"RESURRECTION OF THE BODY"

Will Be Theme of Evangelist Renn This Evening.

As is customary on Monday evenings, the attendance at the Baptist revival last evening was not quite so large as other evenings, but a bigger attendance is expected tonight. Evangelist Renn has a good message from Acts 24:15, on "The Resurrection of the Body," and Singing Evangelist Backemeyer will conduct a special song service.

Last evening Evangelist Renn spoke on "Saul's Conversion," basing it on Acts 24:25, in part being "When I have a convenient time I will call for you." Saul's conversion, in spite of warnings and advices on the part of earthly creatures, not to heed the call, and his final triumph over right, formed the theme of the discourse, with application to the lives of today. Prof. Backemeyer sang "Somebody Cares" and "One of God's Days."

SHIPMENTS MAY BE STOPPED

(United Press Service)
Cleveland, O., Sept. 30—(Special to Daily Democrat)—Movement of coal and ore in and out of Cleveland will be completely stopped in the next 24 hours, according to officials of the Cleveland union of the international longshoremen's association today. All dock workers will be on strike by tomorrow. William Loy, president of the local, said.

More than 200 are already out. Most of the docks were reported particularly hard hit. Ships loaded with coal are unable to discharge their cargoes.

FOR MEN WHO WORK HARD

Factory workers, railroad men, farmers, miners, mill employees and all men who work at hard, straining physical labor are more or less subject to kidney trouble. Nature gives warning signals by frequent lameness, stiffness, sore muscles, backache and rheumatic pains. J. G. Wolf Green Bay, Wis., writes: "Foley Kidney Pills relieved me of a severe back ache that had bothered me for several months. A few bottles fixed me up in good shape." Sold everywhere.

RAP AT OIL INSPECTION

(United Press Service)
Indianapolis, Sept. 30—(Special to Daily Democrat)—Indiana's oil inspection system underwent a sweeping revision today.

The department of inspection passed out of existence and its duties were transferred to the food and drug department, under a law passed by the 1919 general assembly.

With the passing of the old regime, sixty inspectors scattered in districts throughout the state lost their jobs and fifteen men will handle their duties. Dr. Harry E. Barnard, food and drug commissioner, held an examination recently to select inspectors on their qualifications. The inspectors will give their entire time to the work and will draw salaries of \$125 a month and travelling expenses. The fees paid by the oil companies, which were the compensation for the district inspectors, will now be paid into the state treasury and this money will be used to pay the new force and its expenses.

CARD OF THANKS

Misses Christena and Agnes Conter wish in this way to extend their sincere thanks to all neighbors and friends for the assistance given during the illness and at the time of the death of their father, Peter Conter, and for the floral pieces and all other expressions of sympathy.

THE FARMER'S OPPORTUNITY.

Description of the method of borrowing money on farms on the government plan through the First Joint Stock Land Bank of Fort Wayne, Ind.

The idea is to loan money on farms for longer periods than is the existing practice now, as authorized under the Federal Farm Loan Act, effective July, 1916.

This law makes it possible for the farmers to make money by borrowing money. It is the intention to place money within the reach of the farmer on such terms as to convert the farm mortgage into a source of profit.

The money may be loaned you to buy land for agricultural purposes, to purchase equipment, such as teams, machinery, live stock, to provide beneficial improvements, structure, tiling, drainage, fencing, buildings, etc.

The money is loaned on the "amortization plan" which means the paying off of the indebtedness by installments of a fixed amount, throughout a period of years.

As an example—On a loan of \$1,000 payment would be \$70 a year, which payment applies upon interest and principal, paying off loan in 33 years. Upon a Ten Thousand Dollar loan, the payment each year would be \$700. Borrower may pay off part or all of loan after five years.

Loans made up to one-half of the value of the land and 20 per cent of the insurable value of the improvement.

NO COMMISSION—LOANS MADE TO BORROWER AT COST.

No restrictions are placed on the use of the money you borrow and your affairs are not subject to the scrutiny of others.

You are not worried about a renewal, not the trouble and expense of one you have no uncertainty about interest rates. You have liberal prepayment privileges after five years. You do not tie up yourself or your land.

Every payment you make reduces your principle as well as the interest, so that at the expiration of the loan the entire debt has been discharged.

Such an opportunity as this should give courage to an enterprising farmer to buy more land, to improve his farm and live stock and have the use and profits therefrom.

Want to Feel Just Right?

Take an NR Tonight

JUST TRY IT AND SEE how much better you feel in the morning. That "lazier," headachy, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

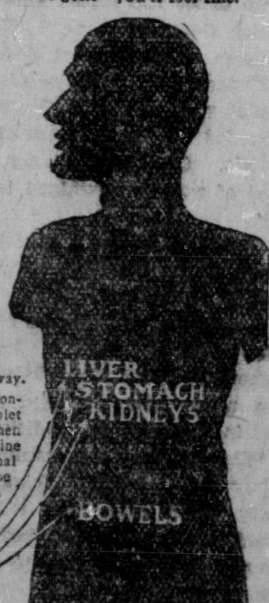

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what relief! You'll be surprised to find how much better you feel—brighter, better every way. If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best.
