Overwork and worry cause kidney trouble resulting in backache, sore muscles, stiff joints, rheumatic pains, always tired feeling and other distressing symptoms. Mrs. Robert Blair, 461 S. 20th St., Terre Haute, Ind., writes: "After taking Foley Kidney Pills backache stopped and my kidneys were restored to healthy, normal action. JAPANESE OFFICIAL STARTS FIGHT ON CAR CROWDING

(United Press Service)
Tokyo—(By Mail)—As an evidence of the advance of democracy in Japan, Minister Tokomami, president of the Imperial Government Railway board, to end the overcrowding of third-class cars while first-class cars are pulled along almost empty.
This official advocates elimination of the first class altogether. The railways are able to run he says, because of the revenue from the third-class cars, and it is proposed that those who provide the bulk of the funds shall have some of the comforts. New coaches are, therefore, under construction with comfortable seats instead of the present bench-like accommodations.
