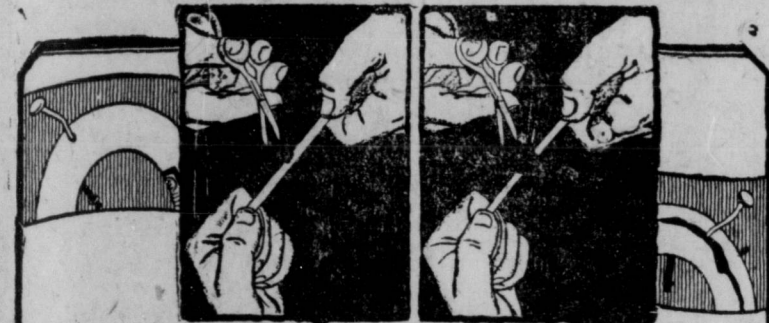

Mr. and Mrs. Mart Elzey of Orion, Illinois, are visiting with Will Worden and family.

Stretched, as in the tire, good tubes do not rip when cut. They cut but do not rip.

The slightest cut in an inferior tube—Rip! and the tube is ruined.

You Can Test the Norwalk Right Straight Through

THE scissors test shows you that the Norwalk Tube is different. It shows you that it does not rip as other tubes. The Norwalk Tube proves to you that the Norwalk Casing is your tire. The Norwalk Tube, floating stock*, both red and gray, is the highest quality tube made. The Norwalk cord or non-skid fabric with snow white sidewalls and black tread is the highest quality tire made.

The Scissors Test

Take sample piece of tube 1/4 in. by 3 in. Stretch to 9 in. or three times its original length. Cut on the edge with the scissors. The cut should not be more than 1/8 in. across! the sample. If the strip tears apart the rubber is inferior.

Norwalk products never ask acceptance on faith alone. Prove them before you buy. Take the first test now. Take the scissors.

Find out more about Norwalk tires at THE SCHAFER HDW. CO. ELBERSON SERVICE STATION WM. LINNEMEIER, Preble

They have them in stock.

*Floating stock is a standard of quality as definite as 24K gold or sterling. It means rubber so pure that it floats. File away a dated sample of Norwalk Tube and others, and compare them at the end of a year. You are going to learn a lot more about Norwalk quality. But don't wait. Start saving your mileage-money now. Ask us for a sample of Norwalk rubber.
